

Hillary Vallejo

Case Manager, Exodus Recovery Inc.

Hilary Vallejo is a passionate Case Manager working in the HealthRight360 Pilot-Reentry ICMS program for Exodus Recovery Inc. Hilary works with individuals who are formerly incarcerated and experiencing homelessness upon release. Using her lived experience in her work, she helps clients through providing structure, guidance and the belief that nothing is impossible as she helps them obtain permanent housing. She does this by providing clients a vision of what their lives can look like after homelessness, the path to get there and realistic goals in order to get there. On her spare time Hilary practices self-care through going on hikes, walking on the beach and spending time with her family along with her French bulldog.
