

Welcome Katie!

We are thrilled to announce the newest member of our Sterling Acceptance Corporation Team, Katherine Henard. Katherine joins us with years of experience in the boating community. She grew up on the Chesapeake Bay boating, fishing, crabbing, and kayaking with her family, in particular her Grandfather and Uncle. Living on the bay has truly become part of who she is. She obtained her Bachelor's in Sociology from UMBC. While working for DNR Katie found her niche in the boating world. With the combined love for boating, water sports and customer service, Katie is the perfect fit for our Sterling Acceptance team. You can often find Katie kayaking, traveling down to Florida to visit family and Disney World, or attending a concert. Her heart is most full being by the bay and she hopes to fill her client's hearts with that same feeling.
