

We are excited to be seeing our customers again! Here's how we plan to do it safely under the new Santa Barbara County requirements:

- **Please do not attend if you have had symptoms, or have been with others who do, in the past 14 days.**
- Desperately looking for something? Send a friend and we'll help them find it. (Hint: ask them to place a FACETIME call to you from the sale, and reverse the camera view to chat and share their live walk-through!)
- **All customers 13 years and older must wear a mask that covers the nose and mouth** (*per published May 26 SB County Medical Officer order*), from the time you arrive until you leave – preferably one that attaches behind the ears.
- **Six feet of social distancing is required**, especially when standing in line to enter and when waiting in line to check out.
- Respect personal space while shopping and packing.
- Entry may be controlled to avoid overcrowding.
- **Other suggested protocols** (similar to those in grocery stores):
 - Wash hands before arriving and after leaving.
 - Come alone, if possible.
 - Touch items only if necessary.
 - Bring hand sanitizer with you, if possible. (Shortages may prevent us from having enough for everyone.)
