THE QUESTIONS OF SPRING

by Sam Nedeau, LMSRF Commodore

A few weeks back I was fortunate enough to join my brother John and his wife Cindy in St. Petersburg, Florida, for the sea trials on the boat they are purchasing. This is a 2021 built boat that was a bad match for the original owners. A wonderful boat with the expectation that since it just was built, it should be pretty much turnkey. Indeed, the boat is in great condition, but that did not stop the surveyor from finding several pages of items to address.

My experience in St. Pete, coupled along with preparing my own boat for the season, presented this question ... at what point do you simply ... Launch ... Go Sailing ... or Go Racing? And the obvious reason for the question is that, regardless of how new a boat is, or how prepared a boat is, there is always something left on the 'To Do List.'

Therefore, in preparing my boat for the season, as well as the first sail, I broke it down as follows (Assuming the boat is finished from the waterline down and ready to launch):

1. Safety: Whether the boat is simply going to be dropped into to a launching well at the yard, slid off of a trailer or dropped in the water via a lift, the safety gear needs to be aboard. Life jackets, fire extinguishers, medical kit, etc., all need to be aboard and in proper order. The old adage applies here, 'if the boat is in the water the safety gear is aboard ...'

2. Improvements Finished: This is a bit of a curious one, but if you started a project/improvement, and it is not finished, you are further back then you were before you started. Get the improvement projects finished.

LAKE MICHIGAN SAILING HALL OF FAME INDUCTIONS SET

by Gene McCarthy, Chair

The Lake Michigan Sailing Hall of Fame Committee is pleased to share the induction of Betty Clark will be Friday, May 6, 2022, at 7:00 pm EDT at Grand River Sailing Club, Grand Haven, MI.

The induction of L. Joe Schiller will be Sunday, May 29, 2022 at approximately 3:00 pm EDT at Muskegon Yacht Club, Muskegon, MI, following the Commodore's Cup race.

All are welcome to attend these memorable events.

Brokerage Boat of the Month

2011 Beneteau Sense 50

With its combination of excellent sailing performance, easy handling under power or sail, and luxurious interior accommodations, the Beneteau Sense 50 redefines what a performance cruiser is capable of. "H₂O" is a gorgeous well-maintained yacht, properly maintained by her one owner since new. Just some of highlights: Air conditioning/heat, reverse cycle, 3 units. Bow thruster, Dock N Go joystick maneuvering system, Raymarine 170's electronics, sailing instruments, electric winches, in mast furling mainsail & furling genoa, electric windlass & chain counter w/control in cockpit, raw water washdown in anchor locker, very large cockpit, great for sailing, entertaining and life on the hook.

Rarely do we see an offering on such a desirable freshwater yacht. New listing, "H₂O" awaits your inspection.

Note: Sister ship photo, no teak decks. Call or email for complete details.

## **JOIN LAKE MICHIGAN SAIL RACING FEDERATION**

We're working hard to grow sailing and sailboat racing in the Lake Michigan region. Your involvement is critical to our ongoing success.

We've already held a Race Documents workshop that helped numerous clubs create effective and simplified Notices of Race and Sailing Instructions.

Our members now can take advantage of our membership in Yachting Clubs of America, providing membership reciprocity at over 700 clubs for your sail racing travels. Contact the office for more information.

We're working to develop a strategic, instructional, informative and impactful event for winter 2023 to which members will receive first invitation.

We're working on organizational restructuring to provide stronger representation to our Board from YOU.

Your membership also brings all this: <http://lmsrf.org/join/benefits>.

You have your choice of joining on line (<https://bit.ly/3zC3y1U>) or by printing a form and mailing: [www.lmsrf.org](http://www.lmsrf.org) > Join.

Please join today.

## **WE HAVE A WINNER! FREE US SAILING MEMBERSHIP AWARDED**

LMSRF offered a free US Sailing one year membership to be drawn from the first 50 individual memberships taken in 2022. Our winner is Lucia Marquez, a Youth Member, who sails for Lake Forest College.

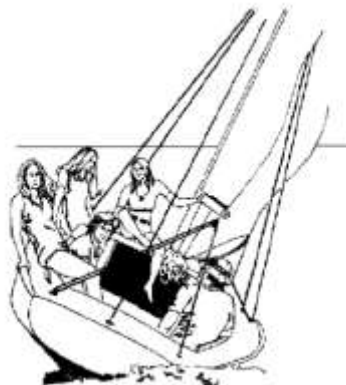

## **THE QUESTIONS OF SPRING** *continued from cover*

3. Go Fast Next: This all assumes we are preparing for racing and therefore, the focus of speed is next. What makes the boat go. There is obvious overlap to #2, but here, focus on in order of importance, what will make us go faster. Is fixing the creaking floorboard a priority over rerigging and/or relocating the inhaul? (I have dozens of stories about my father electing to paint and varnish before addressing issues like rerunning halyards or addressing the rudder bearing).

4. Cosmetics: Admittedly, there are times that one can address cosmetics either alone, or at times that provide for nothing better to do. And I do believe that a clean boat is a fast boat, but don't let those details stop you from a good shakedown or practice day.

So that is probably over simplified, but that is what I came up with for my spring prep.

The sun is out, spring is here. Let's all have a great 2022 season. Sail fast and sail safe.

*Please join us for a night of celebration for*

## LMSRF BOAT AND CREW FINDER

So you want to go racing? Maybe you're a boat owner who comes up short on crew? Maybe you're a crew who needs to find a new boat or maybe your current boat is not racing enough for your tastes so you need another. There are lots of ways to find that perfect boat. Check out LMSRF's Crew Finder. No cost to use. Secure. Safe. Click logo on right. See these YouTube videos for tips on use: [https://www.youtube.com/channel/UC7Sd2xWZdtMLrSp53y\\_g5\\_A/videos](https://www.youtube.com/channel/UC7Sd2xWZdtMLrSp53y_g5_A/videos).

## **RAILMEETS RELEASES NEW CLOUD-BASED SCORING SOLUTION**

RailMeets, the popular crew management and crew finder platform, has released a new, full-service, scoring system. The company has launched an integrated scoring solution to better meet the needs of Race Committees, Principal Race Officers, Skippers, and Crew.

John Madey, co-founder of RailMeets said, "Our scoring program is a very modern platform, utilizing newer technology than existing providers, to ensure maximum data safety and security. We designed it to integrate with all of our other software to create a comprehensive solution for users at all levels."

The new cloud-based program has all the features of existing scoring systems. Race Committees will enjoy self-service regatta management, pricing, divisions, fleets, and race schedules. For Principal Race Officers there are privacy features designed to securely store all the necessary information about the regatta and the competitors.

RailMeets support is always standing by to help when needed and provides affordable, custom packages with tiered pricing to address host and racer's needs (<https://railmeets.com/scoring>).

Skippers will find that RailMeets Scoring is a single source of reliable data including race results, course conditions, and crew management including weight limits, and secure messaging. Crewmembers are able to track race schedules across all the boats they're crewing on, manage World Sailing Classifications and find new boats for future regattas. The sailors and public can view real-time results for each race and the entire series.

"We offer free demos of our cloud-based scoring solution so people can experience how easily, quickly, and strategically relevant information is stored and shared," added Marco Heuer, co-founder. "We invite regatta organizers and race

officers to improve the summer racing season by getting started right away with a demo on how to create their first regatta, onboard volunteers, and staff (<https://railmeets.com/scoring>.)” A sample regatta (<https://railmeets.com/regattas>) is free to view and to explore how the scoring system works.

RailMeets system automatically scores the race and entire series in real time. Race Committees benefit from easy document storage, integrated course details and easily personalized communications with sailors.

RailMeets currently facilitates crew management for over 4000 sailors by connecting crews and skippers all over North America and Europe. RailMeets services are free to skippers and crew. Increasingly, Race Committees have benefitted from RailMeets volunteer and asset management tools. Now the final piece has been deployed to optimize race management.

## GROW SAILING

---

### ANNOUNCING THE 22<sup>ND</sup> ANNIVERSARY CELEBRATION OF SAILING

Lake Michigan Sail Racing Federation is participating in the 22nd Anniversary Celebration of Sailing to invite the public to join sailing and increase awareness of sailing.

As part of the 22nd annual worldwide Summer Sailstice, Lake Michigan Sail Racing Federation encourages all its member clubs and individual members to join in sailing ‘together’ with sailors everywhere on the weekend of June 18, 2022 - the weekend closest to the summer solstice. Lake Michigan Sail Racing Federation will celebrate by helping all its clubs build awareness of their Summer Sailstice events, inviting current and prospective sailors down to the docks to get on the water under sail, or to contribute by demonstrating the best of the sailing world.

This year Summer Sailstice celebrates its 22nd anniversary — 22 consecutive years of worldwide sailing celebrations. Summer Sailstice invites sailors to hoist their sails wherever they are and aboard whatever they sail to showcase the “who, what, where, why and how” of sailing. One weekend in the life of sailing, and a lifetime of sailing in one weekend. Summer Sailstice is the time for all sailors of all sailing styles to celebrate ‘together.’

Participation is free at [www.summersailstice.com](http://www.summersailstice.com). Everyone participating in Summer Sailstice helps support sailing locally, while connecting with the [global sailing community](#). Participants create Sailstice events, recruit crew, invite others, post stories and learn about other Sailstice events being organized in their area. Every registered participant is automatically entered in the draw to win from [hundreds of prizes](#) contributed by sailing businesses and organizations such as Navionics, North Sails, West Marine, Offshore Sailing, North Sails, Jeanneau, Team McLube and many more.

Summer Sailstice supports ocean conservancy and actively supports organizations such as [Sailors For The Sea](#). When signing up for Summer Sailstice, participants can join Sailors for the Sea in their mission to secure a better future for the world’s oceans.

### SUMMER SAILSTICE EVENT DETAILS

**Who:** Sailors and non-sailors worldwide

**When:** June 18, 2022

**Where:** Global (wherever there is wind, water and sails)

**How:** Sailors register for free at [www.summersailstice.com](http://www.summersailstice.com) to declare their participation, invite others to join their event, and gain a chance to win prizes donated by sailing industry partners.

### LAKE MICHIGAN SUMMER SAILSTICE EVENTS

#### GREEN BAY SAIL AND PADDLE CELEBRATION OF SUMMER SAILSTICE 2022

We will be having Sailing and Padding experiences for every level of sailing throughout the day in Green Bay, Wisconsin. June 18 will start out at 9 am with our Intro to Sailing & Intro to Kayaking Courses. In the afternoon we will have rental opportunities for both sailboats and kayaks. We will round out the day with our ever-popular Couple's Night sailing course kicking off at 530pm. For more information please visit us at [www.gbsail.org](http://www.gbsail.org).

#### GARRITY'S SUMMER SAILSTICE

Summer Sailstice 2022 – June 18 at 12:00 PM, Lake Michigan, Montrose Harbor, Chicago, Illinois. 601 W Montrose Drive, Chicago, IL.

#### SAIL GP - CHICAGO 2022

Summer Sailstice 2022 - Sail GP - Chicago 2022

#### SUMMER SAILSTICE 2022 – T. CORLETT

Sail Sunfish off beach with others, Saugatuck, Michigan.

#### VERY OLD FASHIONED POND SAIL BY JIM COOKE

Antique model boat on my newly purchased property with pond in Laketon Twp., Michigan.

## SAFETY COLUMN

---

### A COMPELLING CASE TO ALWAYS WEAR YOUR PFD

*by Craig Warner*

On the Chicago to Waukegan race in 1992, a good friend of mine, a fellow Soling sailor, crewed on one of the boats in the race. She had been racing for some 20 years, and she loved the sport. To quote her, "I can count on two hands the times I wore a life jacket. This year's beat to Waukegan was not one of them." The skipper ordered life jackets, and she handed them to the crew while she was down below navigating. When she came on deck, she forgot to wear hers. At some point during the race, she went overboard.

When she hit the water, she began to find it increasingly difficult to breathe due to inhaling water. Her clothing quickly became saturated and impaired her swimming ability. As she struggled, she saw another boat pass by with crew members pointing at her. When they left without rendering aid, she felt despair. The survival clock started ticking, and for all practical purposes, it was fait accompli!

Coldwater reflex instinctively caused her to gasp when she hit the water. Enough water entered her lungs, and her ability to get air had ended. In addition, her body quickly began to shut down. She described being fully conscious and able to see and think clearly, but it felt like light switches shutting off her body. The water felt like it seared her throat. Within a few minutes, unable to swim, scream for help, and weighted down with her clothing, she sank. Minutes after entering the water, she was near death. She told me, "I was sinking and was helpless to stop it. The last thing I saw was a bright light and Jesus." The bright light was the sun penetrating the several feet of water above her, and Jesus was a crew member from her vessel that saw her go down. He jumped into the water, risking his life, and brought her to the surface and life.

Her crew took her to the nearest port, where she physically fully recovered. But maybe not, fully recovered. The episode disturbed her enough to quit her beloved sport of sailing a few years later. A happy life has followed. She married a fellow Soling skipper whom she met on the Mackinac race. They raised a son and are still married.

