| <a href="#">SB0331</a> |                        | Task Force to Study Paratransit in Maryland  | Senators Lewis Young and Charles                                    | In Senate FIN Hearing 2/7 at 2 PM              | Support with Amendments      | Establishing the Task Force to Study Paratransit in Maryland; requiring the Task Force to study paratransit in the State, including current, needed, and expected funding for paratransit, reasons for current funding and spending gaps, and the role public-private partnerships could play in meeting funding and service gaps; and requiring the Task Force to report, on or before June 30, 2025, its findings and recommendations to the General Assembly. | This is very much needed to understand the Paratransit system and to develop solutions to enhance and improve services. We will be asking sponsors to ensure that people with disabilities and lived experience with the service are added to the Task Force. This has been a topic of interest in the Cross Disability Coalition for years and there are members who would be excellent representatives for the voices of people with disabilities.  | Coalition testimony |  |
| <a href="#">HB0215</a> | <a href="#">SB0226</a> | Human Services - Attendant Care Program - Ongoing Additional Supports                            | Chair, HGO By Request of Dept. of Disabilities                      | In House HGO First Reading                     | Support                      | Altering the purpose of the Attendant Care Program to include the provision of financial assistance for ongoing additional supports that increase an individual's independent performance of essential daily activities and is requested by an eligible individual   | The Attendant Care Program is administered by the Maryland Department of Health to help people with severe chronic or and permanent physical disabilities living in the community. These services may take the form of employment supports, and supports to attend post-secondary education as examples. The goal of this program is to prevent nursing home admission by providing essential services and supports to people in the community. Statute dictates the program functions through providing direct reimbursement for attendant care services obtained by the program participant. With this bill the Department hopes to expand the program to allow for reimbursement of attendant care services and add "ongoing additional supports." This would allow participants in the program to be reimbursed for additional services and supports that they need for home and community-based living, that are approved by the MDOH. Examples of such supports could be grocery delivery, prescription drug delivery, service animal expenses, laundry services, and more. |                     |  |

This would amend the law to say that a fee for a DL or ID is not required if the applicant for the card:<br>(i) Is 65 years old or older;<br>(ii) Is legally blind;<br>(iii) Has permanently lost the use of a leg or an arm;<br>(iv) Is permanently disabled so severely that the applicant cannot move without the aid of crutches or a wheelchair;<br>(v) Has a physical or mental impairment that substantially limits a "major life activity" as defined in the federal Americans with Disabilities Act; (and among other allowances in the bill...)<br>(X) PRESENTS DOCUMENTATION SHOWING THAT THE APPLICANT IS CURRENTLY UNDER THE CARE OF THE MARYLAND DEPARTMENT OF HEALTH.  |                     |  |

Long                                | In House W&M Hearing 1/31 at 1 PM  | Oppose                  | Establishing that it is unlawful for a parent or guardian of a student in a public school to fail to seek and participate in counseling with the parent's or guardian's child after receiving a certain notice of violent and disruptive behavior; and requiring a public school principal to provide a certain written notice to the parent or guardian of a student who engages in two or more incidents of violent and disruptive behavior on school premises or during school-related activities during the school year.                   | We are concerned that requiring parents to receive counseling for the behavior of their children is inappropriate in the case of a student with disabilities whose behavior may be related to their disability. While school-parent partnerships are important and should be a focus, we believe this particular bill/requirements may put undue burden on families of students with disabilities and is not in line with significant work to instill restorative practices in school, and is not supported in the trauma informed care model. |
| <a href="#">HB0060</a>           |                        | Rehabilitation Services - Disability - Definition  | Delegate Guyton                                 | In House W&M Hearing 2/7 at 1 PM   | Support                 | Altering the definition of "disability" relating to the provision of rehabilitation services in the State to align with the federal Rehabilitation Act of 1973; and defining "disability" as any physical or mental impairment that constitutes or results in a substantial impediment to employment or independent living.  | This updates language and should not present any unintended negative impact even as label would be different from Federal statute.   |
