Thank you notes from our customers

"I absolutely admired your post, "Why (Some) At-risk Males Fail ": Solutions" - Thank you for saying this - I wish so many others would open their eyes to such things. There is so much that could be resolved if we would all talk to each other.

LS, HR Director (retired), Charlotte, NC

" ……... So many kids see no way out of the situations they were born into. You are helping others show these kids that there is life after gangs and poverty. I applaud you"

A.P., St. Louis, Missouri

With States cutting budgets and transferring ex-offenders from prison and jails back to the community to save money, this will cause a void in inmate skill set development that is required to reenter the community. The demand for help will be astronomical!
