The Greater Hall Chamber **Beautification Committee** announces the recipient of the **2026 Residential Beautification Award**, selected from various areas of Gainesville-Hall County. Award nominations are made by neighbors and friends and selected by members of the Chamber's Beautification Committee. The home of **Nathan and Katie Crumley** at 1328 Burns Drive in Gainesville is the award recipient. Danny

Syfan of Syfan Landscape Center led the original landscape design, with installation by Living Arts Landscapes several years ago. Today, the grounds are thoughtfully maintained by Nathan, who enjoys working in the yard in his spare time, while Katie oversees the planters and smaller garden beds. Since purchasing the home in 2018, the couple has completed several house renovations and additions; however, they both agree that Syfan's landscape design has had the most transformative impact, significantly enhancing the property's overall curb appeal.