| <a href="#">HB0050</a>           |                        | Commission on History, Culture, and Civics in Education  | Delegate Acevero                                | In House W&M Hearing 1/17 at 1 PM  | Letter of Information   | Establishing the Commission on History, Culture, and Civics in Education to make recommendations to the State Board of Education and the State Department of Education to further the discovery, interpretation, and learning of the history, culture, and civics of the United States and Maryland; and requiring the Commission to report its findings to the Board, the Governor, and the General Assembly by December 30 each year beginning in 2024.  | We need to make sure alterations to the curriculum of history, culture and civics will include information on the history and culture of disabilities. This is important to increasing knowledge and understanding for greater inclusion/acceptance. Letter of information requested a change to a term-from "Differently abled" to "person with a disability", and also a request to add an additional member to the coalition from the disability community.   |

| <a href="#">HB0074</a>  |                         | Public Schools - Lifesaver Schools Program - Establishment   | Delegate Guyton              | In House W&M Hearing 1/17 at 1 PM                       | Support                             | Establishing the Lifesaver Schools Program to recognize public schools that provide health and safety training to students and school personnel; requiring Lifesaver Schools to offer students, at a minimum, training on cardiopulmonary resuscitation and first aid, mental health wellness programs or a peer mentoring program, provide service hours for student participants, and offer certain training to school personnel; and authorizing a public school to partner with the county board to meet the criteria to qualify as a Lifesaver School. | We support this as one more way schools can embrace and implement cultures of understanding and help to those in need. We believe this will extend to greater empowerment, and safety for students with special behavioral and medical healthcare needs.   |  |  |
| <a href="#">HB0157</a>  |                         | Public Schools - Appropriations for School Safety Expenditures - Increase (School Safety Enhancement Act of 2024)    | Delegate Griffith            | In House APP Hearing 1/30 at 1 PM                       | Letter of Information               | Beginning in fiscal year 2026, increasing from \$10,000,000 to \$20,000,000 an annual appropriation to the Safe Schools Fund to provide grants to local school systems and local law enforcement agencies to assist in meeting an annual reporting requirement on law enforcement coverage in public schools.   | School safety is important and so is having resources for positive behavioral supports, training for teachers, and environmental modifications that could ensure access and safety, and want to ensure funds for those purposes are not starved in favor of funding for SROs. We have concerns about expanding the number of SROs in school when data supports situations where SROs have escalated situations. We will be sharing our views with partners and determining a position prior to hearing.  |  |  |
| <a href="#">HB0167</a>  |                         | Public Schools - Student Health - Certificate of Dental Health   | Delegate Harrison            | In House W&M Hearing 1/31 at 1 PM                       | Letter of Information               | Requiring, beginning in the 2026-2027 school year, each student enrolled in a public elementary or secondary school in the State, to submit a certificate of dental health to their school on a certain schedule; and requiring the State Department of Education, in consultation with the Maryland Department of Health, to adopt certain regulations and to develop and disseminate a standard form for a certificate of dental health to county boards of education and parents and guardians of certain students.                                      | On top of financial considerations and barriers to equity if legislation passes, there are some students with disabilities who do not tolerate dental care. In some cases, it may be in their best health interest to undergo dental work under sedation, but this is considered a risky approach and the risks often outweigh the benefits of the examination. There must be accommodations for students and families under certain circumstances so students are not prevented from accessing education- we have signed on to a letter of information from the EAC.  |  |  |
