Surrender Into the Keeping of Your Mighty I AM Presence & Establish *Pax Providentia!* Where You Are

COMMENTS FROM OUR BELOVED ANOINTED REPRESENTATIVE, CAROLYN SHEARER:

Blessed Sons and Daughters of God, prepare your consciousness for the Mighty I AM Presence. For the Fullness of the Light and Momentum of the Divine Providence for your lifestream is the preparation you are making for the coming Conclave and Acropolis. Enter into the Divine Current and Momentum of Okeanos, and hold fast to the Consciousness of the Mind of God, the Love of God, and the Will of God so that you are able to anchor all that is streaming forth, specifically for your lifestream to then be disseminated throughout the world for all who will benefit from that which you minister to God in Life.

When God, The Great I AM, sends forth the Command for the Sons and Daughters of God to awaken to the Truth of their Identity, there will be those who will hear the Call and answer. They will know on the instant that they were chosen and thus, surrender to the Presence of God to walk the Earth fulfilling the Will of God.

For those who cannot hear or who are recalcitrant and resistant to the Voice of God, there will be future cycles, other incarnations for them to be able to once more be tested. Will that be the cycle and the time that they finally do receive God into their life?

You, as Torch Bearers of The Temple®, have come to know your own Mighty I AM Presence, the Individuality of the Great I AM, streaming forth into your outer vehicles all that you require to fulfill your Fiery

Destiny! And that Destiny, blessed ones, began with the Divine Providence of The One, anchoring within your own Mighty I AM Presence Its Divine Design of the fulfillment which shall bring the greatest Victory of all — the Ascension in the Light!

For when your Presence sent you forth to live upon the Earth and to go through all of the cycles of birth, rebirth, and the acceleration of Coming-To-Be in the Fullness of the Christ Light that you have come to know, that, blessed ones, was the Mission that lifetime upon lifetime you willingly and joyfully embraced! With each incarnation came new opportunity, new cycles for you to prove the Law, to become more of the Outpouring of the Attributes and Qualities of your Mighty I AM Presence as the Truth of your Identity, instead of masquerading, putting on garments of unreality and mimicking a life void of any Charge of the Will of God or Momentum of Divine Providence that you were sent forth to fulfill.

Within your own Mighty I AM Presence is all that the Almighty Presence of Divine Providence crystallizes and establishes, increment by increment, Fire upon Fire, Light streaming forth for you to receive and ultimately fashion and form your vehicles of consciousness in the likeness of your own Mighty I AM Presence as the Christ: The lawful Incarnation into embodiment so that you can walk the Earth, all the while anchoring the Light and Momentum of your own Mighty I AM Presence.

Unreality is of nothing to you! All that has been fashioned and formed out of human creation fades away as you adopt all that is God Good within your own Mighty I AM Presence, allowing for the Threefold Flame of your Heart to address you, daily, moment by moment, assisting you in bringing about those Divine Attributes of your Mighty I AM Presence and establishing the Qualities of God that enable you to be God Victorious at every turn! It was never intended for you to scrape and struggle through life, finding it most challenging to even remember the Vision of Providence for your future, let alone to summon forth the God Direction and God Will that you are destined to bring into manifestation and establish by invoking the Power of God!

Far too many of you, blessed ones, throughout the ages have ignored the Voice of God within. But there came the time when you said, “Thus far and no further will I walk the Earth in the absence of the Holy Communion in the Light of the Christ!” You began to exhibit all that was Pure that was

shown to you within your own consciousness. And now you have learned how to bring about the God Qualities that will fashion and form your life into a Divine Way of Life where you can no longer deny the Keynote Identity and Intonation of that which you are receiving in Holy Communion with your Mighty I AM Presence. And with the help of the Ascended Masters and Cosmic Beings, you are able to augment their Momentums with those within your own Causal Body Presence, lowering them more and more into the fulfillment of that which was and still is to be achieved and manifest by you in this incarnation.

There is no reason that any Son or Daughter of God should be kept from fulfilling their Christhood and ultimately the Ascension in the Light! For with all of the Patterns of Divine Providence streaming forth and assisting at every turn, together with that which your own Almighty I AM Presence is able to draw forth as it holds you in the Arms of its Electronic Body — all the while you are walking the Earth in the Christ Consciousness — allows you, blessed ones, to know no defeat, no sense of struggle, for within you is the Opportunity to draw forth all that is necessary to commune *constantly* with the Mind of God and to operate every waking moment in the Office of your Christhood.

