

Your Presence is a Dazzling Star of Light!

Blessed Ones,
 I, Elohim Surya, anchor the Fire and the Momentum of Akasha for you so that you might truly bring forth all that is to be established by the Christ Light in accordance with the Will of your God Presence. The Intonation of the Keynote Identity of your own Mighty I AM Presence enables you to tap into all that is prepared for you, not only by your own Divine Attainment and Mastery born of previous lifetimes and even Attainment gained before you were ever incarnated. Blessed ones, all that is present in the Allness of God is poured forth into the Realms of Akasha, so that Divine Causal Body of the Universe can establish the Kingdom of God wherever the Consciousness of God anchored in your Heart draws it forth.

Perhaps you have not considered, but your own Mighty I AM Presence is a Dazzling Star, shining ever so brightly as any Ascended Presence, wherever that Presence may reside, including not only those operating in the Great Central Sun, but also those still unascended who are moving in, through, and around as the Incarnation of the Christ Light. Above all, the shining Electronic Body of your Mighty I AM Presence is ever so Dazzling and All-Powerful! Therefore, you cannot limit what you are capable of drawing forth!

Oh, it may seem from time to time that the Initiations and the everyday cycles of your life report to you only mundane experiences. But those experiences, blessed ones, are to train you and test you so that within a blink

of an eye, a major Initiation may come forth, activating and drawing upon your past achievements, and you will be able to draw upon those Attainments. You will know the right course to take, the right vibration to hold within your consciousness, being, and world. And in the nurturing of that Divine Manifestation which you are destined to bring forth, your Mighty I AM Presence will engage, for it is the Will of your God Presence that you can and will accomplish that manifestation!

This, blessed ones, is only one such example of the manifold aspects of Divine Creativity that your Mighty I AM Presence assists you to achieve throughout your incarnation. Yes, all is facilitated through the Divine Office of your Holy Christ Presence opening your Heart Flame to all of the possibilities, igniting a Charge of Light within your Causal Body Presence when there is the passing of Initiations and cycles to bring forth greater Momentum and Attainment that is rightfully yours. And yes, blessed ones, facilitated by your holding conscious awareness of and listening to the Flame upon the Altar of your Heart. The Listening Grace of God always knows and attends to your Heart Flame! This is why when you send forth your love, even in a silent prayer to your Mighty I AM Presence, you are instantly flooded back with such Abundance of Love from your God Presence — for you remembered! You held that Love of your Presence most sacred in your life!

Oh, how subtle is the path that you embarked upon when coming into your very first incarnation! Many times, those who have the desire to accomplish a particular task will forget the involvement of their Mighty I AM Presence, and with brute force or the manipulation of the outer mind, they strive with all their might, pushing into new avenues of human expression, new professions, new relationships, thinking that somehow, since they know of their Mighty I AM Presence, the Presence will always be there to assist them in those human ambitions.

But you are forgetting *one key point* that is necessary! The Attunement with the Flame upon the Altar of your Heart, the flooding of that Charge of Light into your outer vehicles, the sharpening of the Mind and Will of your God Presence within your own brain, prompting you with that Service your Presence desires you to do. Do not just rely upon what you have learned in the outer world's schools of academia, but prioritize how your intelligence is to operate guided by the Hand of God, by the Mind of God, allowing you to

truly bring forth something most unique, perhaps, most expressive of God Consciousness, certainly as the Fruit of God Good! And is that not the desire of all who have knelt before their altar and called upon God?

The calling to God should be more than just “God help me! Give me the attainment to overcome my limitations!” It should be, blessed ones:

Beloved Mighty I AM Presence,

Fill me with your Light!

*Establish within me your Compassionate Heart of Love,
your burning Will of God, and your Divine Illumination by
the Flame of your Heart!*

*Cause the Purity of the White Fire of the Mother Light
to course through me so that I maintain the Pure Vibration
and intent of all that I engage in to bring forth God Good!*

*Clear away the debris so that I might see with the Vision
of thy Sight and behold God in all of Life!*

*Let thy Charge of Light so fill me that I AM full to
overflowing and want for nothing save to be in your Presence!*

*Let your Light so shine before me, clearing a pathway for
my lifestream, that I may always be in the appointed place
and time that is thy Will, unfolding the Desire of your Heart!*

Let me be the Presence of God in Action!

*Let me have the Fullness of the Opportunity to keep on
keeping on in that mode of expression of the Christ Light
throughout all my days — until such time as you call me
Home in my Ascension in the Light!*

This, blessed ones, is a pattern of calls that should always be in the forefront of your consciousness. For when you desire the Attributes of your Presence, all else falls into place in Divine Order. All is fulfilled in a timely

fashion according to the Law of the Being of your Presence. And what is that Law? It is that which goes forth as the Christ Light of the Threefold Flame of your Heart, impressed upon the Elemental Forces of Nature as the Vibration and the Charge of the Christ Command that then returns to you as the manifestation of that very Divine Pattern, born from the Heart of your Mighty I AM Presence, charged by your Presence into your Threefold Flame, igniting Illumination's Flame as the Mind of God within you.

Oh, there are so many who flounder in this era. They flit in and flit out of the polarity of the God Consciousness released from this Altar. But when the disciple is true within their Heart Flame to the fulfillment of the Will of their Mighty I AM Presence, they will hold fast to every erg of energy, every Momentum and Teaching, every Cosmic Initiation that flows forth from this Altar and know that their Presence has drawn them into the proximity of what the Presence desires.

On the God Star Sirius, there are those who have Ascended from the Earth and returned back to our Star so that they might continue to work under the canopy of my Momentum as Elohim of Akasha, so that *you* might have a more than ordinary Opportunity, once you truly have embraced the Truth of your Identity and the Path of the Ascension in the Light to command the Akashic Elements!

