

Chrome Books Needed

Dear Constituent Churches,

As you can imagine, with today's technology, computers are an essential part of our curriculum. Our students use them for just about everything. They, unfortunately, don't last forever. Desert Adventist Academy was fortunate enough to be given enough funds to purchase 60 of them 5 years ago. Those Chrome Books are going out of Tech support next year. Therefore, we are starting now to put on a drive to purchase new ones. They run around \$250.00 per Chrome Book. Our goal is to purchase 15 of them this year and 15 next year for a total cost of \$7500.00. I am confident we can find 15 constituent members to donate \$250 this year and again next year. But, at this point anything will help. Please consider helping further a student's Christian Education!

Jay Emery