In doing so, you are never more than a breath or a moment away when your Mighty I AM Presence or an Ascended Master can step into the Charged Radiance of your lifestream and bring you into the necessary greater Momentum which you are to achieve as a greater Illumination and understanding of Cosmic Law at work! Then you are able to stream forth greater unconditional Love, no matter the circumstances!

For yes, there are known karmic patterns that you will face, time and again, karmas that will challenge you to remember who truly you are. But in facing them head on, blessed ones, you will summon the Courage and Strength to overcome any limitation that would keep you from the Divine Solution, the Divine Outpouring of unconditional Love, the Divine Will of God, made manifest. And though the other parties involved may not have your Attainment and Mastery in the Christ, nonetheless, the Flame upon the Altar of their Heart can be ignited in that Charge of Light in the interaction with you to be able to resolve harmoniously whatever is the need of the hour.

I speak of this, blessed ones, because you have elected to live as the Christ in the Fullness of your Mighty I AM Presence in a world where you are surrounded by many children of the Light who know not who they are. And far too often even those who have had a glimpse, quickly forget and go back to their entrenched human constructs which they have lived in for many incarnations, absent the active Presence in their lives. It takes a *Mighty* Divine Will to desire to be living your life in the Christ Consciousness day to day! It takes Illumination's Flame flowing freely within your mind to overcome all of the thoughts that should have long ago been transmuted and cleared out of your consciousness to make room for the Mind of God so that you would have Clarity and God Direction regarding the precise spiritual disciplines you require to hold to the Christ Consciousness.

And when it comes to Love, blessed ones, it is the most misunderstood of all of the Qualities of God that the Sons and Daughters of God live for and desire to fulfill. Desires of the human flesh, the emotional body, and even the intellect become confused and confounded to masquerade as God Love — attachments that otherwise with Clarity and Purity, you would consign to the Transmutation of the Violet Flame as unworthy of the God Love that you desire to bring personally into the circle of influence of your life.

It is one thing to love God unconditionally, and to allow that Love to go forth to the Christ Light, the Mighty I AM Presence of another, but in no way does that mean *that you are required to receive* into your world all that is not in keeping with the Divine Vibration of God Love, merely to have a relationship, to have communion with certain lifestreams. You must learn to love unconditionally and allow that Love to flow forth freely from your own Mighty I AM Presence, enriching your lifestream and that of the recipients. All the while, you are not *attached* to the negative perceptions and thoughts, feelings, actions, or reactions of the others that have received your unconditional Love.

This is an important understanding to have, blessed ones! For far too many waste many incarnations wrapped up in creating karma with lifestreams, unnecessarily — thus, slowing down the process of gaining Attainment to live the life of the Christ! This Teaching exposes one major stumbling block which, blessed hearts, has forestalled the Victory of many

who would otherwise have come into the Fullness of the Charge of Light and God Direction of their Mighty I AM Presence, fulfilling the Divine Plan of their lifestream, and ultimately being Victorious in the Current of Divine Providence, the Almighty Providence that *with* and *through* your Mighty I AM Presence will manifest every Victory!

You, blessed hearts, as Torch Bearers of The Temple, Lightbearers one and all, have taken to heart the commitment to surrender all that you are into the keeping of your Mighty I AM Presence and have caused your Invocations at the Altar for the Refiner's Fire to purify your consciousness, being, and world so that you might have the Clarity, the Peace, the God Direction, and the Momentum of the Will of God, thrusting you forward in the Divine Holy Purpose of the Intent and Desire of your Mighty I AM Presence!

So I, Okeanos, come to remind you of the Great Current of Central Sun Momentum that streams forth for you to bathe your consciousness in daily. As you consciously attune with this Ocean Stream, it shall wash away all that is impure and out of Harmony with the Vibration and Consciousness of the Christ Light and Momentum of your own Mighty I AM Presence. Within that Current, blessed ones, you are not only *relieved* of those negative patterns, but you are *Charged* with all that the Ascended and Cosmic Beings send forth by their Momentum and their God Consciousness to assist you on your journey in becoming not only the Christ, but fulfilling your Destiny of the Ascension in the Light!

So as you move forward throughout this cycle preparing for the coming Acropolis, recognize, blessed ones, that for your Mighty I AM Presence to fulfill all that is required through your lifestream as the Christ, you must surrender all that you are, fully and completely, into the keeping of your Mighty I AM Presence! Then trust that at the completion of the work of purification by the Sacred Fire, all that you truly are in the Light of the Christ will be returned to you, Charged with the greater Light and Holy Communion of your Presence. This allows, then, for the Threefold Flame of the Heart to unfurl all of the Plumes of Light and Momentum to swirl round about, in, through, and around every aspect of your outer vehicles, enabling them to commune with the Higher Vehicles. In this magnificent Acceleration, all your vehicles *meet* the Heart of God becoming One in the Fullness of the Mighty I AM Presence, knowing firsthand the Divine Providence that you are to fulfill.

