Guns N' Roses endure as the most dynamic, dangerous, and definitive American rock band in history to this day.

Embedded in popular culture, Guns N' Roses' landmark diamond-selling 1987 opus, Appetite For Destruction, stands out as "the best-selling U.S. debut album ever" and "the 11th best-selling U.S. album of all time." Following its release, Guns N' Roses shook the world with the one-two punch of the over 7x-platinum Use Your Illusion I and Use Your Illusion II, clinching the top two spots on Billboard's Top 200 Albums chart upon arrival. With total sales of 100 million units thus far, their catalog also consists of G N' R Lies (5x-platinum), The Spaghetti Incident? (platinum), Greatest Hits (5x-platinum), and Chinese Democracy (over 6 million worldwide). Not to mention, they are one of the most-streamed rock bands in

the world with an average of 27 million monthly listeners on Spotify and in May 2024 were inducted into the Grammy Hall of Fame for their 1987 debut album, [Appetite for Destruction](#).

On the touring front, Guns N' Roses legendary three-hour-plus shows encompass sought-after fan favorites in addition to newly dusted-off gems from their back catalog, leaving ardent audiences in awe.
