New Year's Conclave
December 28, 2022 - January 1, 2023

Brothers and Sisters of the Flame! Light Bearers of the World!

We welcome you one and all to this momentous Conclave: Purity's Dazzling Light & White Fire Substance!

Under the Canopy of the Star Fire Radiance of the Snow King and Snow Queen, the Angelic Hosts come with their Ministration and Service. In Seraphic Bands they wing their way forth — stirring the Heart Flames of the millions of God's Children across the face of the Earth.

In their undefiled Purity, the Angels of the Akashic Realm come to awaken those who slumber, those who move through life like sleepwalkers in a daze. With their Dazzling Light of the White Fire Sun, they kiss the brow and illumine mankind to the Fire that burns within their very own Heart. And in their embodiment of the Goodness of God, they bring Hope where desolation has left the ground barren.

This is the antidote to a fallen world. This is the Divine Solution for peoples and nations that have lost their way: To ignite the Heart Flames of the Many.

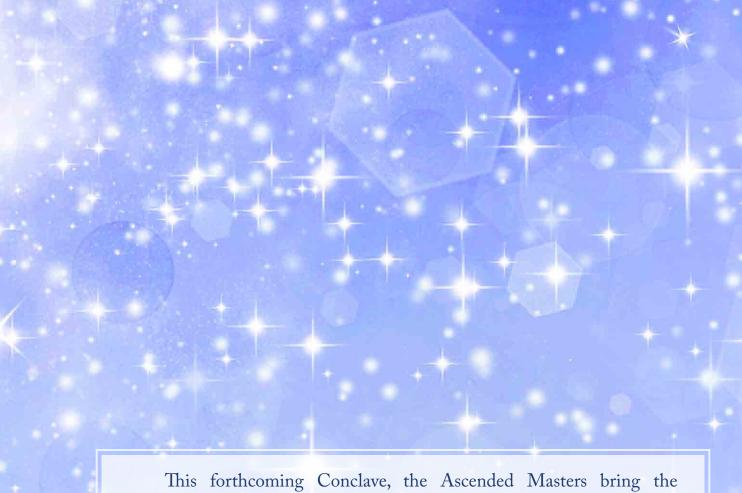

The glowing embers of the Divine Spark of the Heart, fanned first into a small Flame and then into a great bonfire, burn away the darkness of fear, hate, and discord. The Heart Flame when ignited billows into a fierce spiral of accelerating Light that shrugs off the heavy density burdening so many. And in its place the Christ Light takes its rightful Dominion.

Come to this forthcoming New Year's Conclave and enter into Purity's Ray of Perfection and Dazzling Light. Step into the Land of the White Fire Sun: The Glorious Realm of Akasha! Let your Heart once more be awakened and take flight in the upliftment of all that is proffered to you by the Blessed Angels so that you might wing your way Home to the Heart of your own God Presence!

The Power of the Akashic Realm

In a quiet pause in the midst of this busy season, in the Sacred Interlude of the Sabbath, you will find a blessed Peace come over you, a hushed stillness slowly blanketing your world like billowing snowflakes gently falling on a wintry eve.

Within this Great Silence the reverberations of the outer world are silenced. Turmoil is quieted. The agitations of the outer mind and feelings are stilled, and the untransmuted karma that seeks to emerge out of the folds of the memory body is held in abeyance. All of the ruffles of human existence are tamped down and held immobile in the Snowy White Blanket of Akasha.

Within this Sacred Stillness comes the Peace and Harmony necessary for the Presence of God to step forth and announce itself. Lo and behold, the Voice of God speaks within the still small voice of the Heart and it is heard.

The Starry Electronic Body of the Mighty I AM Presence

They looked up and saw a star
Shining in the east beyond them far;
And to the earth it gave great light,
And so it continued both day and night.

And by the light of that same star
Three wise men came from country far;
To seek for a king was their intent,
And to follow the star wherever it went.

Just as the Bethlehem Star led the wise men to the manger where the Christ Child lay so, too, there is a glorious Star of Destiny that lights your way to the unfoldment of your Christhood. It is a Guiding Light to illumine your footsteps upon the steep path to the Ascension in the Light!

The Electronic Body of your Mighty I AM Presence shines bright in the firmament — a dazzling radiating Star that blazes forth so All-Powerfully as to fill and encompass the entirety of the Great Central Sun. If your own Beloved Mighty I AM Presence is so All-Powerful as to light up the Great Central Sun, certainly your Presence can light up your entire consciousness, being, and world, as well as all of the circumstances of the entire human race. And with its Radiance, it can fill the entirety of your life, saturating it with God Perfection, displacing everything less than the Presence of God.

