WKU INNOVATION CAMPUS
2425 NASHVILLE RD, BG KY 42101

WEDNESDAY, NOVEMBER 12
11:00 AM - 12:30 PM CST

Who Should Attend

- Manufacturers, Construction, and Utilities
- Logistics, Warehousing, and Field Service Operations
- Organizations with 100+ frontline or deskless employees

If your teams work on the floor, in the field, or across shifts—and you're ready to replace paper, posters, and patchwork systems—this is for you.

What You'll Learn

Consolidate communication with role-based hubs that give workers access to the right info, anytime, anywhere.

Automate workflows like onboarding, safety checks, and task management—without adding IT burden.

Deliver instant updates across signage, kiosks, text, and mobile—no apps or logins required.

Create consistency in training and accountability across locations and shifts.

Why It Matters

- Fewer missed messages and safety gaps
- Streamlined workflows and faster response times
- Higher engagement and retention
- Less chaos for managers and IT

Reserve your seat today — lunch is included, and space is limited! Stay afterwards for an interactive, in-depth demo.

RSVP now by clicking here or by scanning the QR Code!
