

## Career Showcase

Dear Partner –

The Ottawa County Business Advisory Council (BAC) is proud to host the **10<sup>th</sup> annual Ottawa County Career Showcase!** This year's event is extra special as it marks a decade of the BAC bringing together our employers and students to provide those students with a first-hand, personal glimpse of the amazing career opportunities they can find in their own backyard!

We will once again provide students with passports that will highlight those careers related to their YouScience results to better help them engage with you about career options and pathways. When you are completing the registration form, please do not just check the boxes for the jobs you are “currently” hiring for – we would like students to have the opportunity to explore all aspects of your business.

To celebrate our 10<sup>th</sup> anniversary, we have decided to shine a spotlight on our employers with a “Connections Stage”. Whether it is through an employee's testimony, video presentation or a cool hands-on demonstration, you have center stage to highlight what you do! Space is limited, so reserve your spot today! Follow this [link](#) to reserve your spot

As an exhibitor business, the BAC asks that you showcase the various opportunities within your company through interactive activities. Examples include; donning PPE, CNC and robotics operations, chemistry experiments, proper table setting, team building exercises and equipment simulations.

In addition, if you are willing to provide job shadowing experiences to interested students, feel free to have an informational sheet for students to take with them so they can work with their career coaches to sign up!

**Event Location: Ottawa County Fairgrounds**

**7870 State Route 163, Oak Harbor, Ohio**

**Date: Wednesday, October 9, 2024**

**Time: Students begin at 9am**

*Please feel free to bring applications or information for students to apply for positions if interested.*

*Giveaways or tchotchke are not necessary for this event!*

Question? Don't hesitate to reach out to: Katherine Adams at [kadams@ocic.biz](mailto:kadams@ocic.biz) or 567-262-3302

Registration fee enclosed: \_\_\_Yes \_\_\_No

Total Cost of Registration with extra meals: \_\_\_\_\_

*Ottawa County Schools use YouScience to assess student aptitudes and interests allowing educators and students to better understand their natural talents and how they work together to develop a career pathway. These aptitudes and interests align with the 16 career clusters as recognized by the U.S. Department of Labor.*

- On the next page, you will find a list that includes the cluster and some of the careers that fall within the scope of that cluster. **We would like you to check the boxes for each of the industry clusters that you regularly hire for within your business.**
- On Showcase Day, each business will have color coding that matches the career clusters chosen.
- Student passports will be coded to match these clusters as well.
- Cluster explanations will be included on the back of the color coding for reference.
- Students must participate in meaningful engagement with you. When they do, students may receive a stamp on their passport
- Students who exhibit interest and take time to engage with you may also receive a door prize ticket. We will give these to each employer at the welcome breakfast.

### Schedule of Events

#### **Tuesday, October 8**
