

CALLING ALL  
ENTHUSIASTIC  
PROFESSIONALS!

## **VOLUNTEER AS A ROBOTICS JUDGE**

JOIN THE  
EXCITEMENT  
OF A  
COMPETITIVE  
ROBOTICS  
TOURNAMENT

*Being a judge is a great way to get to know tomorrow's technology leaders. You'll meet with teams of middle and high school students to learn more about their robots, their strategies, and what they're doing within their communities.*

### **VOLUNTEER TODAY!**

Go to our website and follow the instructions to volunteer:  
[www.firstchesapeake.org/volunteer/new-volunteer](http://www.firstchesapeake.org/volunteer/new-volunteer)

### **HAVE QUESTIONS?**

We will be happy to answer your questions. Contact us at [volunteer@firstchesapeake.org](mailto:volunteer@firstchesapeake.org)

#### **AN EXCITING DAY OF VOLUNTEERING**

In the morning you will be teamed up with other like-minded professionals and interview the robotics teams. In the afternoon you will deliberate with your fellow judges and choose the winners across multiple awards. You then help present the awards at the big awards ceremony at the end of the day!

#### **WE PROVIDE YOUR TRAINING AND MORE**

No robotics experience is required! We make sure our judges are well-prepared for their important roles. You will have about 2-3 hours of online training, along with an online meeting with your Judge Advisor prior to the event. We will provide you with a gold judge's polo, lunch, and snacks.

#### **WHEN AND WHERE**

FIRST Tech Challenge events happen on the weekends from December through February, in the District of Columbia, Maryland, and Virginia. All events are 1-day, and your volunteer time is approximately 7:00am to 6:00pm on either a Saturday or a Sunday.