| <a href="#">SB0419</a>  | <a href="#">HB0377</a>  | Therapeutic Child Care Grant Program - Funding - Alterations   | Senators King and Zucker     | In Senate B&T Hearing 1/31 at 1 PM                      | Support with additional information | Altering the fiscal years, to begin in fiscal year 2025 and each fiscal year thereafter, during which the Governor is required to include in the annual budget bill a certain appropriation to the Therapeutic Child Care Grant Program.  | We would still like to see inflation increases to the mandated appropriations for therapeutic childcare.   |  |  |

| <a href="#">HB0336</a>  | <a href="#">SB00592</a> | Maryland Achieving a Better Life Experience (ABLE) Program - Materials for Individualized Education Program Meetings | Delegate Forbes et al.       | In House W&M Hearing 1/31 at 1 PM                       | Support with Information            | Requiring a local school system to provide to parents at certain individualized education program meetings for children with disabilities certain written informational materials regarding the Maryland ABLE Program in a certain manner; requiring the State Treasurer to develop informational materials about the Maryland ABLE Program that may be distributed electronically or by hand; and requiring the State Treasurer to provide informational materials to the State Board of Education and county boards of education.                         | We would like to see this include the parents' rights with the materials given each year.  |  |  |
| <a href="#">SB00592</a> | <a href="#">HB0336</a>  | Maryland Achieving a Better Life Experience (ABLE) Program - Materials for Individualized Education Program Meetings | Senator Zucker et al.        | In Senate EEE First Reading                             | Support with Information            | See above   | See above  |  |  |
| <a href="#">HB00615</a> | <a href="#">SB00512</a> | Education - Prohibited Behavior on School Grounds and Property - Application   | Delegate Ruth et al          | In House W&M First Reading                              | Support                             | Specifying that provisions of law prohibiting and penalizing certain disruptive and threatening behavior on certain school grounds and property do not apply to students who commit offenses at the institution they attend or students who commit offenses at another institution while participating in or attending a sporting event or other extracurricular program sponsored at that institution.   | This is a repeat bill from last session that did not make it through the legislative process. This bill would ensure that any person, other than a student, who enters a school and willfully disturbs the educational experience or school sponsored event will continue to be subject to a charge and penalty under the bill-referenced provision of the Education Article. This bill does not change law that says that students are subject to arrest and conviction for crimes contained elsewhere in the Criminal Law statute. This bill just removes the special crime of school disruption for <b>students</b> from the Education statute. |  |  |

| <a href="#">HB00675</a> |                         | Primary and Secondary Education - Education Savings Account Program - Established (Maryland Universal School Choice Act)                                  | Delegates Grammer et al.             | In the House - First Reading Appropriations       | Oppose   | Establishing the Education Savings Account program in the State administered by the State Department of Education to provide grants to the account of the parent of an eligible student in order to provide for the eligible student's education; requiring the parent of an eligible student to participate in a certain agreement with the Department; and allowing a subtraction modification under the Maryland income tax for deposits into an education savings account.  | We prefer that any funds the state could gather for school choice grants instead be directed to public education enhancements. We are concerned this is being presented as a work-around to the BOOST program. If grants are going to be given by the state for use in non-public school admissions, there should be requirements for non-public schools who accept grant funding from parents of students with special education needs, to comply with the IDEA as if they were a public school, with all of the associated responsibilities and requirements. |

Washington                                 | In Senate EEE Hearing 1/24 at 2 PM | Support with Amendment | Prohibiting an institution of higher education from using an admissions application that contains questions about an applicant's disciplinary record, subject to certain exceptions; and authorizing an institution of higher education to make inquiries into and consider information about a student's disciplinary record for discipline related to academic dishonesty.   | Students with disabilities who experienced behavior disregulation in school may have faced discipline for their behavior. Often with time and treatment/positive behavioral intervention, once concerning behavior may resolve prior to the student exiting high school. They should not have their futures hindered by something that was the result of a behavioral health or other disabling condition. |  |  |

