

# ALTA

WINDOW FASHIONS

## LIGHTEN UP!

**With Our Updated Natural Woven Shades Program**

We're pleased to announce the launch of our Alta Natural Woven Shades update, effective September 17, 2018, featuring exciting new patterns and options.

### **NEW MATERIALS!**

Talk about some fresh new colors. Our brand new light-colored weaves in grays and neutrals add some striking appeal to an already spectacular program. Check out these exquisite new patterns.

3 Grass Weaves

5 Select Weaves

1 Woven Woods

## NEW REMOTELIFT MOTORIZATION OPTIONS!

You're going to love this. We now offer the **Smooove Single-Channel Wall Switch** that eliminates the need to cut into the drywall. The surface-mounted switch is battery operated. Installation is so simple and operation is even easier.

**MyLink App Control** allows shade control from a smartphone or tablet, and now, it's compatible with Amazon Alexa. Yes, Alexa, lower those shades!

**2-on-1 Headrail** is now available with RemoteLift — each panel section requires an individual motor and wand.

*NOTE: The maximum square footage for motorized shades has been revalidated based on individual material construction and weight for both RemoteLift and Rechargeable Simplicity.*

## TILE CUT-OUT HEIGHT

Tile cut-out height for bottom left and/or right corner(s) of the shade has been expanded and is now available up to 8" in height.
