GAUTAMA BUDDHA - MAY 11, 2025

Victory is a word that is used so often, and yet, blessed ones, when you look at all of the things you go through in your day, how many Victories can you count up? There are far more than you are even consciously aware. All of the God Good that you fulfill, all of the Peace that you emanate, all of the Patience that you have with others, all of the Light that you stream forth, all of this, blessed ones, you make available to the many across the world! And in time, they will know. For The One, The Almighty, has sent forth the Command to the Individual Presences of God throughout the Kingdom of God, Ascended and unascended, to raise up the consciousness of the children of the Light so that no longer will they settle for anything less than the Vibration of the Light of their Christhood! That Command may seem to be too overwhelming for your mind to accept, as you consider how many lifestreams there are upon the Earth who are misusing the Light of God. Nevertheless, blessed ones, even within but one Mighty I AM Presence is focused the Omnipotent Power of Providence to fulfill that Will of The Great I AM, The One!

You cannot limit your Mighty I AM Presence! Therefore, the collective Whole of the unified Presence of God, the Allness of God, commanded by your Mighty I AM, has the ability to bring about the Golden Age far more quickly than may appear with outer circumstances as they are! You know the Blessings that have come to bear in your own life — the healings, the parting of the way of doubt and fear, the reinforcement of Courage and Fearlessness, the ability to have the Vision to know what your Christ Consciousness desires for you! All of this, blessed ones, you have recognized — some would say, “in a short period of time!”

Therefore, do not think that God in the Unified Action of The One, in the Fullness of the Entire Spirit of the Brotherhood of Light, will fail, but will radiate forth all the Acceleration that is necessary to be focused on the entire Earth for the Golden Age to come forth! There is no astral substance or psychic plane that can withstand the Fullness of the Power of God! What remains as always — is the Will and the Call of the Heart of the embodied lifestreams!