Together we will celebrate this Dazzling Starry Body of the Mighty I AM Presence and its All-Pervading, Indomitable Power to act in your world!

The Snow King and Queen Come Trailing Clouds of Glory

The Pristine, Edenic Consciousness of Purity and Perfection is the Signature Keynote of the Snow Queen and Snow King. With their Magnificent Entourage, they come trailing Clouds of Glory of the Great Central Sun and the Nirvanic Realm, where no imperfection has ever set foot or sullied its Immaculate Perfection. This most Glorious God Consciousness you, too, can experience in their midst. Come and re-enter the Natal God Consciousness of your own Beloved Mighty I AM Presence and begin a new day in the Sun!

Through the darkness that plagues so much of mankind, the Star of Light always stands revealed. Those who elect to recognize that Star will find the reinforcement of our assistance from the Ascended Octaves ready to breathe upon even the most fleeting awareness of the Christic Fire, expanding it until the Son or Daughter of God is capable of holding that Fire for themselves.

This is the Service We offer to you. This is what has been established as a Foundation to enable you to come up in vibration so that you will perceive the Star of your own God Identity. So that you will have greater awareness of all God Purity that is omnipresent, forever surrounding you, reflecting the Purity of the Life of God.

Throughout this Christmastide, each time your gaze lands upon a star pattern, recognize that your Presence is ever the greatest Star for you to gaze upon and ultimately become. For it is that Star of the Mighty I AM Presence that shines forth for all eternity to Light the world and the Firmament of God, causing darkness to be banished and be no more within the consciousness of the Children of God.

Let the Christ step forth and fulfill the Fiery Destiny of the Star of the Mighty I AM.

Epiphanies of the Godhead Charioteers

The Rock III: Part 2

Acropolis Sophia
January 2 - 8, 2023

Renew Your Spirits in the Everlasting Spring of Golden Helicon

Nost blessed are those who seek first the Kingdom of God, who aspire to a greatness only realized in the Presence of God. These are the blessed ones who do not find contentment in this world. Disenchanted with mediocrity, they desire more than the status quo, more than the proverbial good life has to offer. Most precious are these who, while tending to hearth and home, do not consider their true home to be in the Earth, but rather to be in the Heart of God.

If the gentle lisping's of the Heart bring to you a restless spirit, a yearning for something more, let this opportunity not pass you by. For the Christ within you is seeking to break through the last vestiges of the mortal consciousness to birth the Divine through your world.

This Acropolis Sophia Golden Opportunity is upon your doorstep: To be filled with the Presence of God descending with its Golden-Pink Light as the balm of Gilead. As your cup is filled with the Light of your Mighty I AM Presence, you are awe-inspired by the Noble, Royal Origins of your Divine Heritage. You are reminded of your High and Holy Calling that is all-important in this hour and the Divine Destiny that awaits you!

* * *

The Ascended Masters hurl a series of questions to the many Heart Flames across the Earth, asking:

Where upon the world's stage are the Divine Heroes and Heroines of this age celebrated?

Where is the exaltation of all that is Noble and True?

Where are the praises sung of a shining countenance that reflects the Royalty, the Beauty, and the Divinity of the God Self that knows its Source in the Heart of God?

If you look the world round, you will find a vast desert, a waste land of consciousness, as the world seeks to define who and what a person is. It is only here at The Temple that the Transcendence of God Individualized is taught and extolled. Nowhere else is the stature of the Firstborn Sons and Daughters of God given its rightful place or held up as the Divine Ideal for the mankind of Earth.

