

# Summer camp in France

2020

**Allô l'été**  
is a private children's camp  
as well as a cultural and  
language exchange program.

Here is the opportunity to have a **French family** and to be **fully immersed** in the culture.

We provide **10 days** in France for up to 4 enthusiastic children **age 9 to 13**.

We will put you in contact with a loving and welcoming **host family** that has a child about the same age and gender as your own.

During the day, your child will be enjoying various activities with her/his new **French friend**.

Your child will feel cared for thanks to **a small group** and the support of his French comrades.

We believe that exchange programs provide a distinct opportunity for **personal growth** and development.

And keep in mind, you could be traveling in south of France while your children are making **great memories** too.

Venez vous amusez avec nous !!
