

A Note About Supervision Levels in Our Activities

We want to make sure everyone can safely take part in our community activities. To do this, participants must be able to follow instructions on their own. This includes being on time, staying with the group, and asking for help when needed. Participants should be able to move around public places safely, follow basic safety rules, communicate their needs, and handle simple tasks like buying items with limited help. Some activities offered includes SCBDD transportation and usually take place with one staff member supervising about four - five people. This helps make sure everyone stays safe and supported. Activities held at SCBDD may have a higher number of people. If you have any questions or need more information, please contact Jessica Guillozet at 937-658-6825.

Please note: RSVPs open on the 1st of each month. No early RSVPs
