Spring Academy Offers Many Solutions for Your School Age Students' Academic & Social Needs during COVID-19.

Need 1: You are working parents and need additional childcare since your children's public schools are 'hybrid', or your children may need additional support with their online schooling.

Solution 1: In-Person Learning with Us

Spring Academy's certified teachers will help your children keep up with their online classes from their regular schools and provide one-on-one homework help. Program options include 2, 3 or 5 full days, and half days.

After re-opening our doors this July, Spring Academy is excited to announce that we will have "dedicated classrooms for School Age Students" this September with strict health and safety rules to ensure everyone's safety:

•**In-Person For Preschoolers:** As a licensed child care facility with certified nurturing preschool teachers and well-organized classes grouped per your child's level, your child will continue to grow socially, academically and intellectually. Refer to **Preschool Fee Schedule**.

•**In-Person For School Age:** If your school age child is required to stay home for his/her virtual schooling for two, three or more days a week and he/she is experiencing difficulty keeping up or adapting to this new learning style Spring Academy can help. We can step in and bring your child up to speed and offer the support he or she needs. We offer flexible schedules, from two to five days per week, as well as half day or after school options!

Our K-12 certified teachers are here to help your child log onto their online classes and provide one-on-one assistance with homework assignments address any questions or challenges your child may have! Full day students also receive additional classes such as Math, English, Chinese and Science!

Time: 8:15-6pm

Need 2: Your child needs After Care on the days he/she goes to public school.

Solution 2: In-Person After School Program

Pickup services included. We help students with their online classes in the afternoon, as well as enrichment classes (daily Chinese class, homework help and additional Math lessons).

Time: From public school dismissal until 6pm

Need 3: You are concerned about the safety & health of your family, and have decided to keep your child at home with virtual schooling.

Solution 3: Remote 100% live classes at Spring Academy

Our remote classes (offered via Zoom) are engaging and help students achieve academic excellence with uninterrupted learning! Our Zoom classes, which started in Mid March, were not only offered to our current students but due to popularity and word-of-mouth from our parents, were extended to students from out of state!

Preschool (age 3-5) Zoom Classes: Grouped per students' levels, with multiple daily classes for every level. Daily classes include Montessori Circle, Math, Science, Art, Social Studies, English Language Arts, Chinese (Mandarin), Yoga, as well as Spanish classes twice a week.

Pricing: Monthly fee is \$300/Subject for Math, Chinese, English, or \$900 for all subjects including enrichment classes.

Students in Grades K-11 Zoom classes: Flexible schedules cater to various needs with academic classes taught by highly experienced, carefully vetted teachers who have a track record of student success upon completion. Classes include English, Math, Chinese, Gifted program, Critical Thinking, tutoring and test prep (SSAT, ISEE, PSAT, SAT, Magnet School Prep, etc)

Fee Schedule for all solutions:

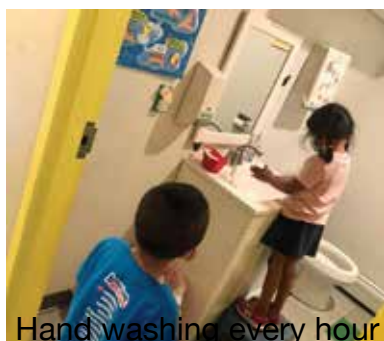

Program	5 days	4 days	2.5 days (2 days for one week, 3 days for another)
Full Day 815-6pm	\$1300	\$1050	\$800
After school with pick up (1230-6pm)	\$950	\$780	\$600 (\$500 if no pickup)
Zoom	Charged per class. Call for Class Details.

How We Ensure a Healthy and Safe Environment:

- We are a licensed childcare center equipped with spacious bright classrooms with many windows for air circulation throughout the day, and generous play areas for outdoor activities.
- We strictly enforce the 3 'W' rule. (1. Wear your mask indoors and outdoors. 2. Wash your hands every hour. 3. Watch your distance with others.)
- Classrooms and materials are constantly cleaned and sanitized throughout the day.
- Our classrooms are spacious with a small number of students, limited to 10 students per class.
- Every student is provided with his/her own supply bag, no sharing.
- Deep cleaning & UVC light sanitizing is performed every night.