"Survival begins before the accident." Had a Personal Flotation Device (PFD) been worn, the drama of this event would have been far less. Safety training and accident analysis make it very clear that

boaters need to wear a PFD at all times! It is frustrating that boaters resist this basic rule of safety. Sailors who do not realize the risk of not wearing PFDs form a mental map of their environment. Their incorrect perception of reality lets them see what they want to see, but that made-up reality is not the actual reality. The lake is very unforgiving to the unprepared. Accidents will happen; prepare yourself for them. If you don't, you may not survive! As the victim stated, "Near drowning was the most sobering experience ... under nearly any conditions, wear a life jacket. If not for yourself – for the crew." The article's author would like to add and for those who love you:

### WEAR YOUR PFD AT ALL TIMES!

Let's be safe out there.

*This Photo by Unknown Author is licensed under CC BY-SA*

## ENGINE CUT-OFF SWITCHES AND PROPELLER SAFETY

On April 1, 2021 a new federal law went into effect that requires the operator of a boat with an installed Engine Cut-Off Switch (ECOS) to use the ECOS link. The link is usually a coiled bungee cord lanyard clipped onto the operator's person, Personal Floatation Device (PFD) or clothing and the other end attached to the cut-off switch, but there are plenty of variations on the market, including electronic wireless devices. The law applies on all "Navigable Waters of the US."

When an operator is wearing a link while underway, the engine will cut-off if the operator is separated from the operating area, an occurrence that can happen if the operator is ejected from the vessel or falls within the vessel. The shutdown of the engine is essential for safety reasons. If the operator is ejected from the vessel, the shutdown may prevent the operator from impacting the vessel's spinning propeller, and may aid the operator in safely returning to the drifting vessel.

The law applies to "Covered Recreational vessels" which means any motorized boat with 3 or more horsepower that is less than 26 feet in length and took effect on April 1, 2021.

**Operator Requirement:** An individual operating a covered recreational vessel shall use an engine cut-off switch link while operating on plane or above displacement speed.

An earlier law, passed by congress in 2018, required manufacturers to install an Emergency Engine Cut-Off Switch (ECOS). The law passed on December 4, 2018, and went into effect 1 year later. Even though it is now a law, most U.S. boat manufacturers have voluntarily installed an ECOS on their boats for decades.

The terms Engine Cut-Off Switch (ECOS) and Engine/Propulsion Cut-Off Devices are used interchangeably to denote a system that disables the propulsion engine when the operator is unexpectedly displaced from the vessel.

For more information on the new law that went into effect on 1 April 2021, click here to visit the ECOS FAQ section:

<https://uscgboating.org/recreational-boaters/engine-cut-off-switch-faq.php>.

## PERSON OVERBOARD AIS SYSTEM PRACTICE

**SUNDAY, JUNE 5, 2022 11:00 SKIPPERS MEETING, 12:00 EXERCISE BEGINS ON LAKE MICHIGAN**

Mac Racers, Overnight Racers, Cruisers, Support boats—if you have AIS you should practice Macatawa Bay Yacht Club working with the Chicago Yacht Club and the US Coast Guard will be running live drills with AIS MOB devices, chart plotters, flares, and VHF communications. Bring YOUR BOAT with your AIS Receiver and get expert advice on how it all works! Hear and see the alarm of an MOB on your plotter & VHF plus practice using these devices to recover the MOB. Gather your crew on your boat and take advantage of this special opportunity. Register via [dougpetter@gmail.com](mailto:dougpetter@gmail.com) or go to <https://mbyc.com/>.

Don't wait until you are faced with an actual emergency. Learn how to respond in this real time test of the personal AIS/MOB system. YOU MIGHT SAVE A LIFE.

NEW Safety Requirement for 2022 Chicago Yacht Club Race to Mackinac: every person will have an AIS Personal MOB device. AIS (Automated Information System) uses VHF to identify, locate, vector, and in this case home in on a person in the water.

Put it on your PFD so you can be found on a dark and stormy night.

This is a new device to many, *not a PLB which uses GPS and Satellite*, the NEW REQUIREMENT is for an AIS device. This year's Race to Mackinac requires all crew members to wear a personal man-overboard AIS device. Some of these devices also transmit a DSC signal. We recommend getting one with both DSC/AIS transmit capability if you have not purchased a unit. Additionally, the Mackinac Safety Regulations all require AIS reception on all boats in the race.

The Personal MOB device, using both the AIS system and VHF radios with modern Digital Selective Calling, can attach to the oral inflation tube of your inflatable life jacket, and if you fall overboard, it will automatically activate when the life jacket inflates (and can also be activated manually).

Get rescued by your own boat: If you fall overboard, your best chance of being rescued comes from your own boat, but for this to happen, your crew needs to be immediately aware of the incident and keep track of your position while the recovery is being carried out. Yet even in moderate seas, it is alarming how fast your crew can lose sight of a person in the water.

These devices are clever, simple, and exceptionally accurate.

## **2022 POB AIS SYSTEM ON-THE-WATER WORKSHOP**

THE SEQUENCE OF EVENTS SUNDAY, JUNE 5, 2022

11:00 AM come to a brief skipper's meeting to discuss the day's operations:

Command Boat will fire Red Solace Parachute Flare

Command Boat will Turn on MOB1 device and deploy Man overboard Dummy

Another Red Solace Parachute Flare

Command Boat activation of DSC: all ship man overboard DSC message from command boat

MAYDAY Call, USCG Responds

Terminate DSC call

Terminate Exercise

(an appropriate **SÉCURITÉ CALL** prefaces all events)

1200 HRS: UNITED STATES COAST GUARD BEGINS TO MAKE PERIODIC SÉCURITÉ VHF RADIO CALLS ON CHANNEL 16 INFORMING PUBLIC OF START OF THE SAFETY EXERCISE

1259 HRS: COMMAND BOAT MAKES SÉCURITÉ CALL ANNOUNCING FIRING RED SOLAS PARACHUTE FLARE, PERSONAL AIS TRANSMISSION, AND PLACING MOB DUMMY IN THE WATER

1300 HRS: COMMAND BOAT FIRES FLARE, TURNS ON PERSONAL AIS DEVICE, MOVES A DISCREET DISTANCE FROM THE DUMMY.

1304 HRS: COMMAND VESSEL MAKES SÉCURITÉ CALL ANNOUNCING SECOND FLARE.

1305 HRS: COMMAND BOAT BOAT WILL MAKE ADVISORY SÉCURITÉ CALL ANNOUNCING FIRING OF A SECOND FLARE.

1310 HRS: COMMAND BOAT MAKES SÉCURITÉ CALL ANNOUNCING PRACTICE MAYDAY CALL. COMMAND BOAT MAKES MAYDAY CALL ON CH 16, USCG RESPONDS WITH STANDARD QUESTIONS.

1315 HRS: COMMAND BOAT MAKES SÉCURITÉ CALL ANNOUNCING ALL SHIPS MAN OVERBOARD DSC MESSAGE. COMMAND BOAT MAKES DSC CALL.

1325 HRS: COMMAND BOAT TERMINATES DSC CALL.

1400 HRS: COMMAND BOAT MAKES SÉCURITÉ CALL AND TERMINATES EXERCISE.

### **[WHY YOU SHOULD WEAR YOUR ENGINE CUT-OFF SWITCH LINK?](#)**

A typical three-blade propeller running at 3,200 rpm can inflict 160 impacts in one second so it is critical that you are aware of what is going on around you. Be aware:

- ✚ People in the water may not be visible from the helm
- ✚ Account for passengers before starting the engine
- ✚ Inform passengers about propeller hazard areas
- ✚ Be alert in congested areas and near swimming zones
- ✚ Take extra precaution around towed watersports
- ✚ Never permit riding on the bow, gunwale, transom, seatbacks, or other locations where an occupant could fall overboard
- ✚ Children should be watched carefully at all times – it only takes a second to fall overboard
- ✚ You would childproof your home so think about childproofing your boat
- ✚ Establish rules for swim platform use, boarding ladders, and seating
- ✚ If someone falls overboard, STOP the boat; once clear begin recovery procedures
- ✚ Warning - Never put your boat in reverse to pick someone up out of the water, always circle around going forward while keeping the person in the water visible to the boat operator at all times.

### **[ENGINE CUT-OFF SWITCH – FAQ](#)**

A list of frequently asked questions about Engine Cut-Off Switches.

### **[Propeller Guard Test Protocol](#)**

The United States Coast Guard Office of Auxiliary and Boating Safety announced the release of the Propeller Guard Test Procedure report developed for the Coast Guard under the auspices of the American Boat and Yacht Council. This procedure is intended for use by developers of propeller guard devices and independent third party testing entities to test propeller guard products in a consistent, repeatable manner.

### HELP RAINBOW RACES OPEN THE FIRST LGBTQ+ SAILING SCHOOL!

The LGBTQ+ community has been under attack in a number of ways recently highlighting the importance of creating and maintaining safe spaces for people of all colors of the rainbow to come together to share their experiences and learn from one another. Here at Rainbow Races, based in Chicago, Illinois, we believe in making sure our community has a safe place on the water by building the first sailing school designed specifically for the LGBTQ+ community. Learn more: [www.rainbowraces.org](http://www.rainbowraces.org).

We know how intimidating it can be to try new things and that many sports have a history of being unfriendly to the LGBTQ+ community, so we are creating the most welcoming environment possible for you to be you while taking a little risk and learning something new that we know you'll love. We want people of all gender identities, sexual orientations, and races to participate in building this space with us. We need your help to make this safe space a reality.

We are making progress but still have a number of things to accomplish in order to be ready for the season; like getting our donated school boat - a Scampi 30 - from Detroit to Chicago, work has to be done on the boat before launch; funding insurance, mooring fees, training instructors, and more! Here's a few ways you can help:

-Have a spare 15 hp outboard motor? We need one! If it's in good working order email [info@rainbowraces.org](mailto:info@rainbowraces.org).

-Let us know if you have other boat parts or accessories in good working order that you are interested in donating!

-Interested in working on boats, teaching new sailors, or volunteering in any way for our organization? Email your areas of interest and experience to [info@rainbowraces.org](mailto:info@rainbowraces.org).

-Have a large social network? Good at friend- and fund- raising? Become a fundraiser for us by starting a peer to peer campaign with us. Email [info@rainbowraces.org](mailto:info@rainbowraces.org).

-Make an individual donation yourself here <https://rainbowraces.networkforgood.com/projects/154754-rainbow-races-online-giving>. Rainbow Races is a 501(c)(3) nonprofit so all contributions are tax deductible to the fullest extent of the law.

Our official opening day, course schedule, and pricing along with registration opening will be announced soon.

## ICSA TIDE PROJECTS

by Cori Radtke

This spring, ICSA TIDE has selected several projects to pursue. New projects include: land acknowledgment recommendations, coach involvement, and reorganization and updates of resources. We are also excited to continue two projects, media and transgender and gender nonconforming resources.

### Media

If you missed the article last month in The Undeclared (now Andspace):

<https://theundefeated.com/features/bowdoin-colleges-preston-anderson-leading-efforts-to-diversity-collegiate-sailing/>.

### Conference TIDE

NEISA-

Our Education Subcommittee is beginning work on our 2022-23 Discussion Program for NEISA teams, along with following up with teams about the 2021-22 Program. If you are on a NEISA team who has not completed this year's program, please push your leadership to do so. Our Community Outreach Subcommittee has been working with Siebel Sailing to brainstorm ways that we can support smaller and less-funded teams in NEISA. Our Recruiting and Retention Subcommittee is working on an "introduction to sailing" pamphlet for new or prospective sailors, as well as planning a "learn to sail" event in the fall. Please reach out to Izzy Cox, NEISA TIDE Chair, at [isabelcox98@gmail.com](mailto:isabelcox98@gmail.com) with any questions, comments, or new representatives.

MAISA -

MAISA TIDE is currently developing our TIDE Resources and Fall 2022 Education Programming, with updates sent out in the MAISA TIDE April Update. Additionally, if you are a graduating senior (Class of 2022), please think about your school's undergrad representative for Fall 2022 and let the board know if you have finalized your new TIDE Representative for 2022-2023! We would love to get more coaches involved in MAISA TIDE, please reach out to us at [maisatide@collegesailing.org](mailto:maisatide@collegesailing.org) if you are interested. We are looking for additional members for the MAISA Media committee (Instagram, etc.). Reach out to us at [maisamedia@collegesailing.org](mailto:maisamedia@collegesailing.org) if you are interested.

West Coast-

Held productive meeting April 6<sup>th</sup>. Education modules for West Coast teams will be coming out in the next couple weeks. Upcoming PCCSC by-laws state that each team requires a representative. If you are interested in joining West Coast TIDE, please reach out to our head of Membership and Outreach, Amelia Kau at [ameliakau@gmail.com](mailto:ameliakau@gmail.com) or [westcoasttide@collegesailing.org](mailto:westcoasttide@collegesailing.org).

SEISA -

SEISA is also still recruiting for its conference TIDE. If you or somebody you know would be interested in joining please reach out to [karina.bertelsmann@gmail.com](mailto:karina.bertelsmann@gmail.com) or [kithstoll3@gmail.com](mailto:kithstoll3@gmail.com)

We are looking to welcome representatives from MCSA and SAISA. If interested please contact [Equity@CollegeSailing.org](mailto:Equity@CollegeSailing.org). Current undergraduates, coaches, alumni are encouraged to reach out.

