

***MDEQ TO HOST  
RUBBISH SITE OPERATOR  
TRAINING EVENT IN  
APRIL***

MDEQ is hosting a training course for Mississippi class I rubbish site operators on Wednesday, April 17<sup>th</sup> and Thursday, April 18<sup>th</sup>, 2019 at the McGowan Workforce Training Center of the Holmes Community College Ridgeland campus. The course offers interested persons an opportunity to fulfill state training and testing requirements for Class I Rubbish Site Operator Certification and to update their general knowledge of class I rubbish site regulatory and operational requirements. MDEQ will also allow currently certified operators to attend as a refresher course for Continuing Education Units (CEUs). The course is a day and a half class with a written examination on the second day. Persons who attend the course, pass the written examination, and meet the experience and education requirements may apply to MDEQ for a certificate of competency as a class I rubbish site operator. The examination will not be required for those operators attending for CEUs only. All attendees who complete the class will receive 10 hours of CEUs which can be applied towards renewal of their certification. There is no registration cost for the training; however, all lodging, meal and transportation costs are the responsibility of the attendees.

Course instructors will include the staff of MDEQ and FTN Associates, Ltd. Advance registration for the course is required. For additional information on the training course and details about registration, contact Deidre Graham with MDEQ at 601-961-5513 or visit the MDEQ Waste Division web page at: <https://www.mdeq.ms.gov/land/waste-division/>.
