

Supporting Children of the OPIoid Epidemic (SCOPE) ECHO Series

Mondays March 25-April 29th
3:30-5pm EST / 2:30-4pm CST / 1:30-3 pm MT

Project SCOPE ECHO provides information and resources about current and emerging knowledge and evidence-based practices for supporting children and families impacted by prenatal opioid exposure. Project SCOPE ECHO is intended for healthcare providers, educators, community-based professionals, and caregivers of children with prenatal opioid exposure. Sessions will include a brief didactic followed by case-based learning and group discussion.
