<a href="#">HB0056</a>	<a href="#">SB0473</a>	Labor and Employment - Leave With Pay - Bereavement Leave	Delegate Boyce	Senator Washington	In House Hearing 1/28 at 1:30 PM EMC	In Senate Hearing 2/11 at 1 PM FIN	Letter of Information	The bill requires paid bereavement leave to be provided to employees under certain circumstances. While the principal of the bill not something we take issue with, it would present an unfunded mandate and does not current carry a provision for increase in funding for DD providers and people who self-direct to cover the additional leave expense.
<a href="#">HB0255</a>		Department of Aging - Grants for Aging-in-Place Programs - Funding	Delegates Hill, Ebersole, Feldmark, Korman, and Lierman		In House Hearing 1/19 at 1:30 PM APP		Support	Bill advanced last session, but no funding was put in the budget to support the grants.

<a href="#">HB0375</a>	<a href="#">SB0211</a>	Labor and Employment - Family and Medical Leave Insurance Program - Establishment (Time to Care Act of 2021)	Delegate Valderrama	Senator Hayes	In House Hearing 2/16 at 1:30 PM EMC	In Senate Hearing 1/28 at 1 PM FIN	Support with Amendment. Funding is a concern	The Arc supports the intention of this bill and the establishment of an insurance program that would be created to allow for paid family leave. We have concerns about the expense to DDA providers and people who self-direct, as well as some of the definitions included in the bill. Without a provision for DD Provider funding to support this new benefit, the program would amount to an unfunded mandate for both providers and staff.

	<a href="#">SB0064</a>	Unemployment Insurance - Earned Rating Record - Waiver of Benefit Charges Due to COVID-19		Senator Salling		In Senate Unfavorable Report FIN; <b>Withdrawn</b>	Support	<u>Other nonprofits and all for-profit employers' contributions are based on two factors -- their own 'experience rating' and the state tax table for that year. The Governor's action in December will moderate contribution/tax increases based on employers' own experience ratings, that would otherwise begin in April of 2021. But regardless of employers' experience, the fact that the Trust Fund itself has been substantially depleted will require - by law - that a much higher 'tax table' apply for 2021 in order to begin replenishing the Fund. This higher table will significantly increase the costs for all contributing employers, regardless of their experience ratings - even those with no layoffs. Read more here.</u>
<a href="#">HB0511</a>		Income Tax - Personal Exemption - Disabled Individuals	Delegate Valentino-Smith		In House Hearing 1/28 at 1:30 PM W&M		Support	Supports extension of tax exemption of additional 1K for people with Physical Disabilities as a natural extension of Blindness (considered a physical disability).
<a href="#">HB0581</a>	<a href="#">SB0486</a>	Labor and Employment - Employment Standards During an Emergency (Maryland Essential Workers' Protection Act)	Delegate D.E. Davis	Senator Augustine et al.	In House Hearing 2/5 at 11 AM EMC	In Senate Hearing 2/11 at 1 PM FIN	Oppose	Direct Support Professionals are essential and should be provided with appropriate PPE, communication, safety considerations for their working environments, and other rights. We are concerned with the overly broad nature of the bill, including definitions for who is included in the list of essential workers, what constitutes an emergency, a retroactive application of the provisions of the bill to the beginning of the state of emergency, the absence of any funding mechanism for the pay and benefits required through this bill, and other provisions that may result in increased risk to people with IDD. Individuals who self-direct would be considered essential employers under the current definition as well.
	<a href="#">SB0307</a>	Labor and Employment - Direct Care Workforce Innovation Program		Senator Guzzone		In Senate Favorable Report FIN	Support	It appears this bill WOULD include DD Provider Staff as Direct Support Professionals. Support with coalition testimony

	<a href="#">SB0388</a>	Vehicle Registration - Disability Plates - Parking Meter Fees		Senator Cassilly		In Senate Hearing 2/10 at 1 PM JPR	Support	Would make it so that people with disability plates would not have to pay parking meter fees regardless of whether spaces are accessible

