## FROM THE PASTOR'S DESK

Dear Kindred in Christ,

The past month has featured a lot of attention given to immediate things, large events in the life of our church that require a lot of effort! Just in the last few weeks we've resumed WOW on Wednesday nights, canceled Sunday services due to weather (but offered a pre-recorded Sunday service so that we could still all worship together), hosted our 22nd annual World Mission Conference, ordained a new class of elders and deacons, and held our annual congregation meeting in hybrid fashion so that in-person and virtual attendees could participate together. Whew! I'm dizzy and out of breath just thinking about all that's gone on. Just as we're catching our breath, though, we find more joyful and faithful opportunities right around the corner! We are already looking ahead to the month of February and all that is to come:

- We will be celebrating Holy Communion on Sunday, February 6th at both services. We will serve communion by intinction, inviting all to come forward to receive the bread and cup. However, we will also have pre-packaged elements available for any who would rather remain in their seats. For all worshiping in-person, masks are still highly recommended by the Session, especially as local case and hospitalization numbers go upward due to the spread of Omicron (you can stay up-to-date on local numbers through the following link: <https://www.nghs.com/covid-19/latest-covid-19-data/>). For all who are worshiping virtually, I encourage you to obtain something bread-like and something juice-like so that you can receive communion at home.
- We will be participating in the Souper Bowl of Caring on February 6th as well. This is a week earlier than the actual Super Bowl, so keep that in mind! We will have soup pots available after each service if you'd like to contribute, and our youth will be overseeing the collection. The Souper Bowl of Caring is an annual event that raises money for hunger-fighting programs in our local community and across the nation.
- We will have our first Fine Arts Series concert of the year on February 11th! We are excited to welcome award-winning organist and church musician Jillian Gardner on the organ. Jillian will present an evening of organ music ranging from Bach to transcriptions of Debussy.

Of course, February also brings Black History Month, Valentine's Day, and President's Day – and then Ash Wednesday (March 2) and the season of Lent are right around the corner!

May the Spirit of Christ lead you through these winter days, may you have the courage and the faith to follow into a brighter springtime, and may God bless you with patience and understanding as you enter the future that has been prepared for you.

Grace and Peace,  
Lee

## Northeast Georgia Health System Foundation

The Northeast Georgia Health System (NGHS) Foundation is a not-for-profit 501c(3) organization.

Tax-deductible donations to the NGHS Foundation help support all four of Northeast Georgia Medical Center's community hospitals and the entire Health System. The Foundation was founded in 1986 and is led by a volunteer Board of Trustees and has contributed millions of dollars of support to health system improvements, community benefit programs, and partner organizations. Gifts to the NGHS Foundation enhance and improve the health of the community in numerous ways through their current campaign 'We are Growing for the Greater Good!' Funds help to enhance current or future locations, bring support to innovative programs like heart and vascular or neurosciences, and ensure that the community has the emergency services it needs – inside and outside of the hospital. The focus of the Growing for the Greater Good projects is on the people: the patients, visitors, employees, physicians, and the entire community. Visit [www.nghs.com/foundation/](http://www.nghs.com/foundation/) for more information and ways to give.

## Northeast Georgia Medical Center, Gainesville

Northeast Georgia Health System continues to recruit volunteers to serve in designated service areas within the medical center. There are many opportunities to serve and include those positions with patient contact and no patient contact. College students, adult volunteers, retired persons, and even teens can find a place to match their interests and feel needed and fulfilled. Those who are interested in volunteering can fill out the interest form at <https://www.nghs.com/interested-in-volunteering/> or call the Volunteer Services office at 770-219-1830.

Note: Volunteers are carefully screened. The screening process includes a volunteer application, interview, criminal background check, and medical requirements. Volunteers typically work a four-hour shift once a week, although some serve twice a week and others every other week.

## Hospice of Northeast Georgia Medical Center (NGMC)

Hospice of NGMC provides palliative home care for persons with life limiting illness. The professional staff of Hospice of NGMC provides care that focuses on patient comfort and quality of life at the end of life. Patients and families are empowered to achieve as much control over their lives as possible. Hospice care provides nursing service, management of a patient's pain and other symptoms, assistance for the patient and family regarding the emotional and psychosocial aspects of dying, medical supplies and equipment, personal care assistance, spiritual care, and so many other services. The team that provides these services includes doctors, nurses, social worker, bereavement counselor, chaplain, the patient, the family or caregiver, community members specially trained as volunteers, and other healthcare workers as needed.

Volunteer opportunities: Volunteers provide companionship to the patients at their home or nursing home. Volunteers can also help in the hospice office preparing medicine boxes, writing cards, preparing newsletters for mailing, making stuffed bears for patients, and many other activities geared towards the talents and skills of the volunteer. For more information, see the website at [www.nghs.com/hospice/](http://www.nghs.com/hospice/).
