

Every year, Cheshire formally acknowledges the incredible service and dedication of our employees as they reach certain milestones in their Cheshire journey.

As an organization, our achievements are only possible through the strength and support of our amazing staff. You are all a part of the incredible Cheshire history...and are helping to create a new history for future generations!

While COVID has made it impossible to gather in celebration, it is perhaps more important than ever that we honour you and your contributions to the legacy of Cheshire.

- Thank you for your dedication and commitment to the individuals whom we support.
- Thank you for sticking with us through the trials and tribulations of a global pandemic.
- Thank you for forgiving us when we mess up, and for celebrating with us when we get it right.

Please know that you are appreciated and that we value your commitment, your compassion and your resilience.

If you haven't yet hit your milestone...stick around, it's coming; and if you see the name of one of your colleagues below, be sure to congratulate them.
