

Deadlines Approaching for MDEQ Solid Waste Assistance Grants

The deadlines for Mississippi local governments to apply for MDEQ's competitive and non-competitive solid waste assistance grants are April 1 for competitive grants and April 30 for non-competitive grants to county governments.

The competitive grant funds are available for municipalities, counties, regional solid waste management authorities, and other multi-county entities. MDEQ awarded over \$550,000 in competitive awards during the October 2018 fall grant cycle. Applications for non-competitive grant funds are available for counties only using an annual allocated amount based on the county's state aid road mileage formula.

The MDEQ solid waste grants may be used by eligible local governments for various types of solid waste projects and programs including: clean-up of unauthorized dumps; establishment of a collection programs for white goods or other bulky wastes; support for recycling and waste reduction programs, public education campaigns on solid waste and recycling; salary support for local solid waste enforcement officers; household hazardous waste collection programs; and, other activities that support proper management and recycling of solid wastes. For more information or to request a grant application, interested local governments should contact Taaka Scott Bailey or Tonisha Rogers at MDEQ at 601-961-5171. Information about the grants program is also available on the MDEQ website [here](#).