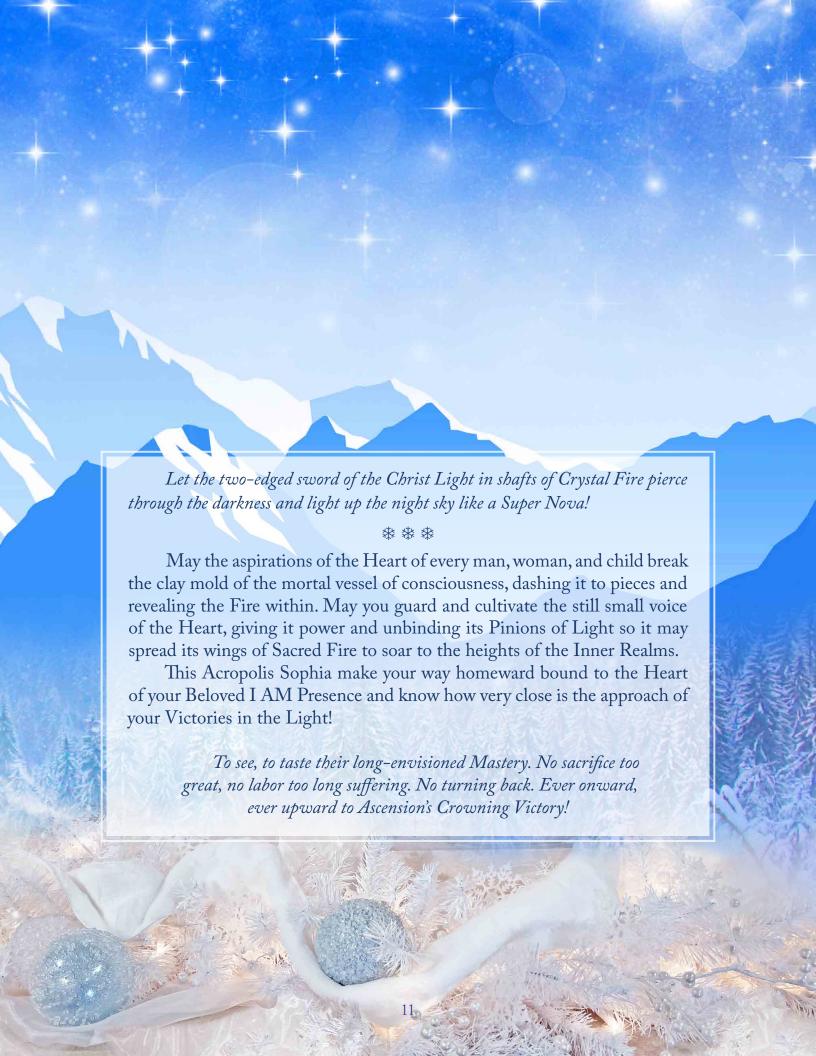

An all-important tenet of our Great Commission, a most important element of Acropolis Sophia, is to teach and train the Noble Character traits of the Godhead Charioteer so that the Torch Bearers of The Temple can be empowered to embody them and in time be embraced throughout the world.

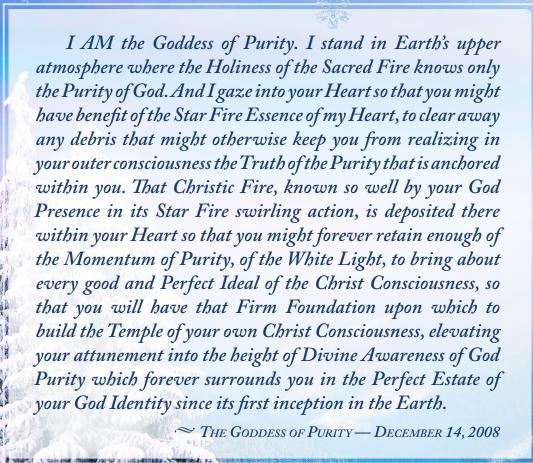

For, how can anyone have a true compass to navigate this world without the polestar of their Identity as the Mighty I AM Presence, God Individualized?

During our Harvest Acropolis Sophia, we embarked upon an in-depth study of the philosophical teachings of the Mighty I AM Presence through all the Realms of God, discovering how The One holds all absolute. At our upcoming New Year's Acropolis, we will continue with the theme of the Individual Mighty I AM Presence, celebrating its character traits and the Face of the Firstborn as the True Pattern of lifestreams and the life they are to live. Discover . . .

- * The full-fledged Individual Identity that is your Mighty I AM Presence.
- * The personal nature and intimate communion and identification that you can have with your Blessed Presence.
- * The Individuality of your Presence, the uniqueness of its Selfhood and the Keynote Identity that is your Blueprint.
- * The source of the Mighty I AM Presence in The Great I AM as the Thought of God about Itself.

May the Holy Oil of Illumination pour forth upon your brow that you may come into the full understanding of these magnificent Truths. For there is tremendous God Power and Divine resolute Will that comes forth when you know these Truths from the crown of your head to the tips of your toes, through the length and breadth of your mind and emotional body. When they are embodied and lived, the Christ is here on Earth.
