

Saint Agnes School 530 Lafond Avenue, St. Paul, Minnesota 55103

September 30, 2019
Feast of St. Jerome

Dear Parents/Guardians,

The purpose of this letter is to inform you about the **PSAT standardized test**, which will be administered to 10th and 11th grade students on the morning of **Wednesday, October 16th** at Saint Agnes School. Please read this letter ahead of time so that you and your son/daughter are able to plan and be ready for test day.

The Test – What is it? Why do we offer it?

To begin, the PSAT test is an excellent way to expose high school sophomores and juniors to post-secondary options such as college, university, tech, and trade school. With that in mind, most post-secondary institutions require applicants to submit standardized test scores along with a GPA (grade point average) during the application and admission process.

The PSAT test is a great way to prepare for the SAT exam; the SAT exam is a widely accepted standardized test by highly competitive colleges, universities, and other schools. The PSAT is also an opportunity for high school juniors to qualify for programs such as the *National Merit Scholarship*. The PSAT assesses the following areas: Critical Reading Skills, Mathematical Skills, and Writing Skills (just like the SAT).

It is shown that students who take the PSAT score higher on the SAT; therefore, because Saint Agnes School is committed to helping its students prepare for college, life, and beyond, the PSAT exam is offered to all of our sophomore and junior students.

Cost

Please pay the exam fee of **\$17.00 by Monday, October 14th**, *two days* before the day of the test. ***Online payment is strongly preferred*** (info on page 2), or you may pay by cash or check. Students eligible for free or reduced lunch may be eligible for a testing fee waiver. Please contact Mrs. Rachel Kemp for more information.

Test Day – Arrival – Materials – Exam Rules

As stated above, your son/daughter will be taking the exam on Wednesday, October 16th, beginning at 7:55 a.m. Prior to test day, students will receive directions regarding the exam location.

MATERIALS:

- #2 pencil for the exam – it is advised that each student bring 2 or 3 pencils.
- Students also need to bring a calculator for use during the test (QWERTY is prohibited).

EXAM RULES: *No cell phones are permitted* - if a cell phone goes off during the test, that particular student's test will be taken and he/she will not be able to continue. *Food is not permitted during the test*; however, students may have water. PSAT has very strict and specific rules for testing proctors and students are asked to follow these diligently.