| <a href="#">HB00641</a> |                        | Election Law - Curbside Voting   | Delegate Williams and Wilkins | In House W&M First Meeting                              | Support                | Requiring each local board of elections, at least 6 months prior to each statewide primary election, to designate an outside location for curbside voting, subject to the approval of the State Board; requiring a local board to take into account certain factors when determining a location for curbside voting; and establishing requirements governing curbside voting, including requirements related to the designation of curbside voting locations and how to vote at a curbside voting location.                          | Similar to a bill filed last year with slight differences to account for concerns raised with privacy, notifications, and access. Curbside voting would make it easier for people who have ambulation and mobility disabilities to vote from the comfort of a car.                 |
| <a href="#">HB0318</a>  | <a href="#">SB0373</a> | Criminal Law - Theft - Mail and Mail Depository Key  | Delegate Solomon et al.       | In House JUD Hearing 1/30 at 1 PM                       | Support                | Prohibiting the theft of mail from a mail depository owned by the United States Postal Service; prohibiting the theft of a device used to open a mail depository owned by the United States Postal Service; prohibiting the theft of mail with intent to commit identity theft; prohibiting the theft of mail from an elderly person or a vulnerable adult with intent to commit identity theft; and establishing penalties for violations of the Act.   | Individuals with IDD and other disabilities fall victim to identity theft and mail fraud to a greater degree than people without disabilities, and often have greater difficulty addressing the identity theft and resolving it. We support increasing penalties for these crimes. |

| <a href="#">HB0032</a> |                        | Income Tax - Caregiver Tax Credit  | Delegate Harrison                      | In House W&M Hearing 2/1 at 1 PM   | Evaluating | Allowing certain caregivers a credit against the State income tax equal to 30% of certain qualified expenses paid or incurred during the taxable year that exceed \$2,000 to provide care or support to certain qualified family members; and applying the Act to all taxable years beginning after December 31, 2023.  | Similar to Senator Benson's Caregiver Tax Credit bill but not considered a cross file- we are evaluating for any subtle differences   |  |  |
| <a href="#">HB0189</a> |                        | Maryland Medical Assistance Program - Provider Agencies and Personal Care Aides - Reimbursement and Wage Reports (Homecare Workers Employment Act of 2024) | Delegate R. Lewis                      | In House HGO Hearing 1/24 at 1 PM  | Monitoring | Requiring provider agencies to submit certain reports to the Maryland Department of Labor regarding wage rates for personal care aides on or before September 1 each year, beginning in 2025; and requiring, by September 30, 2026, and every 2 years thereafter, the Maryland Department of Health to submit reports to the Senate Finance Committee and the House Health and Government Operations Committee regarding reimbursement rates for provider agencies and any recommended regulatory or legislative changes.   | EXCEPT AS PROVIDED IN PARAGRAPH (2) OF THIS SUBSECTION, THIS SECTION APPLIES ONLY TO PERSONAL ASSISTANCE SERVICES PROVIDED UNDER COMMUNITY FIRST CHOICE, COMMUNITY OPTIONS, COMMUNITY PERSONAL ASSISTANCE SERVICES, AND ANY OTHER HOME- AND COMMUNITY-BASED SERVICES ADMINISTERED BY THE DEPARTMENT. (2) THIS SECTION DOES NOT APPLY TO PERSONAL CARE SERVICES PROVIDED THROUGH THE DEVELOPMENTAL DISABILITIES ADMINISTRATION.  |  |  |
| <a href="#">HB0195</a> |                        | Public Safety - Missing Persons With Cognitive Impairment - Purple Alert Program   | Delegate Guyton et al.                 | In House JUD Hearing 2/6 at 1 PM   | Monitoring | Establishing a Purple Alert Program to disseminate information to assist in locating a missing person who suffers a cognitive impairment, intellectual or developmental disability, or brain injury who is not eligible for the Silver Alert Program.   | We are still evaluating what this bill would do. The Silver Alert law currently applies to people with cognitive impairments (not just older adults with dementia) so it is currently unclear if a new alert is needed.   |  |  |
| <a href="#">HB0251</a> |                        | Unemployment Insurance - Covered Employment - Employees of Governmental Entities or Charitable, Educational, or Religious Organizations                    | Chair EMC by request of Dept. of Labor | In House EMC First Reading         | Evaluating | Specifying that certain limitations on the payment of benefits to employees of governmental entities or charitable, educational, or religious organizations do not apply with respect to service in other covered employment, including covered employment for a for-profit employing unit, even if the service is provided exclusively for a governmental entity or a charitable, educational, religious, or other organization.   | The bill seems to extend unemployment insurance to temp agency employees working for charitable organizations (such as DD providers), among other industries. There is a question of how this insurance would be applied as the nature of these positions are that they do not guarantee set hours/set days of work. We would need to know how the unemployment would be charged to the non-profit when the employee is designated as "unemployed". We are seeking more information from the Department of Labor Secretary. |  |  |
