

2023

Chisago County Career Exploration Event

It is time again to celebrate Manufacturing Month by teaching our youth about career opportunities in the manufacturing industry.

Wednesday, October 11, 2023

Mark your calendars for this interactive experience!

Last year this event was visited by over 175 students and local manufacturing businesses were able to have more engaging conversations by offering them a “hands-on” activity to demonstrate their products or how they are created.

DEED Labor Analyst, Luke Greiner, will be back again this year with the addition of a couple young presenters to connect with students that are interested in the manufacturing industry.

This event is limited to Chisago County Manufacturing businesses only.

More detailed and registration information will be emailed in the next 7 – 10 business days.

Email info@chisagocounty.org to add other contacts that would like to receive email correspondence.