### GEAR BOX

Have you checked the Gear Box (<https://neisa.collegesailing.org/about/neisa-gear-box>) recently?

Currently this is what is listed:

Drysuits      Spray gear      A lifejacket      MORE!

Additionally, we have compiled many resources either created by TIDE or outside organizations in Starting Line ([https://docs.google.com/document/d/1s2WiFBeyRIGSJAgKRzak9rGnkH6TSTd3y\\_KhzVf4WrI/edit?usp=sharing](https://docs.google.com/document/d/1s2WiFBeyRIGSJAgKRzak9rGnkH6TSTd3y_KhzVf4WrI/edit?usp=sharing)). Be sure to check it out!

As you plan for the summer or moving after graduation, check out the list of [boat loans and grants](#). If you know of additional opportunities please include let us know.

We are excited about the work being done by TIDE and our partners. Thank you all for continuing to engage with us.

## OPEN HOUSES

---

**Judd Goldman Adaptive Sailing Foundation**, Chicago, Illinois—Be sure to mark your calendar for our 32nd Annual Open House, Saturday, June 4, 2022, from 10:00 a.m. to 4:00 p.m. at the Judd Goldman Sailing Center, Burnham Park Harbor.

Enjoy our hospitality, tour the facility, meet your future fellow members and get answers to all your questions. Thursday, May 19th 6-8PM; Saturday, June 11th 1-4PM; Thursday, June 16th 6-8PM. Please register so we know to expect you: <https://www.ssysc.org/join/come-to-an-open-house>.

---

## DOCUMENTATION UPDATING

---

### **COAST GUARD DOCUMENTATION SCAM**

**RCR Yachts**, serving the boating community since 1972, provide this public service announcement:

Every year vessel owners must renew documentation with the U.S. Coast Guard which costs \$26 on the USCG website. However, private companies send out similar, official looking renewal letters that demand twice or three times the actual USCG fee. The scam sites look very similar to the official USCG site.

The Coast Guard has issued warnings about such practices, but not everyone has gotten the word and even life-long boat owners have fell victim. If you choose to renew your documentation online, the website is:

<https://www.pay.gov/public/form/start/1175233>.

## **CHICAGO CORINTHIAN YACHT CLUB EXCITED TO HOST SPECTRUM SAILING JUNE 14-16**

by Meghan O'Rourke

Spectrum Sailing provides maritime education, programming, and outreach for autistic individuals. Our camps provide opportunities for skill development, social interaction, and confidence building. Sailing is our platform to positively impact the physical and mental health of our participants

Registration for Spectrum Sailing Chicago, June 14-16 is now open. If your Autistic 10–17 year-old child is interested, please register on our site – <https://spectrumsailing.org>.

Due to popularity of our camps, we use a lottery system. Registration will be open until May 13th. At that point you will be notified by email if your sailor has been chosen. Look forward to a great camp in the Windy City!

## **CORRECTION: MWPHRF CERTIFICATES FOR CHICAGO AREA OFFSHORE ONE DESIGN RACERS**

A Midwest Performance Handicap Racing Fleet rating certificate is now required for ALL Distance Race racers in the Chicago Area, including One Design classes. To facilitate a One Design boat obtaining a MWPHRF certificate for the first time, a special discount has been offered by MWPHRF.

The current fee for obtaining a new certificate of \$50 will be reduced to \$20 for new applicants through May 31st of this year only. The application process for One Design is much easier than for a regular certificate – you are not required to provide measurements or sail certs – only to attest that you are racing your boat in compliance with the Class Rules of your One Design Class.

To apply for your certificate email MWPHRF with the subject line “New OD Certificate” and you will receive a response with a login for the website, [www.MWPHRF.org](http://www.MWPHRF.org). Once logged in, use the coupon code “CASRA” in the online application process to receive your discount.

Celebrate the start of another summer season at the Harbor Springs Historical Society's 10th Annual Blessing of the Fleet on June 30, 2022!

Traditions Live On in Harbor Springs and there is no better time or way to kick off the summer and celebrates the rich maritime history of the area than with a blessing of all watercraft for a safe boating season.

## ***INSHORE ONE-DESIGN SMALL-BOAT ONE-DESIGN COUNCIL NEWS***

---

### **CHICAGO VANGUARD 15 FLEET READY FOR GREAT SEASON**

*by David Weible*

It is officially May, which means summer sailing is almost here (even if it doesn't feel like it...)! John Schellenbach and I continue planning for this year's series, to boost participation, competitiveness, and enjoyment for all.

#### ***Summer Sailing Kicks off Thursday, May 12***

The first official night of Thursday racing is Thursday, May 12 out of Montrose Harbor, Chicago! I know some folks prefer to wait until Memorial Day holiday before dusting off your spars, but May 12, 19, and 26 should be awesome opportunities for shaking off the rust and making sure the boat still floats. Rest assured, we will be heading out to sail on these days.

#### ***Vanguard 15s Available for Charter This Summer***

Want to sail on Thursday nights, but don't own a Vanguard 15? Are you a big boat skipper or crew looking to hone your skills and knowledge and make some new friends (and maybe even find new weekend crew)? Just looking for a good excuse and an easy avenue to get on the water during the week? We are thrilled to announce that there are several Vanguard 15s available for charter this summer. For a total cost of \$300, you can charter a Vanguard 15 for every Thursday night and organized weekend series (including Red Flannels) from May 12 through the conclusion of the summer series in September. We're pretty sure this is the best deal in town. These charters may fill up, so if you're interested, let us know and we'll work with you to get you out on the water! Contact the Fleet at Chicago Corinthian Yacht Club.

## OFFSHORE COUNCIL NEWS

### **BEST ON LAKE MICHIGAN AND AREA BOAT OF THE YEAR CHAMPIONSHIPS UPDATE**

*by Sam Nedeau, Offshore Council Chair*

The Lake Michigan Sail Racing Federation is restructuring its Best on Lake Michigan and Area Boat of the Year programs. For 2022 the following will be used to name the LMSRF Best on Lake Michigan vessel and the five LMSRF Area Boats of the Year. The ongoing COVID-19 pandemic and other uncertainties have led to offering of this temporary format. In coming years watch for a restructured format for the Lake Michigan Sail Racing Federation Best on Lake Michigan offshore championship.

Member Yacht Clubs will have the opportunity to name one vessel owned by a 2022 Lake Michigan Sail Racing Federation Individual Member as its Lake Michigan Boat of the Year. When making the determination of its top competitor, clubs shall use race performance based on races held on Lake Michigan in 2022 only. Clubs petitions shall provide vessel name, owner's name, and racing results that led to the club selection. A form shall be distributed to clubs and made available at [www.lmsrf.org](http://www.lmsrf.org) for this purpose.

The Lake Michigan Sail Racing Federation Best on Lake Michigan Committee will evaluate all submitted petitions. They will first vote to determine an Area Boat of the Year for LMSRF Areas I, II, III, IV, and V. Then those top five vessels will be reconsidered and another vote will determine the Best on Lake Michigan. The winning vessels will be awarded a flag at a date and location to be determined.

### **RADIO WATCH REQUIREMENT 2022 CHICAGO TO MACKINAC RACE**

*by Craig Warner*

Channel 16 is to be continuously monitored as required by US government rules and regulations. On the recent Sydney to Hobart Yacht Race, the first-place boat was protested for not keeping a listening watch of VHF channel 16. A personal EPRIB belonging to a crewmember was sending out a distress signal. The person it belonged to did not know the beacon was transmitting. Rescue authorities wanted to ascertain if a real emergency existed before dispatching a rescue asset. For over 90 minutes, no one could contact the boat. The errant boat received a penalty for not keeping a radio watch as the race's rules required. She lost her first place finish.

The 2022 Chicago Race to Mackinac will have a similar emphasis on keeping a listening watch.

Some racers think that safety regulations overburden us. I understand to an extent their gripes. However, the purpose of safety regulations is to safeguard race participants. Some rules go beyond regulatory compliance, and those rules are the "RULES OF COMMON SENSE." Maintaining a listening watch of VHF Channel 16 is one of the "RULES OF COMMON SENSE."

The VHF radio is an indispensable piece of safety equipment. It can provide both victim and rescuer with a quick and accurate way to communicate an emergency. It is essential and required by law that each boat equipped with a VHF radio always listen for urgent transmissions. Last year's Chicago Race To Mackinac saw a successful rescue of a participant primarily due to the vessel in distress making a timely radio call to the United States Coast Guard. Your VHF radio is the means to contact a potential rescuer, be it a rescue authority or a Good Samaritan. Their assistance would not be possible if they did not hear the distress call.

Each boat should train all its crew on proper VHF procedures. I went to a USCG Auxiliary class on VHF radios and found it to be highly informative. I wholeheartedly endorse having the whole crew take this course. Terms such as MAYDAY, PAN PAN, and SÉCURITÉ have specific meanings, and everyone should be familiar with them. VHF radios also have DSC (Digital Select Calling) capability. Make sure everyone knows all the features of the vessel's VHF radio.

To have an effective listening watch, assign a crew member for each watch. The person assigned the listening watch should be able to hear the radio at all times. Some boats may need a repeater speaker to accomplish this task. Develop a plan to allow the VHF radio to be heard at all times. The person assigned the listening watch should be familiar with all standard phraseology and forward pertinent safety information to the person in charge. Periodically check that the radio is functioning correctly and ensure that the radio's power source is adequately charged.

The bottom line, we all need to be constantly aware of what we hear on the radio and proceed accordingly. A listening watch is common sense, and it saves lives, perhaps yours.

### **QUALIFY FOR CHUBB U.S. JUNIOR CHAMPIONSHIPS-SEARS CUP/BEMIS TROPHY/SMYTHE TROPHY**

The road to the historic Sears, Bemis, and Smythe trophies starts at our Area K Junior Championship qualifier for the Chubb U.S. Junior Championship. Race in the Area K Junior Championship in singlehanded, doublehanded, or triplehanded divisions and you have a shot at sailing in the National Championship this August in Macatawa Bay, Michigan. Notably, this year's Sears Cup final will be sailed in the speedy VXOne performance keelboat!

The Area K Junior Championships to qualify for these events are:

- 🚦 Singlehanded Qualifier – July 14-15 – Muskegon Yacht Club, Muskegon, MI
- 🚦 Doublehanded Qualifier – July 14-15 – Muskegon Yacht Club, Muskegon, MI
- 🚦 Triplehanded Qualifier – July 11-12 – Macatawa Bay Yacht Club, Macatawa Bay, MI

## **NEW IN 2022 – KENOSHA COMMUNITY SAILING CENTER WATERFRONT YOUTH PROGRAM**

During these 4-day programs, kids will have an opportunity to explore the shores of Lake Michigan. They will have a chance to experience small sail boats, kayaks, paddleboards, pedal duck boats and more.

This is planned as a fun week of learning about Lake Michigan and how to safely have fun on its waters.

Activities will be

designed around the weather and available boats. Cost: \$300 (additional children 5% discount).

Dates offered: July 5—July 8 or August 22—August 25. <https://www.kenoshasailing.org/>

## **US TEAM FOR YOUTH SAILING WORLDS**

US Sailing has named the 15 athletes that will be representing the nation at the 2022 Allianz Youth Sailing World Championships. The 51st edition of the premier event in international youth sailing, open to athletes under age 19, will take place July 8-15 in The Hague, The Netherlands.

US 2021 Youth Worlds Team:

- Mixed Two Person Multihull – Nacra 15

Dorothy Mendelblatt (St. Petersburg, FL) / Ian Iles-Lee (Tampa, FL)

- Male/Mixed Two Person Dinghy – i420

Freddie Parkin (Riverside, CT) / Asher Beck (Cos Cob, CT)

- Female Two Person Dinghy – i420

Samara Walshe (New York, NY) / Lillie Foster (Darien, CT)

- Male Skiff – 29er

Ian\* & Noah Nyenhuis\* (San Diego, CA)

- Female Skiff – 29er

Sammie Gardner (San Diego, CA) / Alice Schmid (San Diego, CA)

- Male One Person Dinghy – ILCA 6  
**Peter Barnard (Chicago, IL)**

- Female One Person Dinghy – ILCA 6  
Katharine Doble\* (Pacific Palisades, CA)

- Male Windsurfer – Youth iQFOiL  
Makani Andrews (Kaneohe, HI)

- Female Windsurfer – Youth iQFOiL  
Danicka Sailer\* (Honolulu, HI)

- Male Kiteboarding – FormulaKite  
Ryan Satterberg (Santa Barbara, CA)

**ARRIVE A GOOD SAILOR.

## 2022 USA JUNIOR OLYMPIC SAILING FESTIVAL SCHEDULE RELEASED

### NEW FESTIVAL FORMAT FEATURING ON-WATER BOAT DEMOS AND ON-SHORE FESTIVAL ACTIVITIES

The USA Junior Olympic Sailing Festivals are new for 2022 with an updated format, returning to the original mission to capture the Olympic spirit and introduce youth sailors to their next steps in the sport. Each festival will feature on-water boat demos and on-shore activities for youth racers to experience fast, fun, modern sailing and learn from industry experts.

