

# COVID-19 Vaccination Clinic

## at Kennedy Krieger Institute for Individuals With Disabilities

Kennedy Krieger Institute hosts a COVID-19 vaccination clinic on Wednesdays between 1 and 4 p.m. and Fridays between 9:30 a.m. and 2 p.m., by appointment. This clinic is for individuals with disabilities and their caregivers, ages 5 and up.

### **Wednesdays, 1–4 p.m.**

1741 Ashland Ave., Baltimore, MD 21205  
First-Floor Clinic

### **Fridays, 9:30 a.m.–2 p.m.**

801 North Broadway, Baltimore, MD 21205  
First-Floor Clinic

Individuals may receive their first, second and/or booster dose(s) of the Pfizer COVID-19 vaccine at this clinic. (Please bring proof of previous dose(s) if receiving a second or booster dose.)

All individuals who can tolerate wearing a mask must do so at all times while at the clinic. We can accommodate individuals with disabilities who are unable to wear—or tolerate wearing—a mask. If you and/or the individual being vaccinated are sick or experiencing symptoms of COVID-19, please do not come to the appointment. We can accommodate those who need to come by medical transport vehicle.

The vaccination environment is sensory-friendly—with minimal sights and sounds—to accommodate those who are sensitive to noise and light. Professional behavioral support staff members and members of Kennedy Krieger's child life team will be on-site to help calm those who have vaccination anxiety. Spanish and American Sign Language communications and translation are available, on request.

This COVID-19 vaccination clinic is by appointment only. To make an appointment, please email [COVID19Vaccine@KennedyKrieger.org](mailto:COVID19Vaccine@KennedyKrieger.org) or call **667-205-4930, extension 5-4930**.
