EDUCATION PROGRAM

Treating Mental Illness: Let's Get It Right

Speaker

PHILIP WANG, MD, DRPH
CHIEF OF PSYCHIATRY, CHA

PHILIP WANG

**MD, DRPH, CHAIR AND CHIEF OF PSYCHIATRY, CHA,
HARVARD MEDICAL SCHOOL**

Meet the new chief of Psychiatry at Cambridge Health Alliance and hear about new opportunities to detect and intervene earlier, as well as prevent mental health conditions in the community.

Dr. Wang will address how this can be achieved by transforming Cambridge Health Alliance into a learning healthcare system, and Boston Metro North into a learning health community.

CHA's mental health staff of 172 MDs, RNs, and MSWs cover more than 100,000 patient visits per year. Adult Psychiatry's 4-year Residency Program is one of the best in the country, attracting 900 applications for 8 positions each year.
