

Indiana ACHE Corporate Partnership Opportunities

American College of Healthcare Executives

for leaders who care

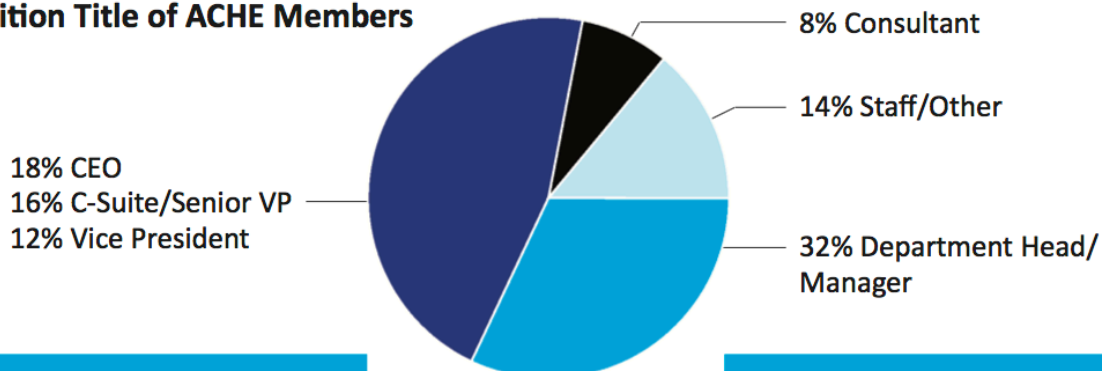

The **American College of Healthcare Executives (ACHE)** is an International professional society of more than 40,000 healthcare executives who lead hospitals, health care systems and other health care organizations. ACHE offers its prestigious FACHE credential, signifying board certification in healthcare management

The **Indiana Chapter of ACHE - Indiana Healthcare Executives Network (IHEN)**, made up of more than 800 members, is one of 80 chapters providing access to networking, education and career development at the local level. IHEN is successful because members are engaged and because it has the support of corporate partners.

Your corporate partnership helps IHEN continue to provide high quality programming close to home and at affordable rates. In return, IHEN provides you with exposure and many opportunities to build one-on-one relationships with key decision makers who make major purchasing decisions in areas throughout healthcare in areas such as information systems, capital equipment, management consulting, pharmaceuticals, design and construction and clinical/operations management systems.
