Services to be included in the payment calculation are:
- Homemaker/Personal Care (HPC), including On-Site/On-Call and HPC Daily Billing Unit,
- Participant-Directed HPC, including Participant-Directed On-Site/On-Call
- Shared Living,
- Adult Day Support,
- Vocational Habilitation,
- Employment services, including Career Planning services, and
- Non-Medical Transportation.

A projected date for these payments is not yet known, as the request has not yet been formally approved by the Federal Centers for Medicare and Medicaid Services (CMS). Additional information regarding the status of this request will be shared as it becomes available.
