

# STEWARDSHIP

Zep’s purpose is to make the planet safer, cleaner and more productive through sustainable practices and products while making a positive impact on people, our customers and our communities.

Zep Stewardship is a commitment to our purpose and a commitment to preserve the environment for future generations.

## OUR PRIORITIES

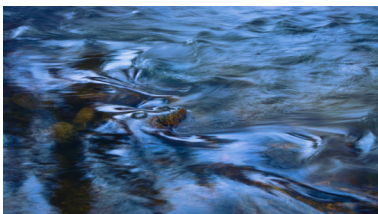

### HEALTH & SAFETY

Continue to improve health and safety best practices for our customers, employees and communities

### CARBON EMISSIONS

Reduce Zep’s carbon footprint through targeted, long-term action plans and develop solutions to help customers meet their own emissions goals

### WATER & EFFLUENTS

Enhance and maintain processes to reduce water pollution and water usage for both customers and Zep

### MARKETING & LABELING

Be a trusted partner and resource on new chemical regulations and compliance for customers

### DIVERSITY & INCLUSION

Foster an inclusive environment that actively reflects the uniqueness of our employees, customers and suppliers
