

Stingers Squad

WHAT TO EXPECT

FUN, varied programming that keeps students engaged, busy, and happy. They might even beg to stay at school longer!

Teachers who are:

- Kind
- Loving
- Fun
- Respectful
- Consistent

Communication

- Photos via shared Google Album
- Monthly blog posts on stbs.org
- Upcoming event info in The Weekly Buzz
- Direct emails about important deadlines/updates

Fun **family events** throughout the school year designed to engage families and students.

Bee Buddies program where Upper School students pair with preschoolers for reading and other student-led activities.

A focus on **healthy habits and food**.

WHAT STINGERS SQUAD IS NOT

- A "TV program" where students watch TV and play on iPads (there may be an occasional movie as a special treat).
- A group of disengaged teachers who don't love children. Our teachers are here because they love kids. Many have chosen education as their long-term profession, and many are currently pursuing educational degrees.
