

## **NEW MEMBERS**

### **October/November**

#### **Mark and Cindy Clawson**

Mark and Cindy live in Long Cove Club and have lived there for 18 months. They moved to Hilton Head Island from Denver, where they spent five years. They spent most of their time in Atlanta, which is where we would say they are from. In terms of boating experience, they have very little other than spending time on relative's boats on Lake Tahoe, in California. They don't own a boat nor are they members of a boat club; they are exploring their options and thought the ABCHH would be a great place to start. Mark and Cindy are looking forward to their membership in ABCHH.

#### **Bill and Colleen Staszko**

Bill and Colleen have lived in Hilton Head Plantation since Fall of 2020. They are from the southern coast of Maine and split the year between these two beautiful areas. Bill grew up boating and fishing a bit with his father and older brother. They do not currently own a boat.
