Choose Community

"I know that we have all had enough of elections, but this April 6th we will make some important decisions about our local government and we want you to meet the candidates. These are people who reside and work in our community, they are raising their families here, they shop and socialize here, and they live and **love** here. Please come along and get to know the candidates as fellow citizens in our community, before you get to know them as politicians."

Takeout 25 Oak Park asks participants to [spend \\$25 a week at a local establishment](#). If 10,000 residents spend \$25 a week for carryout or delivery at an area restaurant, this translates to \$1 million per month--which could be the difference between economic survival or extinction. Check out how it works on the [Takeout 25 Oak Park Facebook page](#). Participation in programs like this help create a more vibrant, thriving Village that offers a wide array of choices for visitors and residents.
