

Joe and Karen Neely

We are formerly from the Atlanta area and have been living on the island in Hilton Head Plantation since October 2022. We visited the HHI for many years and upon Joe's retirement from the Army, we moved here to enjoy the island life.

We have enjoyed being Freedom Boat members for a year and a half and we try to go out on the water every week, even during the chilly months on a beautiful sunny day with a coat, hat and gloves on!

We are excited to be new members of this group as we love boating all around the area here in the local waters and we are always looking to take new acquaintances and our friends out on the water with us.

Please make a point of introducing yourselves to us and we will return the favor. The more boating friends...the better!