| <a href="#">SB0169</a> |                        | Green and Renewable Energy for Nonprofit Organizations Loan Program and Fund   | Senator Kagan                          | In Senate B&T Hearing 1/17 at 1 PM | Monitoring | Establishing the Green and Renewable Energy for Nonprofit Organizations Loan Program in the Maryland Energy Administration to provide financial assistance in the form of no-interest loans to nonprofit organizations for the planning, purchase, and installation of qualifying energy systems; establishing the Green and Renewable Energy for Nonprofit Organizations Loan Fund; authorizing, in fiscal year 2026, the Governor to include in the annual budget bill an appropriation of \$5,000,000 for the Fund; etc. |   |  |  |

| <a href="#">SB0328</a>  |                         | Funding for Wages and Benefits for Nursing Home Workers (Nursing Home Staffing Crisis Funding Act of 2024)   | Senator Rosapepe  | In Senate B&T hearing on 1/24 at 1 PM                   | Monitoring | For the purpose of requiring that the Governor's proposed budget for certain fiscal years include a certain percentage reimbursement rate increase for providers of certain health care services under the Maryland Medical Assistance Program, the Maryland Children's Health Program, and the Community First Choice program; requiring nursing homes to annually submit a certain cost report to the Maryland Department of Health; requiring that a certain percentage of the funding increase for certain fiscal years be used to fund wages and benefits for certain workers; and generally relating to the reimbursement of service providers under the Maryland Medical Assistance Program, the Maryland Children's Health Program, and the Community First Choice program. | While the bill refers to designation of a portion of the rates for certain services (M00Q01.03 and .07) be designated for wages of staff, and includes mandates for 8% funding increases for those services, the definition of "provider" includes "home and community based services". While other parts of the bill make fairly clear this would not apply to the DDA Waivers and HCBS, we do have concerns about a precedent for requiring that a certain percentage of the rate be designated to wages without a full examination of other operating costs and wage related expenses (benefits, payroll taxes, etc.) in a system that must also be covered through a rate. This examination is necessary to ensure legislation intended to resolve a workforce crisis and stabilize services does not have an opposite impact. |

| <a href="#">SB00599</a> | <a href="#">HB00509</a> | Developmental Disabilities – Community Providers – Federal Participation for Local Funds   | Senator Kramer  | In Senate FIN First Reading                             | Evaluating | Requiring the Maryland Department of Health to develop a process to receive federal financial participation for the payment of county or municipal general funds appropriated to community providers that serve individuals with developmental disabilities; and requiring the Department to allocate the federal financial participation to the community providers to which the county or municipality general funds were appropriated.   | We are exploring what implications may be for the rest of the state if Montgomery County became its own rate jurisdiction. The county has been looking into this for years as a way to have relief for a portion of the supplement they provide to organizations that support people with IDD in the county.   |
| <a href="#">HB00509</a> | <a href="#">SB00599</a> | Developmental Disabilities – Community Providers – Federal Participation for Local Funds   | Delegates Kaiser et al.   | In House HGO First Reading                              | Evaluating | see above   | see above  |
| <a href="#">HB0547</a>  |                         | Crime of Violence - Educational Facilities, Medical Facilities, and Places of Worship - Penalty (Sacred Places Safety Act)                           | Delegates Alston et al.   | In House JUD First Reading                              | Monitoring | Prohibiting a person from committing a crime of violence while the person is in an educational facility, a medical facility, or a place of worship (including related institutions such as IDD providers)   | The DD Coalition has asked DRM to weigh in on possible consequences.   |