<a href="#">HB0906</a>	<a href="#">SB0814</a>	Unemployment Insurance - Earned Rating Record - Waiver of Benefit Charges Due to COVID-19	Delegate Carey	Senator Klausmeier	In House Hearing 2/23 at 1:30 PM EMC	In Senate Hearing 3/2 at 1 PM FIN	Support	Many of The Arc providers self-insure for their unemployment insurance, and some had to downsize during the pandemic (transportation and day program components primarily) due to lack of work for those employees. The experience rating for them is going to be higher, plus the experience rating for the state (which is aggregated and spread) is likely to increase up to 5X what it is now without this legislation. The legislation synopsis: Requiring, except under certain circumstances, the Secretary of Labor to waive the charges of unemployment insurance benefits against the earned rating record of an employing unit for claims filed during a certain period of time that the Secretary determines to be related to COVID-19; authorizing the Secretary to charge certain unemployment insurance benefits against the earned rating record of an employing unit due to certain conduct related to separation notices; and terminating the Act at the end of June 30, 2025.
	<a href="#">SB0610</a>	Lodging Establishments - Accessible Rooms for Individuals With Disabilities - Deadlines		Senator Cassilly		In Senate Hearing 2/25 at 1 PM FIN	Oppose	The sponsor is asking to move the timeline for law compliance back. <a href="#">HB0059</a>	<a href="#">SB0147</a>	Task Force on Higher Education Students With Chronic Health Conditions	Delegate Pena-Melnyk	Senator Feldmark	In House Hearing 1/20 at 1:30 PM APP	In Senate Hearing 1/20 at 11 AM EHEA	Support with Sponsor Amendment	The sponsor's vision is a Maryland where all students striving for a higher education degree suffering from chronic conditions have the support they need to be successful. This bill will establish a task force to recommend best practices and legislation to best protect this population of students. In the bill as amended, a chronic health condition will be re-defined as a physical, DEVELOPMENTAL, behavioral, or emotional condition.
<a href="#">HB0097</a>	<a href="#">SB0066</a>	Department of Housing and Community Development - Office of Digital Inclusion - Established (Digital Connectivity Act of 2021)	Delegate Lierman et al.	Senator Elfreth et al.	In House Hearing 1/26 at 1:30 PM EMC	In Senate Hearing 2/9 at 1 PM EHEA	Support	There has been a great inability for children to access virtual education due to gaps in service and income. This needs to be addressed for equity in access. This bill would establish an Office of Digital Inclusion in the Department of Housing and Community Development to ensure that every resident of the State is supported by high-quality broadband Internet service at an affordable price and has the tools necessary to use and take advantage of the Internet.
<a href="#">HB0155</a>	<a href="#">SB0098</a>	County Boards and Public and Nonpublic Prekindergarten Programs and Schools - Discrimination - Prohibition	Delegate Wilkins	Senator McCray	In House Hearing 1/27 at 1:30 PM W&M	In Senate Hearing 1/28 at 11 AM JPR	Support with Education Advocacy Coalition Testimony	Would create protections against discrimination of children with disabilities in policies related to admissions and educational services.

<a href="#">HB0143</a>	<a href="#">SB0218</a>	Maryland Child Tax Credit	Delegate Palakovich Carr	Senator King	In House Hearing 1/14 at 1:30 PM W&M	In Senate Hearing 1/27 at 1 PM B&T	Support	This would allow certain taxpayers to claim a credit against the state income tax for certain dependent children under certain circumstances; defining a qualified dependent as a child that is under the age of 6 years OR is under the age of 17 years and is a child with a disability.
<a href="#">HB0237</a>	<a href="#">SB0126</a>	State Department of Education - Early Literacy and Dyslexia Practices - Guidance and Assistance	Delegate Ebersole	Senators Hester and Zucker	In House Second Reading Passed with Amendments	In Senate Hearing 1/27 at 11 AM EHEA	Support with Education Advocacy Coalition Testimony	
<a href="#">HB0273</a>	<a href="#">SB0266</a>	Education - Voluntary Ethical Special Education Advocate Certificate Program	Delegate Turner	Senators Patterson and Benson	In House Hearing 1/27 at 1:30 PM W&M	In Senate Hearing 1/27 at 11 AM EHEA	Oppose	The bill would create a "voluntary ethical special education advocate certificate program." The purpose of the bill is unclear. "Advocate" is not defined, and it is not clear who the bill is intended to encompass. Second, the bill would allow "advocates" who complete a webinar or online training module to obtain a certificate of completion, but the content and length of the webinar or module are not specified. There is no reason to assume that a person who completes the webinar or training module would, by virtue of having received a certificate of completion, have reached any particular level of achievement or would automatically be an "ethical special education advocate." Third, because the program is voluntary, there is no guarantee that "advocates" who may be in need of the training envisioned by the bill sponsors would avail themselves of it. The bill is vague and would have no practical meaning if enacted. In fact, the bill might have the unintended consequence of leading people to believe that an advocate who possesses a certificate of completion of the program is more qualified than he or she actually is.
<a href="#">HB0370</a>	<a href="#">SB0225</a>	Education - Public and Nonpublic Schools - Seizure Action Plans (Brynleigh's Act)	Delegate Kerr	Senators Young and Feldman	In House Hearing 1/20 at 1:30 PM W&M	In Senate Hearing 1/20 at 3 PM EHEA	Support	Would require training of all school personnel including bus drivers on seizures and select staff would be trained to provide emergency first aid to students experiencing seizures.
<a href="#">HB0392</a>		Child Care Centers - Early Childhood Screening and Assistance	Delegate Guyton		In House Second Reading Passed with Amendments		Support	This is a repeat bill from last session that would increase childhood screening for early identification and intervention.
<a href="#">HB0405</a>		Special Education - Judicial Actions - Attorney's Fees and Related Costs	Delegate Lopez		In House Hearing 1/20 at 1:30 PM W&M		Support	This bill would create a mechanism for judges to award expert witness fee recovery to parents when they are the prevailing party in a Special Ed case. The law currently allows for the award of attorney's fees to prevailing parents, but families have the burden of assuming expert witness expenses and many families cannot afford the expense of having expert witnesses while the school system regularly brings experts in at state taxpayer expense.
<a href="#">HB0496</a>		Primary and Secondary Education - Mental Health Services - Expansion (Counselors Not Cops Act)	Delegate Wilkins		In House Hearing 2/3 at 1:30 PM W&M		Letter of Information	The Arc supports that SROs should be limited in schools, not be involved in school discipline, and that any enhancements to funding for supportive personnel be directed at providing additional counseling staff.