Key highlights of the festivals:

- ✚ boat demos featuring modern boats and boards
- ✚ on-shore clinic sessions and activities for youth racers
- ✚ modular format gives participants the chance to engage in multiple activities
- ✚ parent education on racing pathways, olympic development, college sailing, and more.

The festival series will kick off on June 10-12 in Pensacola, Florida with a first of its kind youth performance sailing festival. This three-day, fast-paced event will use a modular clinic format to introduce youth sailors to a range of performance boats, including skiffs, catamarans, windsurfers, wing foilers, and modern dinghies. Don't miss this chance to experience the future of sailing in Pensacola.

The USA Junior Olympic Sailing Festival series continues at twelve more events around the country. Each festival will include both traditional course racing and the new JO clinic modules, including on-water boat demos, on-shore clinic sessions, and other learning opportunities for sailors and their parents.

### 2022 USA Junior Olympic Sailing Festival Schedule:

- ✚ June 10-12 – Pensacola Yacht Club – Pensacola, FL – Youth Performance Sailing Festival
- ✚ July 7-10 – Texas Corinthian Yacht Club – Kemah, TX
- ✚ July 8-10 – Mentor Harbor Yachting Club – Mentor Harbor, OH
- ✚ July 17-19 – Island Heights Yacht Club – Island Heights, NJ
- ✚ July TBD – Waikiki And Kaneohe Yacht Clubs – Honolulu, HI
- ✚ August 1-2 – Vineyard Haven Yacht Club – Vineyard Haven, MA – Windsurfing Festival
- ✚ August 5-7 – Rochester Yacht Club – Rochester, NY
- ✚ **August 13-14 – Wayzata Community Sailing Center – Wayzata, MN (Only One In Area K)**
- ✚ August 15-17 – Beverly Yacht Club – Marion, MA
- ✚ August 26-28 – Seattle Yacht Club – Seattle, WA
- ✚ October 14-16 – Edison Sailing Center – Ft Myers, FL
- ✚ December 3-4 – US Sailing Center Martin County – Jensen Beach, FL
- ✚ Dates TBD – Location TBD – California

## GRANTS-IN-AID PROGRAM NEWS

The Grants-In-Aid Committee considers applications and makes grants to LMSRF members for sailing education and major competitions from the proceeds of the LMSRF Endowment Fund. Not one penny comes from dues.

Learn more at <http://lmsrf.org/grants-in-aid/grants-requirements> and locate the application by visiting: <http://tinyurl.com/LMSRF-GIA-Ap>.

Those planning to take a US Sailing training will be required to join US Sailing. We offer a discount to their membership here: [Youth - \\$25 \(discounted from \\$30\)](#); [Individual - \\$55 \(discounted from \\$65\)](#); [Family - \\$85 \(discounted from \\$115\)](#)

**IMPORTANT:** applications **MUST** be submitted **BEFORE** the event or training starts.

### MARQUETTE UNIVERSITY SAILING TEAM: HOUSTON SPRING TRAINING 2022

During the week of March 13, 2022, the Marquette University Sailing Team had the honor and privilege of traveling to Houston, Texas, for a week of spring training. Our crew of 16 loaded up the cars with high spirits and began the 18-hour road trip to the Lone Star State. With near-perfect sailing conditions projected for the duration of our stay, Marquette Sailing was eager to hit the water. We had a variety of experience levels, ranging from people who have never stepped foot in a boat to highly trained skippers. Our team sailed out of the Lakewood Yacht Club in Clear Lake, an entrance lake to Galveston Bay and the Gulf of Mexico. Our days consisted of chalk talks, where we discussed everything from sailing basics to advanced racing tactics, and on-the-water drills consisting of practice race starts, races, and technique drills. We worked with two highly experienced coaches who pushed us to learn and perfect our skills. It was nothing but motivating to see our team become stronger and more confident in our abilities as each day went by. Our team also spent time bonding off the water, as we explored downtown Houston and made team dinners every night. Spring training provided our team with a breadth of sailing knowledge, and we look forward to implementing our new training tactics into our practices and races. On behalf of the Marquette University Sailing Team, we would like to thank the Lake Michigan Sail Racing Federation for their continued support. Our team would not be where it is today without the Lake Michigan Sail Racing Federation.--Marquette University Sailing Team

## PARA SAILING

---

### **SEEKING RACE EXPERIENCED PARA SAILORS FOR TEAM USA AT U25 PARA WORLD CHAMPIONSHIP**

US Sailing has announced a call to competitors for the inaugural U25 Para Sailing World Championship in the Netherlands, July 18-22, 2022. This event provides a unique opportunity for young, aspiring sailors with a disability to represent the United States on the world stage and nurture their Paralympic dreams. It also establishes a starting point for the Paralympic pathway.

Sailors must meet minimum disability criteria as defined by the Para Sailing Classification Rules:

<https://members.sailing.org/sailors/disabled/competition.php>. US National Classifier Barbara Caplan and her team can help determine athlete eligibility, so do not let that be a deterrent to applying.

The event will run from July 18-22 and will be preceded by a 2-day Para Development Program (PDP) clinic that will include coaching. It will be sailed in RS Venture Connect class boats, provided by the organizing authority. This is a two-person event, but individual sailors may apply and be matched with a partner by US Sailing. Participation is limited to one team per country.

Deadline for application to the US Sailing supported team is midnight PDT on May 22, 2022.

Sailors must be 25 or under as of December 31, 2022 and each team of two should, if possible, consist of one male and one female sailor. You may submit an individual or team application/resume. If you are a sailor who would like to apply and do not have a partner, US Sailing will consider all resumes submitted and may select/connect sailors to constitute a team. US Sailing will select and enter the team to compete. There will be some financial support provided by US Sailing.

Notice of Race was posted April 15. Apply today: <https://www.jotform.com/221165049882055>

To see more about the Venture Connect under sail: <https://www.youtube.com/watch?v=j7JHHgrmYw0>

More information about the event can be found here: <https://www.sailing.org/2022/04/26/world-first-u25-para-sailing-world-championship-set-to-debut-in-dutch-waters-this-summer/#articleJump>.

### **APPLY NOW FOR WORLD SAILING'S FIRST EVER PARA KITING DEVELOPMENT PROGRAM**

World Sailing is supporting the growth of Para Kiting by hosting the first ever Para Development Program devoted to the class at the fully-accessible Univela Campione in Lake Garda, Italy, June 22-26, 2022.

Interested sailors and coaches can apply via the link below. Sailors must have previous experience in kiting and be a classified national sailor who is already active in Para Sailing activity or be active but not formally classified.

## SAILING EDUCATION

All education programs are examining their programming and making adjustments to be compliant with CDC, State and Local Regulations to maintain safety and health for all participants. Be sure to stay informed.

**Marine Classes** – Great Lakes Cruising Club School – on line, weekly. GLCCSchool offers a broad range of webinars that will appeal to all Great Lakes cruisers. To become a student at the GLCC School you must enroll as a site member. Don't worry, it's easy. Enrollment is free, so don't delay! We think you'll find our new, modernized and secure web site easy to use, whether from a PC, laptop, tablet, or smartphone. Learn more: <https://www.glccschool.com/home>.

**JetStream-the National Weather Service On line Weather School** – National Weather Service. This site is designed to help educators, emergency managers, or anyone interested in learning about weather and weather safety. The information contained in JetStream is arranged by subject; beginning with global and large-scale weather patterns followed by lessons on air masses, wind patterns, cloud formations, thunderstorms, lightning, hail, damaging winds, tornados, tropical storms, cyclones and flooding. Interspersed in JetStream are "Learning Lessons" which can be used to enhance the educational experience. On line at your own pace: <https://www.weather.gov/jetstream/>.

**Midwest Women's Sailing Conference** – May 14, 2022, 8:00am-7:00pm. Milwaukee Community Sailing Center, Milwaukee, Wisconsin. Keynote: Sailing in Kenya: How One Race Changed a Whole Community--Ayme Sinclair; multiple breakouts on equipment, growing programs, safety, and more. Your choice of live attendance or virtual participation. Complete information and registration: <https://bit.ly/3t22wcl>.

**Lake Michigan Beneteau First 36.7 Fleet Clinic** – May 21, 2022. Chicago, Illinois. Save the Date: The Fleet will be holding a clinic May 21 to get ready for the upcoming racing season. More details to follow.

### **21ST ANNUAL WOMEN'S SAILING CONFERENCE**

The National Women's Sailing Association (NWSA) is holding their 21st Annual Women's Sailing Conference on May 21-22 at the Houston Yacht Club in La Porte, Texas.

The event welcomes all women sailors of all levels and ages and includes networking, keynote speakers, on-the-water workshops along with hands-on and virtual learning.

Alongside of this year's conference, NWSA is offering the International Safety at Sea Course for those sailors interested in getting certification for offshore racing or for feeling more confident before setting off on an ocean passage. There are only 35 spots available for this opportunity, and a 15-module home-study is required before the event, so early registration is encouraged. The S@S program is open to women and men and is associated with US Sailing and is independent of the Sailing Conference in regards to programming and cost.

## SAILED OVER THE BAR

---

**Joseph Anthony D'Italia**, 79, of Fort Wayne, Indiana, and Harbor Springs, Michigan, passed away peacefully on Wednesday, April 13, 2022, after courageously fighting cancer for many years, surrounded by loved ones. Born April 12, 1943, in Queens, New

York, he was a son of Anthony and Lucia D'Italia. He attended college at the Indiana Institute of Technology in Fort Wayne. He married Janet Johnson in 1965 and began a career in real estate in Toledo, Ohio. Later, Jan and Joe moved to Fort Wayne where Joe was an entrepreneur and built the successful interior construction firm, The Strahm Group. After selling Strahm Group, Joe formed Harbor Investments, a commercial real estate venture. Joe served on numerous community and charitable boards, including the Summit Club, Saint Joseph Hospital and Indiana Institute of Technology. He was a member of "The Regiment," a group of friends in the construction business throughout the Midwest, and was instrumental in forming The Drake Group, an alliance of construction material distributors throughout the United States.

Joe took a leadership role in many philanthropic endeavors serving as a mentor to hundreds of people throughout his lifetime. One of Joe's great passions in life was boating. His young years were spent on a little boat exploring the local waters in Southampton, N.Y. In later years, Joe honed his boating skills on Lake Michigan and Little Traverse Bay. Joe's sailing career began in the early 1980's with friends from Fort Wayne and eventually friends from Harbor Springs, Michigan. In the early 1990's, he took a rag-tag group of wannabe sailors, trained them, and turned his boat *Pooh IV* into a top competitor during the summer yacht racing seasons in Harbor Springs. He and his crew also participated in several Port Huron and Chicago to Mackinac Yacht Races. After his competitive sailing days ended, Joe enjoyed many years with his motor yachts traveling around the Great Lakes entertaining family and friends. Joe served as Commodore of Little Traverse Yacht Club and Lake Michigan Sail Racing Federation. He was a Life Member of Lake Michigan Sail Racing Federation. All his boats were named *Pooh* honoring the nickname he gave his wife Jan. "For those of us who were fortunate enough to be part of his *Pooh* Crew, Joe D'Italia will always be our Skipper Joe." Joe was also a world class chef who loved more than anything to cook for family and friends. He spent many hours in the kitchen making sure things were just right and taste testing along the way. Joe loved to entertain and a seat at the D'Italia table either in Fort Wayne or Harbor Springs was a joyful experience for all in attendance. "Joe was a wonderful human being; a considerate, kind, and generous person. Quiet at times, humble always, he had a shy smile that let you know when he was happy and a terrific laugh that we will miss. Sail on Joe." Joe is survived by his sister, MaryAnn (nee D'Italia) Rettino; brother, Anthony (wife Colleen); seven nieces and nephews; 10 grand nieces and grand nephews who will lovingly miss their Uncle Joe; sisters-in-law, Mary (husband Roger) Jones and Janice (husband Thomas) Roberson; along with 13 nieces and nephews; 21 grand nieces and grand nephews who will greatly miss their Uncle Joe; and his loving partner, Kathy Cavanagh. Joe was preceded in death by his parents; and treasured wife of 52 years, Janet (nee Johnson) D'Italia. Services have been held. In lieu of flowers, donations are would be appreciated: Mathew 25, [www.matthew25online.org/support-us](http://www.matthew25online.org/support-us); or University of St. Francis Nursing School: [www.giving.sf.edu](http://www.giving.sf.edu).