| <a href="#">HB0571</a>  | <a href="#">SB0485</a>  | Family and Medical Leave Insurance Program - Modifications   | Delegate Qi et al.  | In House EMC Hearing 2/14 at 1 PM                       | Evaluating | Modifying provisions of law governing application, administration, and enforcement of the Family and Medical Leave Insurance Program, including provisions related to the payment of contributions, the calculation of the average weekly wage, the submission of claims for benefits, the application of the Program to self-employed individuals, the satisfaction of Program requirements through private employer plans or insurance, and the use of contributions or other funding by the Secretary of Labor.  | This bill moves the timeline back for implementation of the FMLI insurance program back 6 months. It is our understanding that this change, if passed, will also trigger a removal of the appropriation for Medical provider reimbursement for the 6 months as well.   |
| <a href="#">SB0485</a>  | <a href="#">HB0571</a>  | Family and Medical Leave Insurance Program - Modifications   | Senator Hayes   | In Senate FIN First Reading                             | Evaluating | see above   | see above  |
| <a href="#">SB0347</a>  |                         | Medical Cannabis – Employees in Health Care Settings Caring for Qualifying Patients  | Senator McKay   | In Senate FIN Hearing 2/15 at 1 PM                      | Evaluating | Authorizing designated medical personnel to administer medical cannabis to qualifying patients only if the cannabis is obtained through the qualifying patients caregiver and is administered in accordance with the certifying provider's written instructions; providing that designated medical personnel are not required to register with the Maryland Cannabis Administration; and exempting designated medical personnel from civil and criminal penalties relating to the administration of medical cannabis.   | We will be talking with our partners about this. While many people rely on medical cannabis for the treatment of seizures and other conditions, Cannabis, under Federal Law, is still illegal. We are concerned that this bill could have an impact on our Federal medicaid match if DSPs were authorized to administer Cannabis to people they support.   |
| <a href="#">SB0084</a>  | <a href="#">HB0116</a>  | Teacher Degree Apprenticeship  | Senator Rosapepe  | In Senate FIN Hearing 2/1 at 1 PM                       | Evaluating | Establishing the Teacher Apprenticeship Startup Grant Program in the Department of Labor to provide high school and college students, and career changers opportunities to begin a career in education; requiring the establishment of apprenticeships that develop career paths and to pay apprentices certain compensation; authorizing the Department of Labor to award up to \$500,000 to develop and launch a teacher apprenticeship program; requiring a sponsor to coordinate with the CTE Committee to develop a high school-level program; etc.  | While this would be good to expand the Educator workforce, we need to ensure that apprentice students do not end up primarily in Special Education as a way to fill the critical positions there with qualified teachers.  |
| <a href="#">HB0116</a>  | <a href="#">SB0084</a>  | Teacher Degree Apprenticeship  | Delegate Kerr   | In House W&M Hearing 1/31 at 1 PM and EMC First Reading | Evaluating | See above   |  |

| <a href="#">SB0208</a>            |                        | Maryland Medical Assistance Program - Provider Agencies and Personal Care Aides - Reimbursement and Wages  | Senator Benson                          | In Senate FIN Hearing Canceled and B&T First Reading | Monitoring | Requiring the Maryland Department of Health to increase the hourly reimbursement rate for certain personal assistance services under the Maryland Medical Assistance Program to a minimum of \$25 per hour; requiring provider agencies to pay the greater of \$16 per hour or 64% of the hourly reimbursement rate to personal care aides and to provide a written notice regarding the wage to personal care aides, requiring provider agencies to submit annual cost reports to the Department, etc.  | While this doesn't appear to apply to DDA Waiver services, we have concerns about legislation that mandates a certain component of the rate be designated for wages, without a full examination into all of the costs of operating, including wage related expenses that accompany increases in wages such as unemployment, taxes, and benefits. The \$25 increase mandated in the bill will not cover the costs that would be incurred by residential service agencies to pay a \$16/wage. |  |  |

| Bill                    | Crossfiled Bill        | Title  | Sponsor                            | Status                             | Position   | Description   | Notes   |
|-------------------------|------------------------|--|------------------------------------|------------------------------------|------------|---|---|
