

FROM THE EDUCATION DEPARTMENT

Rick Sturges, AP-CN
Education Officer

Brad Loescher, AP-CN
Asst. Education Officer

Don Becker, P-IN
ABC Coordinator

The Boat Handling course is underway with three seminars completed and three to go. The remaining ones are Emergencies on Board, Rules of the Road and Knots & Lines and all have space available – sign up via our website, ABCHH.org.

The America's Boating Course, ABC, all day seminar will be held on Saturday, October 19 and the Marine Electrical Course will be starting on Monday, October 21 and continues for six weeks. Sign up on the website if you're interested.

The education calendar for 2025 will be put on our website in the next month or so. The ABC seminar is tentatively scheduled for four classes on a Saturday in February, April, August, and October. The six seminar Boat Handling class is set for Monday nights in February/March and again in September/October. Piloting/Marine Navigation will likely be held on Monday nights in January/February. There will be a number of seminars such as Tides and Currents, Partner in Command, Weather for Boaters and Coop Charting in April/May. One or two on the water events will also be scheduled. Descriptions of these courses and seminars can be found on our website. There may be additional courses and seminars added to the schedule based on expressions of interest. Give some thought to what you'd like to learn more about to help keep your boating adventures safer and more enjoyable.

See you on the water!