Eight bells for the "end of watch" of **Edward B. Stein**, 105, who passed away peacefully at his Chicago home, closely surrounded by his loving family, on Sunday, April 24, 2022. Ed, the son of Leo and Reva Stein, was born on April 23, 1917, on Chicago's south side. He married his high school sweetheart, the late Mildred R. Stein, in 1941, and went on to serve in the United States Navy during World War II. Afterward, he returned to run the family business, Stebco Products Corporation, and became a leader in the office products and luggage and leather goods industries. His love of his work took him and Millie on adventures around the world, gathering many friends as they went. Never far from the lake, Chicago's "oldest-known sailor" sailed almost every weekend of his life, most recently (since 1985) aboard his beloved 36' Catalina, *Dog House IV*. Ed was devoted to the Chicago Area Sea Scouts for most of its existence, teaching the art of seamanship to generations of Chicagoland youth. He became "Temporary" Commodore of the program in 1948, a position he held for more than 60 years. He has received numerous awards through his service to the Sea Scouts, including a Lifetime Achievement Award from the Boy Scouts of America. In addition, Ed was active in the broader sailing and Chicago community, serving as, among many other things, Commodore of Columbia Yacht Club and Commodore of the Chicago Yachting Association. He was voted Chicago Yachtsman of the Year in 1989. Ed was predeceased by his sister, Jane Oguss, and is survived by his daughters, Myrna Stein and Arlene Stein Iverson, his son-in-law Bruce Iverson, his grandson Jared Stein Iverson, his wonderful caregivers, several nieces, nephews, and cousins, and a large circle of friends in places as far flung as Hawaii, Singapore, Prague, and Australia. He is deeply and sorely missed. The family held a small private graveside service on Tuesday, April 26, 2022. A larger celebration of his life will be held this summer. Contributions suggested to Leukemia & Lymphoma Society, 954 W. Washington Boulevard, Suite 305, Chicago, Illinois 60607, <http://www.lls.org>.

**William "Bill" Kroner Mattison** was born on August 10, 1928, in Elkins, WV, to Ralph E. and Dorothy (Kroner) Mattison and died on Monday, April 25, 2022. As an energetic young man, Bill, was always building something. At about age 7 he received a set of acrobatic clowns and a net for their performance. From that beginning he fell in love with the circus, constructing his first model circus at the age of 12 which he displayed on street corners to raise money for charity. At age 14, he ran away with the circus for two summers and was a prop boy. By age 16, he started the family business, Star Photo, which was a fixture in Madison for over 40 years. After the sale of the business, he worked for Qualex for another 10 years. At age 22, he was drafted into the U.S. Army, where he served on the ground in Korea during the bitter cold of 1951. Bill was a builder of iceboats and sailboat rebuilds, winning 12 iceboat international championships. He was an avid soft water sailor in many classes. He served on the shore crew of three America Cup Campaigns, including the 1992 winning campaign of *America*<sup>3</sup>. He was inducted into the Madison Sports Hall of Fame, The National Sailing Hall of Fame and the Circus Model Builders Hall of Fame. He was a member of Mendota Yacht Club and Four Lakes Ice Yacht Club. Bill leaves to mourn his wife of 65 years, Mauretta; daughter, Lynn (Paul) Raley; son, Bill (Kelly) Mattison; four grandchildren, Matthew Raley, Andrea (Alex) Kohler, and Will and Abigail Mattison; two great-grandchildren, Paul and Millie Belle Kohler; two step-great-grandchildren, Ty and A.J. Kohler; and sister, Donna Liddle. He was predeceased by his parents; his brother, Bob; and sister, Dolly. A time of sharing will be held at Gunderson East Funeral and Cremation Care, 5203 Monona Drive, Madison, WI at 4 p.m. on Saturday, May 7, 2022. A celebration of Bill's life will be held at the funeral home from 2 p.m. until the time of the service on Saturday.

**Charles Sherfey**, age 80, entered eternal life on December 4, 2021. He was born October 20, 1941, in Bridgeport, Nebraska to parents, Lester and Ruth Sherfey. Chuck met his wife Marilyn at a ski club and they were married in Chicago on November 22, 1969. They moved to Mt. Prospect in 1971 and he was involved in numerous ministries at Southminster Presbyterian Church in Arlington Heights. This ranged from teaching the Confirmation class to the board of elders to the national board of pensions. He worked as a consulting actuary until age 60. Amongst other interests, he thoroughly enjoyed racing sailboats on Lake Michigan, completing his 25th trip to Mackinac Island in 2006. He was a member of the Island Goats Sailing Society. Chuck is survived by his children Brad (Joy) Sherfey and Sage (Sean) Youngstedt; and his grandchildren Jane & Peter Sherfey and Elyse & Caleb Youngstedt; He is also survived by sisters Judi Harms and Joy Dannelly and many nieces and nephews. He was preceded in death by his wife of 51 years, Marilyn; grandsons Benjamin & Levi Youngstedt; brother-in-laws Butch Harms and Ed Dannelly and his parents. Services have been held. Memorial gifts may be directed to Christopher House, 5235 W. Belden Ave., Chicago, IL 60639, Alzheimer's Association, 225 N. Michigan Ave., Fl. 17, Chicago, IL 60601, or to Southminster Presbyterian Church, 916 East Central Rd., Arlington Heights, IL 60005.

**Allan Joseph Vorel**, born August 4, 1931 in Cleveland, Ohio; passed away peacefully at Butterworth Hospital in Grand Rapids, Michigan, on January 26, 2022 at the age of 90 years. He spent most of his life in Grand Rapids, Michigan where he built a very full life with his sweetheart from Union High School, Patricia "Pat" (Zenk) Vorel, whom he married on June 30, 1951. They had been married 67 years when she passed in 2019. He was also preceded in death by his parents, Joseph Charles Vorel and Marie Antoinette (Stipek) Vorel, brother Robert "Bob" Vorel Sr. and sister-in-law Marjorie L. (Gehner) Vorel. Allan and Pat had five children, Allan (Jackie Prestia), Rick (Sherry), twins, Scott (Carol) and Cheryl (Jack Carlsen), and Mark (Juanita). He loved his grandchildren: Jack, Colleen, Josh, Brad, Mary, Traci, Christina, Elizabeth and Jake. He also enjoyed spending time with his 9 great-grandchildren. Starting his career as an apprentice tool and die maker, he later created his own company in the industry. After being diagnosed with a serious heart condition, Allan retired from full time work in his 50's. However, he never fully stopped his many activities which included teaching Computer Aided Design at Grand Rapids Community College, volunteering at the Forest Hills Fine Arts Center and Grand Rapids Public Museum, and his involvement at the Grand Rapids Yacht Club. Additionally, he and Pat constructed two houses, planted and maintained beautiful gardens, and he built an attractive pond based on his own design. They also enjoyed playing cards with friends, especially Bridge, which proved to be a lifelong delight. Allan's passions revolved around going fast ... cars, planes, horses and sailboats. He loved learning about cars, volunteering at race tracks and owning sports cars. He also enjoyed reading about various types of airplanes and building models. He had an incredible recall for identifying planes and their associated stories. He owned a horse named Jif and loved riding and jumping courses at Kentree Stables. Allan and Pat learned to sail in the 1960's, and enjoyed participating in races on Reeds Lake. Shortly after his heart diagnosis, he transitioned from sailing races to officiating them. Allan and family friend, Jackie Zinn, became the Grand Rapids Yacht Club race committee and together they ran countless races every Saturday and Sunday each summer for more than 20 years. During that period, he also taught many new sailors the rules of racing and coached them on how they might do better. Additionally, he helped a number of sailors fix and tune their boats; providing the tools and parts required (even if he had to make them himself). While he was no longer able to sail, he kept Pat's boat, Rebel 4161, in top shape so that the team of Pat and granddaughter Mary could be successful in winning three national championships. Although the boat passed to other family members after Pat's death, it still remains competitive due to Allan's efforts. Allan was always brutally honest, highly punctual, intensely consistent, a stickler for the rules and precise in everything he did. But he could also be counted on for occasional snarky jokes or bad one-liners. He had a much longer and fuller life than he ever expected and will be missed. Services have been held.

## US SAILING NEWS

---

### **APPLY NOW TO BE LMSRF'S US SAILING ADULT SAILING CHAMPIONSHIP TEAM**

The 2022 US Sailing Adult Sailing Championship will be held at Bay-Waveland Yacht Club, Bay Saint Louis, MS, October 27-30, 2022, with a practice day on October 26, 2022. It will be sailed in the Viper 640.

Noted as US Sailing's most coveted Adult Sailing Championship, it began as a men's event in 1952 and transitioned to an open event in 1993. The Mallory Trophy dates back to the Battle of the Nile in 1798 from the estate of Lord Nelson.

Teams must be made of sailors from the representing Regional Sailing Associations. RSAs within US Sailing Association may submit their representative for selection. The 2022 event will be sailed in Viper 640.

To be considered for the LMSRF Team to the 2022 US Adult Sailing Championship, submit your team resume to [lmsrfoffice@gmail.com](mailto:lmsrfoffice@gmail.com) by July 15, 2022. LMSRF will make its Team Choice by August 4, and notify all applicants of the decision. Team members shall be members of LMSRF.

### **U.S. ADULT SAILING CHAMPIONSHIP QUALIFICATION AND ELIGIBILITY**

Qualification and Eligibility

- Each Regional Sailing Association (RSA) within US Sailing may select (1) one team to apply for invitation. Determinations can include qualifying event, other event or when an event is not sailed, by resume submission from the US Sailing representing RSA.
- Each RSA must confirm their selection with US Sailing via email to US Sailing Adult Championship Coordinator before a resume can be submitted.
- RSA submission shall be open to all sailors who reside or regularly compete in the RSA.
- Team members must be members from the same RSA.
- Teams from the same yacht club may apply when each team is representing a different RSA.
- The Host club may submit a team for evaluation/selection to their RSA, when all sailors meet the entry requirements. Only (1) one team will be permitted to represent that RSA.
- Team members must be current members of US Sailing.
- Sailing organizations within the US Sailing RSA must be current members of US Sailing or team members can be direct members of their RSA if the RSA offers an individual membership.

- The number of teams selected each year is dependent upon the maximum number of boats supplied by the event host. In the event an excess number of teams apply than space permits, the US Sailing Adult Championship Evaluation Committee will extend invitations based on conditions within the Selection Process (found on the event website). Those that meet the criteria and not selected may be placed on a wait-list.
- A Submission will be considered for review once the Online Application form is complete and the Non-Refundable Application Fee is paid by the deadline date.
- The 2022 event will be sailed in Viper 640 using the championship league sailing format.
- Applications are not yet open.

### US Sailing Championship Selection Process

When maximum number of resumes exceed the number of spaces available for the event, the evaluation committee will review each application and extend invitations accordingly.

Resumes will be evaluated on the following criteria:

40% Sailor Criteria – How many major events have they competed in the past three years; the number of races in these events, number of attendants

20% – Qualified through a regatta at the Regional Sailing Association level

20% – Class Criteria – size, diversity, depth, and activity of class they consistently sail nationally

10% – sailors under 30 make up 25% of the team

10% – female sailors make up at least 25% of the team

Bonus: Additional 10% if a female is a helm

### Championship History

While youth and women had national, ladder-system championships for a quarter century, it was not until 1952 that a similar championship for men eighteen years and older was established during Robert N. Bavier, Jr.'s tenure as Executive Director of NAYRU.

The family of Clifford D. Mallory, who revived NAYRU in 1925, provided a magnificent sterling silver tureen, purportedly from the estate of Lord Nelson but according to the hallmarks more likely executed after his death for his brother. It was immediately popular, with twenty of the twenty-three district associations, now called Regional Sailing Associations, competing in the inaugural match won by Cornelius Shields of the Larchmont Yacht Club. The next year, the regulations were relaxed to permit female members of the crew but not at the helm.

Beginning in 1993 the Women's and Men's Championships were held together in alternate years. Since 2006, the event has been a mixture of a ladder series starting at the club level and a resume application. In 2009, the championships began being held together each year and the two committees merged. The two fleets used the same race course, sailed different classes of boats and enjoyed social events together.

The joint events have sometimes been hosted by two cooperating, nearby clubs – otherwise by a single club. In 2013, the regulations were relaxed further to allow women to helm as well, reflecting the fact that most boats are now sailed by a mixed crew and the championship was renamed the U.S. Adult Sailing Championship. In the past, 11 boats each representing one of the 11 US Sailing Areas were eligible for participation. To manage increased interest in the event the committee voted in 2015 to change the format from an Area based selection to a Regional Sailing Association or RSA Selection process. Still sailed on provided boats, it is run in a round robin format, providing three days of challenging racing by sailors from around the country.

### **U.S. SINGLEHANDED CHAMPIONSHIP AT WEST MARINE US OPEN SAILING SERIES SAN DIEGO**

The 2022 West Marine US Open Regatta in San Diego, California, has been combined with U.S. Singlehanded Championships this June 17-19, 2022. ILCA 6 for women for the Helen Hanley Trophy and ILCA 7 for men for the George D. O'Day Trophy registration is now open.

- ✚ If eligible and competing in the ILCA 6 (Women's division) or ILCA 7 (Men's Division) and interested in being scored for the 2022 U.S. Singlehanded Championship, contact: [nancymazzulli@ussailing.org](mailto:nancymazzulli@ussailing.org).
- ✚ US Sailing Waivers, Releases, and Code of Conduct Forms: All eligible registrants competing for the *U.S. Singlehanded Championship* (per NOR) in the ILCA 7 or ILCA 6 are required to fill out the US Sailing forms prior to check in day.
- ✚ Singlehanded racing in North America originally involved, for the most part, the occasional sailor competing in the Olympics.
- ✚ It received a boost when the ex-collegiate sailor, John Marvin, won a bronze medal at the 1956 Olympic Games and the Finn was introduced on a broad scale in North America.
- ✚ The U.S. Singlehanded Championship was first sailed on Long Island Sound in the Finn Class, the championship was won by the late Peter J. Barrett.

