The concern with this is that Community DD Providers will not have timely access to these reports (as they may only go to the BON and not necessarily the provider), reports are not always complete, and there may be timing concerns for community providers that present a barrier to recruitment and onboarding. Testimony in Opposition on 2/5/19, with call for the development of a workgroup to examine the issue and develop a viable solution to concerns with the current process. HB0031		Baltimore City - Weapons on School Property - School Resource Officer	Delegate Glenn	Unfavorable Report by JUD; Withdrawn		Oppose	The Arc Maryland signed on to a letter with the Coalition to Reform School Discipline last week, communicating our concerns with the bill in light of the fact that children of color and children with disabilities are disproportionately punished, restrained, secluded, and arrested. In Baltimore City (according to the most recent school arrest data (2015-16), 40% of the students arrested that year had IEPs, and in most of these cases, charges were eventually dropped. There are some concerns with definitions of "Covered employees", "family members", and "qualifying exigency" for examples.
