The WUSD Food Services Department is spreading the word that families in the free and reduced-price meal program are eligible for additional perks, including a discount on Internet service through Comcast, a discount on PG&E energy bills, and discounted fees for the AP and SAT exams.

WHY

The state's funding formula for public education in California compensates districts with additional funds for students who qualify for free and reduced-price meals.

It is important for all WUSD families to complete the form so that each student is counted.