### Championship Facts

- ✚ ILCA 7 – Men's, ILCA 6 – Women's
- ✚ Run in conjunction with the West Marine US Open Sailing Series, San Diego, CA
- ✚ Must be 17 years of age in the calendar year of competition
- ✚ Must be current members of US Sailing, member of a Sailing Club, Sailing Organization or District Laser Class Association belonging to a Regional Sailing Association
- ✚ All competitors that are US citizens shall be members of US Sailing, non-resident non-citizens shall either be members of US Sailing or members of their World Sailing recognized MNA.
- ✚ Males sailing in ILCA 7 and Females in ILCA 6 that meet the requirements are eligible.

## WORLD SAILING NEWS

---

### **RS AERO CLASS INVITED TO HEMPEL WORLD CUP ALLIANZ REGATTA**

The RS Aero will be a part of the Hempel World Cup Allianz Regatta, which is taking place from 27 May to 5 June 2022 in Almere, Netherlands.

Renowned for being the most technically advanced boat in its sector, the RS Aero is no stranger to the world stage and is a great fit for the new 'Racing of the Future' Course which aims to showcase equipment innovation and a cultural shift that celebrates the future of our sport.

The innovative RS Aero design includes an impressive list of sustainable credentials. The 30kg hull, significantly minimizes weight and efficient manufacture, and its efficient stacking system allows over 28 boats to be loaded into a 40' shipping container, minimizing freight cost and the carbon footprint of distribution to dealers and regattas. Further supported with robotic racing marks and an electric rib, the Pulse 63 provided by RS Sailing's sister brand RS Electric Boats, the 'Racing of the Future' course is really shaping up to be at the forefront of sustainable dinghy racing.

Alongside its passion for sustainability, the International RS Aero Class celebrates inclusivity. The RS Aero's modern design enables a broader spectrum of sailors to compete at the pinnacle of this fleet. This, paired with a charter fleet of 20 brand new RS Aero's, provided by RS Sailing, opens up participation to sailors from outside of the class or travelling from further afield. Peter Barton, the International RS Aero Class Manager commented, "The International RS Aero Class is very excited to be included in the Hempel World Cup Allianz Regatta this year and thanks the organizers for their invitation. RS Sailing providing a large charter fleet gives the opportunity for sailors new to the RS Aero to join current Class members at this prestigious event. It will be very interesting to watch the event progress with the new RS Aero Class at this World Sailing event and we look forward to building on this in the future."

The RS Aero Class is an established International Class and winner of the 2019 World Sailing Equipment Trials for the 2024 Men's and Women's One Person Dinghy Event. With the RS Aero World Championship taking place in The Gorge, Oregon, United States in June, followed by the Inaugural RS Aero Youth World Championship taking place in Weymouth, United Kingdom this July, recognition of the RS Aero's potential by being included in the 'Race of the Future' course further showcases that the RS Aero Class is truly international, inclusive and going from strength to strength.

Marieke Rot-Gijzel, the RS Sailing Netherlands Representative, commented, "Selection to be a part of the Hempel World Cup Allianz Regatta will further support the ongoing growth of the RS Aero Class in the Netherlands and across wider Europe. We are looking forward to welcoming a diverse group of sailors to the event and bringing some of the famed RS Sailing culture to the event too!"

The Notice of Race is due to be updated shortly. Please [follow this link](#) for further information about the event and [click here to charter an RS Aero](#) during the Hempel World Cup Allianz Regatta.

2022 French Olympic Week

Fédération Française de Voile, Base Nautique Municipale, Hyères, France

April 23-30, 2022

The medal race and finals series concluded today on Mediterranean waters for the 53rd French Olympic Week and the US Sailing Team is bringing home a gold and two silvers.

USA Medal Winners:

- GOLD: Daniela Moroz, Women’s Formula Kite
  - SILVER: Steph Roble / Maggie Shea, 49erFX
  - SILVER: Nevin Snow / Mac Agnese, 49er
- Other USST Top Finishers at French Olympic Week 2022:
- 9th: Andrew Mollerus / Ian MacDiarmid, 49er
  - 11th: Ian Barrows / Hans Henken, 49er
  - 14th: Sarah Newberry / David Liebenberg, Nacra 17
  - 20th: Markus Edegran, Men’s Formula Kite

“Going into the finals today I only needed to win one race to win the event,” said Women’s Formula Kite athlete Daniela Moroz. “It was super light wind so there was a lot of pumping out of tacks and gybes. It was key to stay in the pressure and get to the right side of the course as quickly as possible and I ended up coming away with the win on that first race of the day and securing the gold.” “It was a really fun week,” continued Moroz. “We sailed a wide variety of conditions and rode almost all of the kite sizes in our kit to adapt to the wind and the sea state. It was really tough and I had some very tight battles with Lauriane Nolot [from France] but overall enjoyed a great week in Hyères.”

“This week went really well for us,” said 49er athlete Nevin Snow. “We learned a lot every day and we managed to stay in the top three all six days of the event, finishing off in second. We’re happy with how we delivered on the goals we set out at the beginning of the event and the results that came in the process of executing on those goals.” “The Palma regatta and this regatta in Hyères were our first chance to test the new mast and sails, so it was a great opportunity to gather some data,” added Maggie Shea. “We found some good settings and some bad settings, and we’re excited to go back to the drawing board this spring and continue progressing before the Europeans and Worlds this summer.” “Hyeres provided great conditions and competition for our athletes to test themselves,” said USST Coach Charlie McKee. “Steph and Maggie took some lessons away from Palma, put them to good use here, and sailed really well to earn a well-deserved silver. Daniela came here focused and well-prepared, and delivered an extremely consistent and impressive performance to win the gold. In the 49er fleet Nevin and Mac came back to international competition after a long absence and shocked the fleet with

their ability to immediately perform at the highest level. Their teammates (and Palma silver medalists) Ian Barrows and Hans Henken were hugely helpful in getting Nevin and Mac back up to speed, and the cooperative spirit these athletes displayed showed the true power of 'Team' within the resurgent US skiff program." "The sailors are focused, training hard and collaborating," said Paul Cayard, Executive Director of US Olympic Sailing. "We have great coaches. There is a TEAM behind the athletes and coaches. Thanks to our sponsors and donors, we have more resources to provide more support. The results from the Spring events in Europe are encouraging. However, our destination is far."

## 2022 Inter-Collegiate Sailing Association Women's Team Race National Championship

### Brown University, Providence, Rhode Island

#### April 23-24, 2022

It was a great first day at the inaugural College Sailing Women's Team Race National Championship powered by Team One Newport. 56 races were completed on the day despite a late start waiting for the sea breeze to fill in at around 1:30pm in 2014 Zim FJs and 2017 LP Z420s. The breeze ranged mainly between 12-16 knots with great waves and temps in the 60's with lots of sun. Great thanks to PRO Megan Grapengeter-Rudnick, Ragna Eide, and Courtney Bergh, all Brown class of 2017 graduates, who kept things cranking along. Thanks to our Brown sailors Janelle Li '25, Connor Macken '24, Catherine Morrisette '24, and Lucian Sharpe '24 for helping with finishes and on land. Thank you to Roger Williams Coach Amanda Callahan for organizing a terrific group of umpires who kept the racing fair with full umpiring led by Chief Umpire Carrie Greene. Thanks to everyone who was able to lend us powerboats: the Edgewood Yacht Club, Moses Brown School, Harvard, Dartmouth, and Yale. Thanks to Boston College Coach Greg Wilkinson for being the ICSA Rep and to Team One Newport for being our sponsor. The second day started with a slowly dying easterly breeze to finish out the round robin of 12 teams. We then had one flight in round 2 for the top 6 teams before the breeze diminished for a long period. After it seemed like all hope was lost on getting in anymore races, the sun came out and a nice southerly filled in at around 3pm to finish up round 2 for the top 6 teams. It was a real battle in this round with some really great, close team racing all the way until the end of each race. FJs were used to complete Round 2 and we finished by 4:45pm. Yale, Boston College, Stanford, and Brown were all in contention to win the event until the final few races for each team. Great thanks to PRO Megan Grapengeter-Rudnick (Brown 2017), Ragna Eide (Brown 2016), and Courtney Bergh (Brown 2016), who ran the races and did an amazing job in some difficult conditions at times. Thanks to our Brown sailors Sierra Bornheim '24, Carly Costikyan '24, Spencer Dellenbaugh '23, Janelle Li '25, Connor Macken '24, Olivia Miller '25, Catherine Morrisette '24, Lucian Sharpe '24, and Mason Stang '25 for helping with finishes and on land. Thanks to Edgewood Yacht Club Vice Commodore Chris Lee for helping with finishes on Sunday and welcoming everyone to Edgewood for this event. Thank you to our terrific group of umpires who kept the racing fair with full umpiring: Chief Umpire Carrie Greene, Marina Barzaghi, Paula Grasberger, Emily Haig, Sophie Hibben, Glora Kevilciute, Johanna Kincaid, Alice Leonard, Kelly McGlynn, Megan Roach, Kelsey Wheeler, and Bob Austin-LaFance. Thanks to everyone who was able to lend us powerboats: the Edgewood Yacht Club, Moses Brown School, Harvard, Dartmouth, and Yale. Thanks to Boston College Coach Greg Wilkinson for being the ICSA Rep and to Team One Newport for being our sponsor. Thanks to Carolyn Campbell-McGovern from the Ivy League for being there to support the event and to present the first ever winner of the Ivy League Championship for Women's Sailing. And lastly, thanks to Brown Athletics photographer David Silverman for taking photos. Every team at the event was a part of College Sailing history at the first ever College Sailing Women's Team Race National Championship. A huge congratulations to Yale on being crowned the first ever champions of this event with a 13-3 record and also the Ivy League Women's Champions. Congrats to second place Boston College and third place Stanford, both one win back with a 12-4 record.

|    |                                                                                     |                     |           |      |                                                                                |                                                                                                                                                                                                                                                                                 |

### 2022 MISSA MALLORY DINGHY DISTRICT CHAMPIONSHIP Chicago Yacht Club, Chicago, Illinois April 23-24, 2022

Racing on Saturday began at 0945 with cloudy skies, a 16 mph average wind and gusts up to 20 mph, and a 2 - 3 foot chop. The temperature started in the mid-40s and ended up in the mid-70s by the end of the day. During the course of the day, the clouds dissipated, and the wind and chop increased as the twenty schools competed for four spots for the Mallory Dinghy National Championships in June. Races were windward/leeward (LA2) with a gate and offset. The race committee moved the races into the harbor at midday and then moved them back out into the open water after the breeze settled in, with a south breeze averaging around 17 mph. After the breeze returned to the mid-20s, the race committee decided to return to the harbor and finish the day there. After the first day, it was a real battle between St. Ignatius (IL) Arrowhead, Bay, and Lake Forest. As the second day began, competitors met, and there were a few changes due to breakdowns on day one that could not be fixed by day two. The judges, OA and MISSA Rep, and MISSA President have ruled that a bye would be needed for the remainder of the regatta, with 20 teams and 19 boats. There was a strong breeze on Sunday and looming bad weather with potential thunderstorms. Race committee members tried to run as many races as possible, but as lightning and rain threatened, the race committee decided to call off the regatta. A special mention goes to Saint Ignatius (IL), Lake Forest (IL), Bay (OH), and Arrowhead (WI) for qualifying for the Mallory National Championships in San Diego. Also qualifying for the Phoebe King Regatta in Annapolis are the University of Chicago Lab School, Grosse Pointe South (MI), New Trier High School (IL), Latin School of Chicago (IL). It is my pleasure to thank the CYC Race Committee for working so hard to provide the best racing for the underlying conditions. The team of judges for their participation on and off the water. Thank you to the sailing school staff who prepared everything. Cam Borkowski, CYC Bosun on Saturday and Sunday, deserves special accolades for all his hard work.