There are many who come and go who could not abide to be so close to the Flame of an Elohim. And yet, here you are! Whether you are attending remotely to my Flame or in this Sanctuary, or reading my Release, nonetheless, the Charge of my Momentum surrounds you, and the Intonation of Akasha is swirling round about! When you begin to have the Intonation of the Patterns of Light and all that holds the detail consciousness that the Mind of God elicits from Akasha resonate within your outer vehicles, you begin to see how the Divine Creativity abounds!

Oh yes, there are those who still create with the human mind, emotions, and the physical body, utilizing the Crystal Cord energy, the trickle charge that they have been able to receive, and create all manner of debris born of the human consciousness!

Oh, occasionally they will create something of God Good. You could say it is a "happy accident." But such occasions are divinely manifest by the help of the Holy Angels or an attendant Ascended Master, knowing that mankind

needs a particular charge, a particular momentum, a particular creation to come forth. And so there is a temporary Dispensation, holding the door open for that creativity to flow. But that was not due to the person's attainment. It means that the need of the hour and the Karmic Board have brought to the fore a Dispensation so that the greater good of all might be served, brought into Healing and Wholeness, charged with a new Momentum. This is the Mercy of God!

When you look about and see the world's travesties all around, it would be easy to fall sway to thinking somehow mankind has fallen so far that great cataclysm must be on the horizon. But, blessed ones, *the Hand of God is at work! Your own Mighty I AM Presence is at work!* And there are the countless Presences of God who never absorb, never give any Power to appearances produced by the outer consciousness of the incarnate lifestream and therefore, are resonating in the Ascended Octaves, charging forth the Light of their own Radiance and, with the assistance of the Ascended Masters, all that can be brought forth to elevate the consciousness of mankind!

So as you visualize the Sons and Daughters of God upon the Earth, hold all of them in the Christ Light! See their Presence as a Dazzling Sun! Call for the Fullness of the Holy Angels to perform their Perfect Work. Lend your assistance by giving the Call to one and all of the Archangels of the Twelve Rays of God to send forth their respective Bands of Angels to carry the Body Consciousness of God into the midst of those in the world who you cannot personally touch, whereas the Angels can contact them directly. They can heal circumstances! They can bring about shelter! They can bring about clarity of consciousness! They can awaken one or more, beginning a ripple effect throughout the consciousness of many with whom they are in association!

You see how quickly negativity spreads in the land. *Blessed ones, the Presence of God spreads more quickly!* You just are not always able to see it. So you should hold the Divine Edenic Pattern for every Son and Daughter of God, every government of every land, the Earth itself, and all of the Elemental Forces of Nature so that the Fullness of the Intonation of the Causal Body, of the combined efforts of every Presence of God, can intone the Divine Perfect Elements, momentums, patterns, and manifestation, to be lowered into the wise use of the Many Sons and Many Daughters of God who are perhaps lost

at present, not knowing who to call to, or where to turn. Perhaps they have lost their faith in God, their faith in nature, their faith in their government, their faith in humanity that they so relied upon, and seeing how it is spiraling downward, cannot believe that they are an integral part of such misfortune.

But you know who you are! You have witnessed the Charge of Light in your life, the transmutation of the records of your returning karma, and the freeing of your ability to elevate your consciousness into Joy, upliftment, a perspective of the Mind of God that reports to your outer vehicles: ALL IS WELL! STAY THE COURSE! Be the Flame of God! Shine forth, just as your own Mighty I AM Presence shines with its very own Dazzling Light!

Allow that Light to begin to move in, through, and around you! Allow the Christ Presence to establish a Garment of Light that can be seen by those who have Vision for Purity, for Light, who can register the Vibration of Harmony and Peace, God Love, and will recognize that in the fullness of time, they, too, can enter into that Divine Family. For it is not unique to any one person, rather it is open to all. It has never been closed! The door to the Mighty I AM Presence has always been open!

But because the outer vehicles have rebelled against God and have turned their face away from God and all of the Divine Attributes, there is a process, a learning, an acceleration that is required to truly have that opening made aware to the outer vehicles. For the opening of the Heart Flame allows the Charge of Light to be felt upon the skin, for the Will of God to stir the emotional body, and for the Light to carry all the lower bodies aloft into the Fullness of Illumination's Flame!

Treasure what you have received! And allow the continual acceleration of your lifestream to prepare you ultimately for your Victory in the Ascension in the Light! But until such time, you have great work to do, many Initiations to pass, God to be revealed within you as your own Mastery and Attainment! All of this, blessed hearts, I, Surya, hold in my Consciousness for you to achieve and to be God Victorious!

When the Light of God is proffered, will you be the first in line to embrace it? In answer to this question you can look around to the many Sons and Daughters of God and almost second guess who will refuse, who will back away, who will reply, "Not quite yet."

But you will say in the Divine Wisdom of the Mind of God: “I AM here Lord! I receive you now into my being!” That, blessed hearts, is how the Threefold Flame of your Heart always responds to the Mighty I AM Presence when you are in Harmony, when you have elevated your consciousness into a higher attunement which can and does respond immediately, not just to the Threefold Flame of your Heart, but to the waiting Heart of your Mighty I AM Presence forever streaming its Holy Light into your countenance!

Go forth! Let the Dazzling Star of your Mighty I AM Presence shine in the firmament of the Universe, calling you Home, assisting all who need Light and Momentum, and standing for the Fullness of the Divine Will of God!

I AM yours unto the Victory!

Your Surya

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