<a href="#">HB0724</a>	<a href="#">SB0209</a>	Special Education - Prolonged School Closure - Extension of Education Services	Delegate Guyton	Senator Peters	In House Hearing 2/12 at 1:30 PM W&M	In Senate Hearing 1/27 at 11 AM EHEA	Support	This bill would require a county board of education to offer and provide to certain disabled and special education students (whose schools are subject to a prolonged school closure) the option to continue attending school or receiving education services after the student's anticipated graduation date. Furthermore, the bill would require a county board to provide a notice to the parents or guardians of eligible students about a student's option to continue attending school or receiving certain education services.
<a href="#">HB0714</a>	<a href="#">SB0300</a>	Special Education - Learning Continuity Plan - Requirement	Delegate Guyton	Senator Peters	In House Hearing 2/10 at 1:30 PM W&M	In Senate Hearing 1/27 at 11 AM EHEA	Support	This bill would require an individualized education program or 504 Plan to include a learning continuity portion to be developed by the team, including the parents of the child as equal partners to the process. The component of the plan would be developed by the members of the child's IEP or 504 plan team at the time of the plan review and serve as a guide to ensure continuity of services and supports needed by the student to continue to receive a Free and Appropriate Public Education (FAPE) during emergency conditions - when the child is unable to access the school building for 10 days or more. This bill would become effective on October 1, 2021.
<a href="#">HB0716</a>	<a href="#">SB0371</a>	Special Education - Individualized Education Programs - Educational Evaluations	Delegate Griffith	Senator Peters	In House Hearing 2/10 at 1:30 PM W&M	In Senate Hearing 2/11 at 11 AM EHEA	Support	This bill would create a mechanism for parents to obtain an evaluation paid for by the school in cases where the school has not provided the evaluation within prescribed timeframes. This has been critical for families during the pandemic as they have not been able to have their children evaluated or re-evaluated for education access supports.
<a href="#">HB0522</a>		Public Schools - School Resource Officers - Prohibited Conduct	Delegate Washington		In House Hearing 2/3 at 1:30 PM W&M		Support	This bill would prevent school administration from directing a school resource officer (SRO) to enforce discipline-related school policies, rules, regulations or procedures and would also prevent an SRO from intervening to enforce discipline.
<a href="#">HB0547</a>	<a href="#">SB0485</a>	Maryland Medical Assistance Program - Dental Prophylaxis Care and Oral Health Exams	Delegate R. Lewis	Senator Augustine	In House Hearing 2/9 at 1:30 PM HGO	In Senate Hearing 2/16 at 1 PM FIN	Support	Expands payment to allow for more frequent cleaning appointments as indicated to be needed by dentists.
<a href="#">HB0621</a>		Prince George's County - Elementary School Students - Daily Physical Activity (Student Health and Fitness Act) PG 504-21	PG County Delegation		In House Hearing 2/5 at 1:30 PM W&M		Support	It is well established that children benefit from daily physical activity and there are profound benefits for children with sensory needs who, when allowed to jump and swing (proprioceptive), are more ready to learn after these activities.
<a href="#">HB0765</a>		Workers' Compensation - Occupational Disease Presumptions - Novel Coronavirus (Essential Workers' Compensation Act)	Delegate Terrasa		In House Hearing 3/2 at 1:30 PM EMC		Oppose	The bill states that employees of certain industries who contract Covonavirus will be presumed to have contracted the virus on the job. We know that COVID is unusually high on the transmission scale, and many people contract the virus through the course of every day life, despite wearing masks and taking other precautions. It would be a mistake to make the assumption that an employee who has COVID contracted it at work when they could have contracted the virus at the grocery store or other place.

