Dear Immanuel family,

Due to the Wisconsin Governor Evers's Safer at Home order caused schools to discontinue face-to-face instruction. Immanuel Lutheran School was closed after March 13 and virtual learning began after spring break, starting on March 23. School will not return to the building until next fall, depending on government regulations. The school year will conclude on May 29, 2020.

During distance learning Immanuel teachers provide lessons for students to complete at home. Parents are expected to assist their children in their learning and monitor their computer use. Immanuel is grateful for all the support from parents during this unprecedented period.

Thank you,

Sharon Wallace
