

AMERICAN  
WATER RESOURCES  
ASSOCIATION

# AWRA 2023 ANNUAL WATER RESOURCES CONFERENCE

Plenary sessions will feature dynamic keynote speakers who will stimulate attendees and challenge long-held beliefs. The concurrent sessions will feature panel discussions, technical sessions, and short workshops.

Attendees can expect to hear:

- lessons learned from the implementation of multidisciplinary projects,
- best practices discovered in the design and application of water resource management,
- implications of water policy decisions, and
- research into current and emerging issues.
