

# RHC COVID-19 Program Reminders and Updates

## RHC COVID-19 Testing and Mitigation Program

The RHC COVID-19 Testing & Mitigation (RHCCTM) program final reporting requirements are open for RHCs or their parent TIN organizations to complete on [RHCcovidreporting.com](https://rhc-covid-reporting.com). As a reminder, this program allocated \$100,000 per eligible RHC in 2021 for COVID-19 testing-related and mitigation-related expenses and could be spent between January 1, 2021 and December 31, 2022.

The RHCCTM program closeout reporting requires RHCs to attest whether they fully spent, partially spent, or did not spend the funding. It is a simple one question attestation that does not require any submission of cost documentation. However, please keep complete records of these expenses within your organization in the event of a future audit. The closeout will also prompt an optional survey that will help us understand the advantages and challenges of this program. We encourage RHCs to complete this survey to help us improve potential future programs. If your organization needs to return any unspent funds, please follow instructions [here](#). Please retain a copy of the pay.gov confirmation for your records.

With any questions on your organization's compliance with this required reporting, please contact [RHCcovidreporting@narhc.org](mailto:RHCcovidreporting@narhc.org).

## RHC COVID Supplies

Although several RHC COVID-19 funding programs are coming to a close, all of the HRSA RHC Supply programs remain available! If you are interested in receiving free COVID-19 vaccines, at-home test kits, point-of-care testing supplies, or therapeutics please visit our [website](#) or reach out to us at [rhccovidsupplies@narhc.org](mailto:rhccovidsupplies@narhc.org)!

As a reminder, RHCs should report stock on hand weekly through the HPOP website for the supply programs. Please check expiration dates on products received – the FDA released a list of expiration date extensions for various COVID-19 at-home test kits: <https://www.fda.gov/medical-devices/coronavirus-covid-19-and-medical-devices/home-otc-covid-19-diagnostic-tests>.

For more information on allowable expenses for both programs and for other Provider Relief Fund (PRF) reporting deadlines, please visit [https://www.narhc.org/narhc/COVID-19\\_RHCs.asp](https://www.narhc.org/narhc/COVID-19_RHCs.asp).