We hope that one determination will be that Peyton's Law, passed in 2017, will have an annual appropriation for the Home and Hospital Program.
<a href="#">HB0939</a>		Education - Student Education Grant Program - Established	Delegate Arian		In House Hearing 2/17 at 1:30 PM W&M		Oppose	Private Schools don't have to honor the extra support students may need through an IEP. <a href="#">HB0998</a>		County Boards of Education - In-Person Instruction and Related Services - Requirement	Delegate Griffith		In House Hearing 2/24 at 1:30 PM W&M		Letter of Information	Requiring, notwithstanding any law, regulation, or executive order to the contrary, each county board of education, for the 2021-2022 school year, to require school buildings to be open each school day to provide in-person instruction and related services, including services such as speech-language pathology services, counseling, physical therapy, and occupational therapy, to certain students; requiring each county board to provide instruction and related services to certain students in person except under certain circumstances; etc.
<a href="#">HB1166</a>		Education - Physical Restraint and Seclusion - Requirements, Reporting, and Training	Delegate Ebersole		In House Hearing 2/24 at 1:30 PM W&M		Support	Prohibiting a public agency or nonpublic school from using a physical restraint on a student as a behavioral health intervention, except under certain circumstances; prohibiting a public agency or nonpublic school from using seclusion as a behavioral health intervention for a student, except under certain circumstances; requiring a certain risk assessment to be completed at certain points for a student who has an individualized education plan and experiences a seclusion; etc.

	<a href="#">SB0096</a>	Public Health - Behavioral Health Programs and Health Care Facilities - Safety and Community Relations Plans		Senator McCray		<b>Passed in Senate with Amendments (47-0);</b> In House First Reading HGO	Letter of Information	While the safety plan component of the bill is a positive development, the community communication plan is concerning. People with disabilities have the right to access the community and be in and of the community with preservation of privacy. NIMBY is a going concern, and it is possible this bill would fan that fire.

<a href="#">HB0347</a>		Criminal Law - Exploitation of Vulnerable Adult or Elderly Individual - Undue Influence	Delegate Shetty		Passed In House (131-4); In Senate First Reading JPR		Support	<p>WHY is this legislation important?</p> <ul style="list-style-type: none"> <li>• It is a fact that some adults with disabilities are vulnerable and at risk of a range of exploitative or coercive behaviors including financial, physical or emotional abuse.</li> <li>• The Attorney's General office notes that abuses against vulnerable adults are escalating in our communities. Even more troubling is that for every case of abuse that is reported to authorities, experts estimate that as many as five cases go unreported.</li> <li>• Those who are elderly, or have significant support needs are at an increased risk of losing their assets to those exerting undue influence on them.</li> </ul> <p>This legislation redefines the term "undue influence" and adds factors the court must consider when determining whether property was obtained from a person with disabilities by undue influence.</p>

<a href="#">HB0315</a>	<a href="#">SB0136</a>	Juvenile Law - Juvenile Interrogation Protection Act	Delegate Bartlett et al.	Senator Carter	In House Hearing 2/4 at 1:20 PM JUD	In Senate Hearing 2/4 at 11 AM JPR	Support	Often, children who become entangled in the legal justice system are questioned by law enforcement without a parent or attorney present. As a result, they face criminal charges, prosecution, and incarceration often without the basic due process rights to which adults are entitled.  Without consideration for the due process rights of children, and supports to ensure these rights are upheld, our current system presents dangers for all children and particularly children with intellectual and developmental disabilities who may lack awareness of the severity of their situation. Some children with disabilities may experience dysregulation of their emotions or have adverse reactions to their environment, causing them to become disruptive or even aggressive. In these situations, trauma-informed and restorative practices/positive behavioral interventions are the keys to safe and effective incident resolution, but we have only just begun to see these practices used in our schools. Students with disabilities, therefore, remain vulnerable to disciplinary responses from schools, and police involvement in incidents.