## 57<sup>th</sup> Congressional Cup

### Long Beach Yacht Club, Long Beach, California

April 19-23, 2022

Ian Williams (GBR) and Team *Gladstone's Long Beach* won the 57th Congressional Cup – and a fifth iconic Crimson Blazer – toppling defending champion Taylor Canfield (USA) and Team *Stars+Stripes* 3 to 1 in the final matches of this thrilling five-day regatta. “This is what Congressional Cup is all about! Champagne sailing and the most exciting match racing in the world, with Ian Williams and Taylor Canfield battling it out again for the Crimson Blazer in the finals!” exclaimed Congressional Cup Chair Lisa Meier. Winners of the Congressional Cup receive the Crimson Blazer – a symbol of yachting excellence akin to The Masters’ Green Jacket, in addition to honors and prize money. “They have a long history and rivalry: Ian was first to win in 2011 and 2012, then Taylor took the Cup in 2014, 2015, and 2016. But Ian stole it back in 2017, and then they traded wins in 2018 and 2019 again! These two have been at it for two decades!” But in 2021 Williams was unable to compete due to pandemic restrictions; Canfield swept in and captured his fifth title. “And this year Ian came back with fury to win the 2022 trophy!” Meier said. “So now the score is tied with five each: the greatest number of Congressional Cup wins for any skipper in history. What a thrill and honor for Long Beach Yacht Club to host the 57th running of this well-fought and iconic regatta.” The final stage took place beneath sunny skies with moderate breeze that built throughout the afternoon. It was a shift from the first four days of racing when a brisk westerly swept the Congressional Cup Stadium racecourse with winds consistently in the high teens and 20s. Conditions were testing for the crews; every tack and jibe that much more difficult in the heavy wind and chop. In the opening two days of round robin racing, Canfield took an early lead with Williams close astern. But it was a clash for the last two spots in the semifinals, with Berntsson and Poole squeezing out their rivals in the field of 10 of the world’s top ranked match racing skippers. In yesterday’s semifinals Canfield beat Poole, as Williams defeated Berntsson, to advance the old rivals to the final stage. Today began with a fleet race for the six teams disqualified after round robin series, with Long Beach Yacht Club Permanent Staff Commodore Dave Hood’s Congressional Cup team taking first place. Then it was ‘fight on’ to determine the podium places for the 57th Congressional Cup. Racing was feverish, with heated pre-start maneuvers that continued throughout the matches, up and down the course; the teams mustering their remaining strength after a grueling week of sailing. Headsails up and down, tacks and jibes, dial ups and dial downs, and penalty flags flying: the skilled teams illustrating their superior handling and knowledge of the intricacies of match racing. Canfield captured the first match and Williams the second; with a photo-finish going to Williams in the third as he did a hasty ‘spin and win’ to strike a penalty in the last seconds of the race. In the fourth flight Williams, a six-time World Champion, took control of the race from start to finish, to take match point and his fifth Congressional Cup title. “I was devastated not to be here last year; and even more gutted now that I remember what I missed,” said Williams. “I wanted to try to be the first to five wins so it feels fantastic now to have matched Taylor. What a great competitor: to match him is fantastic; I guess now it’s a race to six!” Williams applauded his crew saying, “We hadn’t been here for three years, I hadn’t match raced for 18 months, and it’s been years for some of the guys. So we had a lot of work to do, but just kept improving every day; all the way through the finals. I can’t say enough about these guys. And a shout out to Chair Lisa Meier and the yacht club too, to turn this around six months after the last event. The 2021 event was postponed from its traditional spring timeframe to September. “It’s a testament to how hard everyone must have worked, and what great stability this regatta provides the match racing world during difficult times,” noted Williams. For Team *Stars+Stripes*, it was a disappointing result, said Canfield. “The team was pushing hard all through the end, but when you’re sailing against a really good team, any mistake is very costly: they are always going to capitalize on it. We were excited to face off in

the finals and it's obviously a disappointing finish, but it just makes us hungry to come back and win some more." In the petit final, a collision between Poole and Berntsson in the first match gave the advantage to Berntsson for the win and Poole a penalty of -.75 points, adding a twist to the series. In this 'first to two points' series Poole would need to win three matches, as he was starting with a deficit. With nothing to lose, Poole put the hammer down and won the next two races; putting the points at Berntsson 1 – Poole 1.25 and necessitating a fourth match. Victory in that duel earned him third place in this 2022 event, moving up from a fourth-place win in Congressional Cup 2021. "My guys sailed really well, building off of last year," said Poole. "How we sailed those last few races in the petit final was really the highlight of the week. "The Congressional Cup is always the top of the heap as far as the competition goes. Every competitor here took a race off of us at some point, but we love the challenge, and we love being here. We went against the best of the world and feel we can hold our heads high." The Congressional Cup has represented the pinnacle of sportsmanship and match racing skill since the first event, in 1965.

## 2022 MCSA Open Dinghy Championship

### University of Wisconsin, Madison, Wisconsin

April 9-10, 2022

We had a great day today with drastically different conditions from yesterday - the sailors were happy to enjoy sunny skies and warmer weather. Today the highest wind speeds were about 10 knots, gusting to 12 at around 1 pm. The wind was shifty with large oscillations in the gusts. The nominal wind direction shifted right throughout the day, but competing wind direction provided periods of gusts from the left. The wind slowly died as the day went on, and we were forced to take a short postponement after attempting the 7th race multiple times. Luckily, the conditions became sailable again, and we were able to get in a final set. We had a beautiful day Sunday to finish off the fleet race portion of the regatta. We were able to enjoy sunny skies and flat water. The breeze came out of the southeast and there were big oscillations in wind direction trending to large righties and occasional lefties. The sailors bore puffy conditions with lows of 8 knots and gusts of up to 20 knots. The breeze increased throughout the day, as did the waves. Overall beautiful sailing, and we are so grateful to our PRO Scott Corder and scorekeeper Lisa Corder, our Judges Bruce Martinson and John Porter.

**2022 Hoosier Daddy****Indiana University, Bloomington, Indiana****April 9-10, 2022**

We had a skippers' meeting at 9am, but racing was postponed due to cold temperatures and snow. Racing started at 1pm. We got through 4 races each for the A and B divisions before we ended for the day a little after 4pm. Purdue was not able to compete in B division races 3 and 4 due to a broken tiller extension in the boat they were supposed to rotate to. The P.R.O. required the boat to retire for the remainder of the day until it could be sufficiently repaired. The race committee scored Purdue as BYE for those two races, following the instructions of the ICSA Procedural Rules Part IV, Section A, Rule 20.d regarding Breakdowns. First signal was delayed until 10am due to lack of wind, but it picked up by the time we got out to the water. The weather was much nicer today than yesterday. It was a short day of racing because ISC has club racing later today and needed us off the water at 12pm.

**2022 MISSA CENTRAL BAKER TEAM RACE CHAMPIONSHIP QUALIFIER****Latin of Chicago/New Trier HS/St. Ignatius (IL)/Walter Payton College Prep, Chicago, Illinois****April 9-10, 2022**

MISSA Mallory Central Baker Team Race Championship qualifier day one began a bit cold; most of the 10 teams had to brush snow or scrape ice off their cars before showing up at the host Chicago Yacht Club. The wind played havoc on racers and race committee alike as the day heated up to a balmy 42 degrees. During the day, there was a steady 8 to 10-knot breeze, but the shifts fluctuated anywhere from a few degrees to 25 degrees, and every few races that oscillation would turn into a persistent shift, and the race committee would have to square the course. Race committee members were able to complete 36 races despite the challenges as the breeze died in the late afternoon. Because of the conditions at the end of Saturday and the forecast for Sunday, the original double round-robin plan had to be modified. After round one finished, teams 4, 5, 6, and 7 sailed a Knock-out Series for the fourth and fifth spot to MISSA Baker Championships to be held in Pontiac, MI. With Lake Forest, St. Ignatius, and Latin locking up the top three qualifying spots, the sail-off was between Evanston, New Trier, Latin and Lab school, with the top two teams advancing to the Championships. There were some intense team races among these four teams as the breeze settled in from 10 to 13 knots from the Southeast. Chicago University Lab School and Walter Payton college prep finished 4th and 5th at the qualifier, respectively. Our heartfelt thanks go out to the race committee and the umpire crew, as well as all the coaches who pitched in to make this event successful. Congratulations and good luck to the top five schools who advanced to the MISSA Baker Finals.

## 2022 MCSA Open Team Race Championship

### University of Wisconsin, Madison, Wisconsin

#### April 8-9, 2022

It was great day for some team racing! For our first round we had a consistent 10-12 knots with some flurries of snow. The breeze picked up after lunch to 15-17 knots with puffs around 22 knots. We got three rounds in where the Wisconsin Sailing Team came out with a perfect record of 12/0. Thank you so much to our PRO Scott Corder and our incredible field of umpires Geoff Pedrick, John Porter, Greg Gifford, and Bruce Martinson. We concluded all our racing on Friday and moved onto fleet racing Saturday morning.

|    |                                                                                    |                          |                |      |                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                              |

## 2022 Finn North American Championship

### Fairhope Yacht Club, Fairhope, Alabama

#### April 7-10, 2022

Twenty-four competitors were at the 2022 Finn North American Championship on April 8-10 in Fairhope, AL. They had windy and moderate conditions. With sailors from all over the US and from Canada plus Lake Michigan, it was Rodion Mazin that set the pace, winning four of six races to build a 10 point winning margin. The battle for second ended in a tie, with Nikia Mazin beating John F. Dane on countback.

## 2022 Trofeo Sofia Mallorca

### Palma, Mallorca, Spain

#### April 2-9, 2022

Palma Bay witnessed 10 gold medal winning performances on the concluding day of the 2022 Trofeo Sofia Mallorca. With 1,015 competitors, this regatta launched the 2022 Hempel Sailing World Cup Circuit while also marking the start of a new Olympic cycle towards Paris 2024. The Trofeo Princesa Sofia Mallorca is unique among major multi-class Olympic regattas in delivering an overall winner. This year's winners are Ruggero Tita and Caterina Banti (ITA) who take the title after dominating the Nacra 17 division. The winner is the boat with the lowest average points after dividing the total points in the regatta series by the number of races completed (including any discard). The Italians won nine of their 13 races, convincing overall winners, with 11 to 15 knot winds from the north-west, the offshore breeze made for tricky Medal Race conditions.

#### Nacra 17

Tita and Banti, as the reigning Nacra 17 Olympic Champions, started their new campaign in the most dominant form. Winning by 36 points, the Italians have mastered a revised rudder system by the Class with superior upwind performance in the foiling catamaran. "We won here in Palma in 2018," said Tita after coming ashore from winning the Medal Race. "It feels good to win four years later, at the same point in the Olympic cycle." The silver medal went to Sinem Kurtbay and Akseli Keskinen (FIN) with John Gimson and Anna Burnet (GBR) in bronze.

#### Formula Kite Men

Reigning World Champion Theo de Ramecourt (FRA) won gold in the Formula Kite Men, the first time the foiling kiteboards have been seen at a Hempel World Cup Series event. Finishing in silver was another Frenchman, Benoit Gomez (FRA), with Connor Bainbridge (GBR) taking bronze. "My overall speed was really, really good compared to the others," said de Ramecourt. "I had some good tactics which meant when I made mistakes I could come back. It is good to see the whole French team really killed it here. We are really all pushing it all the time to the next level which is really nice."

#### Formula Kite Women

After a slow start to her event, Daniela Moroz (USA) has been playing catch-up with the reigning World Champion putting the hammer down to overtake the yellow jersey of Lauriane Nilot (FRA) who had led for most of the regatta. Ellie Aldridge (GBR) took the bronze. "That was one of the most intense finals of my life for sure," said Moroz. "It was so hectic. I definitely had my work cut out on the last one because I had a bad start. I just had a good attitude to keep fighting to the end, as in these conditions anything can happen. It is never over. I kept going and took advantage of every shift and came away with a bullet. It means everything to win here, everyone is super excited to be in amongst all the other Olympic sailing classes and to be in this environment."

iQFOiL Men

Luuc van Opzeeland (NED) went on the attack, using the three-board final to try to grab the gold medal from Andy Brown (GBR). Although the Dutchman bettered the Scotsman as they exited the start line, Brown battled back to take the lead and secure his first victory on the Hempel World Cup Series. Nicolò Renna (ITA) stormed through for silver, relegating van Opzeeland to third place. “The French and Dutch guys were really gunning for me,” said Brown. “I like to think I respond well to pressure and I did when I messed up. I got a bit of redemption there. This is a great confidence boost. I want to go to the Olympics and win and so I needed to start winning some time and now it feels good that I have.”

iQFOiL Women

Hélène Noesmoen (FRA) had led all week, dominating the regatta through to the final day. With the finals format of the iQFOiL format designed for the possibility of an upset, Pilar Lamadrid (ESP) seized her moment and went on the attack. However, Noesmoen was not to be bettered and kept hold of the gold medal, with Lamadrid taking silver and bronze going to Maja Dziarnowska (POL). “It is such a nice feeling to come here and win,” Noesmoen. “Today was very intense as the wind was up and down in the one race I had to win. This is another good step for me on the journey to Marseille and the Olympic Games.”

ILCA 7

Michael Beckett (GBR) won gold in the ILCA 7 singlehander to beat some of the heroes of his youth, not least reigning Olympic Champion from Tokyo, Matt Wearn (AUS). Wearn has been on the comeback trail all regatta after a shocking opening day and silver was a good recovery for the Australian after languishing in 32nd on day one. Germany’s 2020 world champion Philipp Buhl (GER) took the bronze. “At one point it looked like I would be last which would not have been good at all,” noted Beckett. “Matt was winning and so would have won the event. It was unbelievably stressful until I crossed the line. I have grown up racing against these Olympic medalists and so I do know exactly how hard it is to beat them because I have never done it before. It feels good.” “Second place at the first event after the Games is good, I am happy,” said Wearn. “I had a breakage on the first day and it was a bit uphill after that. It is a bit frustrating because if I had had a decent first day then I would have been in the hunt to win, but we still have Hyères next.”

