

SOAR- SSI/SSDI Outreach, Access, and Recovery

SOAR is a national program, sponsored by the Substance Abuse and Mental Health Services Administration (SAMHSA), designed to increase access to the disability income benefit programs administered by the Social Security Administration (SSA) for eligible adults and children who are experiencing or at risk of homelessness and have a serious mental illness, medical impairment, and/or a co-occurring substance use disorder.

SOAR increases access to Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI) for individuals who experience or are at risk of homelessness (e.g. those who may be returning to the community from institutions such as jails, prisons or hospitals) who struggle to access the resources they need.