To establish *Pax Providentia!* requires that you, blessed hearts, willingly, consciously, give of yourself into the keeping of your Mighty I AM Presence! It does not mean that you abandon life, that you become a hermit and squirrel away the hours without attending to your responsibilities, or taking authority over your lifestream. Communing in the fullness of the surrender to your Mighty I AM Presence allows you to be filled with the Charge of all that is God Good that assists you in being God Victorious in all of your affairs — knowing when to take Responsibility in your life and how to move through that Responsibility to achieve that which must come to bear. The same is true, blessed hearts, of taking Authority over your lifestream, knowing that your Christ Command *can* and *will* be answered! But you must give the Call! And it must be without any negative energy associated! For there must be the depths of Peace, even in a dynamic Decree and Affirmation that you utter! For that establishes the connection and Communion that you require with God.

Throughout this coming Acropolis, these Teachings, which I have shared with you today, and many more, will be your course of study so that *consciously* you will have the Touchstone of Reality for your lifestream as to how to open the door to receive your Mighty I AM Presence, to receive the Mind of God, to hold fast to the Vibration of the Light of the Christ. Many desire to accomplish this and have long studied and *striven mightily* to achieve it, yet still do not know how to “open the door.”

This will be a part of the Instruction of this Acropolis Sophia. For far too many are behind the cycle that their Presence desires for them to fulfill. And this study is the next step, blessed ones, in understanding the Truth of your Identity and how you commune first with your Presence and ultimately, with the Ascended and Cosmic Beings. So much there is to teach; it is not even assured that all can be accomplished in one Acropolis!

But try though We may, the conclusion and the Victory will depend upon the *openness* of your consciousness to enter into the training and receive the Blessings that are afforded to you, not just by Divine Providence through your Mighty I AM Presence, but the Ascended and Cosmic Beings who always stand fully ready to assist you to move forward and to be Victorious, *consciously knowing* what is the need of the hour for your lifestream. It is not enough to merely speak the words of the Decrees without the connection

of the Threefold Flame of the Heart engaged, without the visualization of the Consciousness of Illumination firmly engaged, without the Love Flame of your own Mighty I AM Presence elevating you and *expanding* your Momentum of your striving to commune with God.

Spiritual attainments, blessed ones, require training. They require practice, just as your Decrees and Affirmations are *training your vehicles* to let go and enter into Communion with God. Knowing *how* to make the Call when you are bereft of an outer requirement that you know not how to fulfill, you have the Call that comes instantly to your mind and you are able to give that Call and have the answer just as quickly come to your assistance.

There is so much, blessed hearts, that the Ascended Masters and Cosmic Beings desire to impart to you. You think that you have received already a magnitude of Instruction that surpasses all that has ever been given on Cosmic Law by the Ascended and Cosmic Beings. And that is true! But there is more to come. We have only begun.

When the Earth has become the Golden Age, the Christ Consciousness walking the Earth as the Sons and Daughters of God having fulfilled their Fiery Destiny of the preparation that is necessary for their Ascension in the Light, ALL WILL BE WELL! And the Fullness of Golden Regulus, the entire Earth elevated into the Golden Age, will stand revealed as living proof, blessed ones, that *you*, individually, and collectively as the body of Torch Bearers, have committed your Heart Flame to and have achieved the Accomplished Desire of becoming One with your Mighty I AM Presence!

Let the Angels of Archangel Michael continue to serve the Flame upon the Altar of your Heart and assist you in preparing for the coming Conclave! Let the Allness of God of the *Entire Spirit of the Brotherhood of Light* reign down their commitment of the United Allness of the Presence of God for the Earth to succeed, and for you, each one, to become the Golden Age of One, and then the many!

I seal you once more in the Call which Archangel Michael has sent forth and in His God Direction reminding you to keep the watch for your lifestream, prompting you when you are sliding into a negative pattern or a vibration that is not in keeping with the Light of the Christ so that by the time the Conclave comes, you will be so Charged and prepared that

that which you receive will become *anchored* for all time within the whole of your vehicles of consciousness — remembered, practiced, and fulfilled as the Divine Will of your Mighty I AM Presence!

Go forth in the Fullness of the Light of the Christ! *And know that you are the Mighty I AM Presence in Action upon the Earth, fulfilling your Fiery Destiny!*

I AM Lord of the Divine Currents from
the Great Central Sun!

Okeanos

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