ILCA 6

Sarah Douglas (CAN) sailed a victory lap in the ILCA 6 singlehander Medal Race, the Canadian having already secured the gold medal with a day to spare. Hannah Snellgrove (GBR) and Vasileia Karachaliou (GRE) were already assured of medals, but it was a matter of who would beat who. The British sailor managed to get ahead of the Greek, and Snellgrove’s tight cover on her rival meant she won silver, Karachaliou taking the bronze. “I am so happy with the week and the way I sailed,” offered Douglas. “I can’t believe it. It is my first podium and my first World Cup win. I am stoked. I was kind of the queen of sixth place over the last quad and I told myself I wanted to stand on the podium on this journey to Paris 2024 and so I am so happy to start off like this.”

470 Mixed

Jordi Xammar and Nora Brugman (ESP) have won gold at the start of the new era of 470 Mixed competition. Men and women racing together is changing the game but looking at the podium in Palma, experience from the Tokyo 2020 Games seems to have helped. Behind Xammar, the Olympic bronze medalist, was a new Italian duo of Olympians, old friends from Rome Giacomo Ferrari and Bianca Caruso (ITA) who took silver. In bronze were the French team of Kevin Peponnet (Men’s World Champion in 2018) and Aloise Retornaz (Women’s Olympic bronze medallist from Tokyo 2020). “It’s so good to win, and even better to win in Spain,” said Xammar, who arrived at the event fresh from skippering Team Spain in the SailGP competition in San Francisco, USA. “Jordi is so great to sail with,” said Brugman. “We have made a great start to our campaign and we’re loving every moment of sailing together.”

49er Men

After wearing the yellow jerseys all week, Erwan Fischer and Clément Pequin (FRA) won gold in the 49er Men’s skiff. However, the French were pushed hard in the Medal Race by Ian Barrows and Hans Henken (USA) who finished in silver just three points off the gold. Mikołaj Staniul and Jakub Sztorch (POL) took the bronze. “We made a bit of a mess of our start on port tack, and we had to work hard to come back from that,” said Fischer. “We’re really happy with how we sailed in the Medal Race and all week.” Pequin added: “This is our first big regatta sailing together as a team and we’re so happy. Winning this Hempel World Cup regatta is the biggest win of our career so far.”

49erFX

Odile van Aanholt and Annette Duetz (NED) had already done enough to secure 49erFX gold the day with a day in hand. The Medal Race was a battle for silver and bronze, with reigning Olympic Champions Martine Grael and Kahena Kunze (BRA) battling to keep the chasing pack at bay. The points were close behind the Brazilians with Belgium, Italy, Sweden, and Denmark all in with a realistic shot at the podium. Grael and Kunze won the Medal Race to secure silver. Isaura Maenhaut and Anouk Geurts (BEL) looked good for the bronze early on, but Jana Germani and Giorgia Bertuzzi recovered from a poor first leg to move up to second by the finish, giving bronze to the Italians by just two points. “Annette and I are super happy with our regatta this week,” commented Van Aanholt. “We’re a new team and we haven’t sailed together much but we’re going in the right direction.” Duetz added: “This has been an amazing week of sailing, actually pretty windy. Palma has really delivered some great conditions.”

2022 Big Ten Team Race  
University of Michigan, Dexter, Michigan  
April 2-3, 2022

Sailors began the day in light air that was consistent for most of the day. Completed 17 races the first day. Finished the round robin with slightly better wind than Saturday. Had a sail off for first place which added to the excitement.

2022 Laker Showdown  
Grand Valley State University, Holland, Michigan  
April 2-3, 2022

Conditions at Macatawa Bay Yacht Club on Saturday were cold but very manageable in mandatory dry suits. Spirits were high among all eleven teams as the first race in A Fleet headed off the start line promptly at 1000 hours on a bearing of 170 degrees in 6.5 knots of breeze. To expedite rotations with B Fleet, the second race sailed three legs and

finished upwind closer to the Macatawa Bay Yacht Club. The B Fleet took to the water in similar conditions for their first two races. During the second trip to the docks to rotate back to A Fleet, the winds shifted to 235 degrees and became more variable. Fortunately, this new breeze remained reliable enough to complete and score two more races for each fleet. Just as the fourth race for B Fleet was finishing, the wind velocity dropped significantly and the direction began to oscillate wildly, a sure sign that the expected rain/snow mix was about to arrive as was forecasted. Fortunately, everyone was able to get off the water and all the boats were put away just as the rain and snow began to fall. The day ended early at approximately 1330 hours, but everyone was happy that we were able to achieve four races for each fleet prior to the wind dying and the rain/snow starting. Sunday began cloudy with slightly warmer temperatures and dry conditions. A windward-leeward course was set for a heading of 345 degrees, but the wind velocity failed to meet the minimums required by the Procedural Rules. Rather than totally abandon sailing, everyone cheerfully agreed to simply consider Sunday a “practice day” to make up for the fact that many teams had not yet had the opportunity to practice prior to this event. The A Fleet managed to sniff and drift their way around the course for approximately one and a half races before the wind totally died, dashing the Race Committee’s hopes for providing equal practice time for the B Fleet. The Abandon flag was reluctantly hoisted at 1130 hours. As the sailors put the boats away, the skies cleared, the sun began to shine, and everyone began to feel even warmer, despite the air temperature still being only about 45 degrees. Following the presentation of trophies was the traditional dunking in the lake of soon-to-graduate seniors from host teams Grand Valley State University and Hope College, prompting lots of cheers and laughter. In the end, it was a classic, early Spring Midwest regatta weekend filled with smiles, rekindled friendships, and just enough time on the water to build excitement and enthusiasm for the (hopefully) warmer weekends ahead on the Spring MCSA calendar. We would like to thank all the volunteers that made the weekend possible: PRO Scott Corder and Lisa Corder on the signal boat; Michael and Christina Norris, Marie Colville, and Frank Reeg doing markset; Marilyn and Jan Hoffer on the safety boat, Ali Swets and Liam Walz offering shoreside support; and the MBYC Dockmaster and staff. We appreciate your passion for sailing, and we couldn’t have hosted such a great regatta without you.

## 2022 MISSA CENTRAL MALLORY DINGHY CHAMPIONSHIP QUALIFIER

### Latin of Chicago/New Trier HS/St. Ignatius (IL)/Walter Payton College Prep, Chicago, Illinois

April 2-3, 2022

MISSA Central League Mallory Dinghy Championship qualifier got off to an exciting start on the first day with a touch of sun and a SE breeze at about 10 to 12 knots sending 12 teams out into a moderate chop. Throughout the day, the clouds moved in, the rain fell, and there were some slight snowflakes. We finished the day only completing four A sets and three B sets, as the breeze began to die on us as it turned west. The second day brought some pretty good conditions early on, but as the morning turned into afternoon, fog rolled in, and the race committee had to adjust by changing the course for the benefit and safety of the sailors. We finished the day with some sunshine and completed 9 A sets and 9 B sets. Congratulations to the eight teams who made it to the Mallory Finals on April 23rd and 24th. A big thanks to the race committee and volunteers who helped make the weekend a success.

**2022 First Year Icebreaker Regatta****Notre Dame University, Notre Dame, Indiana****March 26-27, 2022**

Racing for First Year Icebreaker began promptly at 10:00am with moderate and gusty wind of ~7-10 knots out the the northwest. These wind conditions were paired with cold weather, under 30 degrees when racing commenced. A strong morning of racing was recorded before temperatures continued to fall and gusts strengthened. Racing was called for the day a bit earlier than planned due to weather. All in all we were able to get in 10 races for A fleet and 8 races for B fleet in an overall good day of sailing. Racing on Sunday began with B fleet going out to brave even more frigid temperatures. Wind was shifty and gusty out of the northwest at ~6-8 knots sustained. Windchill of 14 degrees made for less than favorable conditions with lines freezing and icicles forming on the boats. Despite this, we were able to finish the regatta with 30 total races between A and B fleets. Congratulations to Michigan for winning First Year Icebreaker and thank you to all our Notre Dame volunteers for helping to put on such a successful event.

## 2022 MISSA Icebreaker

## Latin of Chicago/New Trier HS/St. Ignatius (IL)/Walter Payton College Prep, Chicago, Illinois

March 26-27, 2022

The Chicago Yacht Club-Belmont Station was abuzz with excitement as sailors arrived for the start of the MISSA season. Despite light snow flurries, the excitement for the day didn't stop. The sheets frequently froze during racing due to the 32 degrees temperatures and northwest to north winds ranging from 8 to 15 knots. Despite the cold weather, the race committee and sailors managed to run 8 well sailed races in each division. After waking up to some beautiful sunshine, everyone expected a great day on the water until they stepped outside into the 25-degree air temperature. MISSA's representative, Coaches and Race Committee concluded that not sailing on Sunday would be the best course of action. Christopher Collins, our Race Committee PRO, broke the bad news to the sailors, which was greeted with jubilation.

## 2022 St. Mary's College Women's Interconference Regatta

### St. Mary's College, St. Mary's, Maryland

March 19-20, 2022

Champagne conditions on the St. Mary's River. Air temps hit 78 and breeze was about 10-14 from the South. Courses were mixed between W-4's and W-3's. Three protests and one redress were heard by Rob Overton and justice dispensed accordingly. Top two schools punched on the fleet heading into Sunday and the divisional boat switch. Sunday was another beautiful day of racing on the St. Mary's! Breeze was from the NW starting at about 6-8 and built to the high teens by the end of the day. W-4's all day to complete the 18 race series. PRO Gloria Kevlicute presented Ronstan Gear Bags to the winning Green Wave who edged out the Cardinal.

## 2022 Green Wave Women's Team Race

### Tulane University, New Orleans, Louisiana

March 5-6, 2022

Day one of the Green Wave women's team race provided beautiful racing conditions with a nice south/south easterly breeze. The nice 14 gusting to 20 breeze allowed for 3 full rounds to be completed. Another beautiful day for racing with the same south/south easterly breeze allowed for the final 2 rounds of the event to be completed giving us a full 5 round regatta. Congratulations to Boston College for winning, and to all other teams for making it out for a great weekend of women's team racing.

## 2022 Bob Bavier Team Race

### College of Charleston, Charleston, South Carolina

March 5-6, 2022

This year's Bob Bavier Memorial Team Race featured a strong contingent of Cross Regional teams. the PRO was Chip Till who sent teams out on the water as the breeze started to fill. Racing took place on Crab Bank which offered some relief from a full day of Ebb Tide. After running one flight the light North Easterly caved to an Easterly. With current running upwind the downwind legs offered opportunities for teams to catch up from behind. The conditions were epic, light medium and fairly steady, which made for a great first full round robin. Stanford came out of the day undefeated chased by Charleston with 2 losses followed by Harvard, UC Santa Barbara. The breeze shut off around 4PM and PRO Chip Till sent the teams in for the day after finishing one complete round robin. The Chamber of Commerce rolled out a beautiful Sunday on the bank. Temperatures ashore approached 80 degrees which set up a medium pressure sea breeze out of the SE. Light winds gave way to full hiking conditions but breeze never exceeded 15 knots making for an amazing day of sailing. Stanford took two losses against Georgetown and UCSB but fought off a charge by Charleston for a piece of the lead in the regatta by defeating them with a well balanced 1-2. Harvard put up a great day, only dropping one race to the regatta champs of Stanford. They bested Charleston who took 3rd just ahead of the Green Wave of Tulane. Sailing was tight throughout the day with teams from bottom to top of the standings besting one and other. Chief Umpire Jeff Woodard did a great job of assembling a team of some recent college sailors and seasoned umpires from across the country. Three two-boat teams of umpires kept the racing going. Dockmaster Ned Goss

managed rotations and we had no breakdowns making for a really great regatta. Thanks to all the teams that came, it is always fun to host one of the early season Cross Regional events. We are so happy that Charleston Harbor served up some fantastic conditions for a great weekend of racing.

|    |                                                                                   |                         |          |      |                                                       |                                                             |

## 2022 Nelson Roltsch Team Race Regatta Tulane University, New Orleans, Louisiana February 19-20, 2022

Teams were greeted by fresh conditions with breeze in the mid to upper teens and colder temps for New Orleans at around 50. Racing got underway at 10:15, but the breeze died to less than 3 knots by 11:30, and a lengthy postponement ashore took place until around 2:00. The breeze somehow came back at a manageable 3-5 knot Westerly that allowed us to complete the first round at 4:00pm for the day. After Round 1 UCSB and Tulane sit tied atop the leaderboard, but there is plenty in store for day 2. A much better day of sailing the second day with a stable 8-13 knots out of the East with temps in the 60s made for a great day of competition. We were able to complete 2 rounds with a short break in between. In the end Tulane came out on top, with a 12-3 record. Narrowly missing out on the top spot was a strong UCSB squad in 2nd, with College of Charleston closing out the final podium position in 3rd. A big thanks to the race committee for doing all they could to keep the racing square and fair. Congrats to the Tulane Green Wave for winning the 2022 Nelson Roltsch Team Race, and thank you to all the visiting teams for making the trip.