| <a href="#">SB0314</a>  |                        | Juvenile Law - Willful Misconduct of a Minor - Civil Liability of a Parent, Legal Guardian, or Custodian (Parental Accountability Act) | Senator Benson                     | In Senate JPR Hearing 2/13 at 1 PM | Evaluating | Establishing the joint and several civil liability of a parent, guardian, or custodian of a minor who commits an act of willful misconduct that results in the death or injury of an individual or damage to property, subject to a certain exception; requiring the Administrative Office of the Courts to periodically adjust and publish certain maximum liability amounts; and limiting the liability of an insurance provider under the Act.   | We have concerns about the application of the term "willful misconduct," and how this would be operationalized as it will impact students with disabilities who may, as a function of their disability, damage property or injure another. Their parents should not be held accountable for the child's behavior if or when that happens. There is no exclusion for students with disabilities. We will share these concerns with the Sponsor asap.   |
| <a href="#">HB0308</a>  |                        | Public Safety - Missing Person Reports - Collection and Publication  | Delegate Healey                    | In House JUD Hearing 1/30 at 1 PM  | Monitoring | Requiring the Department of State Police to compile and report on its website information on missing person reports that is disaggregated by age, race, and reporting county, and provide the number of resolved missing persons reports in the preceding month; requiring a local law enforcement agency to provide certain information on missing person reports as required by the Department of State Police; and requiring the Department of State Police to adopt procedures for the collection of information from local law enforcement agencies. |   |
| <a href="#">SB0381</a>  | <a href="#">HB0047</a> | Education - Interscholastic and Intramural Junior Varsity and Varsity Teams - Designation Based on Sex (Fairness In Girls' Sports Act) | Senator Carozza et al.             | In Senate EEE Hearing 2/7 at 1 PM  | Monitoring | Requiring certain interscholastic and intramural junior varsity and varsity athletic teams or sports sponsored by certain schools to be expressly designated based on biological sex; prohibiting certain entities from taking certain adverse actions against a school for maintaining separate interscholastic and intramural junior varsity and varsity athletic teams and sports for students of the female sex; and providing that certain individuals have the right to bring a civil action under certain circumstances.                           |   |
| <a href="#">HB0047</a>  | <a href="#">SB0381</a> | Education - Interscholastic and Intramural Junior Varsity and Varsity Teams - Designation Based on Sex (Fairness In Girls' Sports Act) | Delegate Szeliga et al.            | In House W&M Hearing 1/31 at 1 PM  | Monitoring | See above   |   |
| <a href="#">HB0368</a>  | SB0666                 | Human Relations - Discrimination by a Place of Public Accommodation  | Delegate Cullison                  | In House HGO Hearing 2/6 at 1 PM   | Evaluating | Authorizing certain persons or the Commission on Civil Rights to elect to have the claims asserted in a complaint alleging discrimination by a place of public accommodation determined in a civil action brought by the Commission; expanding the remedies available for certain discrimination; clarifying the remedies available for an unlawful employment practice; authorizing a complainant alleging certain discrimination to bring a civil action under certain circumstances; etc.  | Need to ask Delegate Cullison more information about why this bill is needed and how it will impact people with IDD   |
| SB0666                  | <a href="#">HB0368</a> | Human Relations - Discrimination by a Place of Public Accommodation  | Senator Charles                    | In House JPR First Reading         | Evaluating | See above   | See above   |
| <a href="#">HB00698</a> |                        | Estates and Trusts - Guardianship of the Person of a Disabled Person - Expedited Proceedings   | Delegates Bartlett and Pena-Melnyk | In House JUD First Reading         | Evaluating | Requiring a court to rule on petitions to appoint a guardian of the person of a disabled person in order to seek transfer or discharge of a disabled person from a hospital within 10 days; and requiring that hearings to appoint a guardian of the person of a disabled person be held virtually unless the party seeking appointment requests that the hearing be held in person   | We agree that hospital overstays are an issue, but disagree that this is the remedy for people with IDD. Guardianship reviews are important and should be done in the time needed to gather all pertinent information. To mandate that reviews should be expedited for people with disabilities could result in more people with IDD remanded to guardianships, instead of having the opportunity to exercise alternatives to guardianship such as Supported Decision Making, exhausting these options prior to the consideration of a guardianship appointment. We will be discussing our concerns with the Sponsors in hopes we can arrive at a solution to the problem they seek to resolve. |
