

# Family Navigation and Support Services

Division of Developmental and Behavioral Pediatrics (DDBP)

Do you have a child with a developmental delay or disability? Would you like help connecting to therapies, finding hospital and community resources, and more?

## Contact our Family Navigators and Support Specialists!

### Who?

Family Navigators and Support Specialists have experience supporting individuals with disabilities and are knowledgeable about services, systems, and resources that are helpful to children and families.

### What?

Family Navigators and Support Specialists provide support to caregivers and families and act as a consistent contact person to answer questions and concerns related to:

- DDBP therapies and services
- Community resources and supports
- Insurance and financial resources
- Early Intervention and childcare-related needs
- School and Education-related issues
- Transition from pediatric care/school to adult life
- Parent and family needs

We also offer:

- One-on-one family support and guidance
- Help in developing an individualized plan of action and next steps

### Where?

- In person at Cincinnati Children's Hospital, Medical Office Building (MOB) at 3430 Burnet Ave, Cincinnati, OH 45229
- Virtually via phone or video meeting
