All of us who consider ourselves members of the Vincentian Family know the basic stories of St. Vincent and St. Louise and their adventure of loving service in 17th Century France. If, however, you are interested in going a bit deeper into the journey of this amazing charism, consider attending a seminar for the purpose of studying, praying and reflecting on the deeper meaning of the Vincentian Charism, and to explore how we can respond more effectively to its challenges in the future. Presenters are: Father Gregory Gay, CM, Father Patrick Griffin, CM, Father Thomas McKenna, CM, and Sister Marie Poole, DC.
