BREAKFAST BRIEFING

Carr McClellan is hosting an open house during GDC where you can enjoy coffee and breakfast before heading around the corner to Moscone Center. Come for the caffeine but stay to mingle with our lawyers, who will share their insights with you on where gaming law is and where it is headed. A brief 30-minute discussion will begin at 8:45 a.m. on forming a new studio, executive compensation, exit strategies, and risk management.
