Anchor the Fire of the Emerald Ray!

Blessed Sons and Daughters of God,

Will you be able to anchor the Fire of the Emerald Ray? Will you have command within your vehicles of consciousness of the Fullness of the Threefold Flame Action that comes forth by the Will of God, the Love of God, the Illumination of God? Will there be the Outpouring within you of the White Fire of Purity that establishes the spiritual foundation upon which all of the Qualities of God are able to take dominion upon the Earth?

Naturally, these are the Divine Alchemies that you are called to practice daily! For what matters is not merely what you perform at your altar by the Power of Invocation and Affirmation, by your meditations and prayers, but what counts is how well you anchor that Charge of Light from the Mighty I AM Presence and Ascended Masters to be an active part of your day-to-day life. Are you fully embracing that Charge of Light? You must do so, so that you are not just a human being born of the flesh and bone of the earth, swimming about in the emotional turmoil of the masses, not having the full Command of the Christ Consciousness within your mind.

No, blessed ones, you are intended to be that Christ Light and have that Charge of your own Mighty I AM Presence saturating through and through the entirety of your temple! Thus allowing you to perform all of the so-called miracles to bless the rest of the world.

Oh yes, blessed ones, most of mankind think any accomplishment beyond what they are able to do by brute force, or by mixing certain chemicals together by scientific experiment, having the same result always occurring,

somehow must be unreal, or else must be a miracle, a phenomena! But you, as the Ascended Masters' students, have come to know that so-called miracles are in fact in keeping with Cosmic Law, facilitating the Way of Life that you are to live, keeping the Flame upon the Altar of the Heart blazing, so that at any moment you are able to address the outer circumstances of life with the Divine Wisdom of the Mind of God, the Divine Direction of the Will of God and having the Power of God to carry forth that Will with the overflowing Love of God, enabling you to be filled with the Fullness of that Love that lights you into action! So then you are not satisfied with merely sitting back and watching the rest of the world go by, but you desire to take hold by the Necessity Ray of your own lifestream, expanding your Threefold Flame into your life, your momentum.

By the Christ Command, you can usher that Momentum forward! But there must be the *willingness* of your vehicles to apply that Law, to engage, to allow it to have full freedom of expression! And that is why the coming Conclave is so important for the students of the Light to understand and embrace the Teaching that will be released. For it is Freedom's Flame that gives you the ability to bring forth the Divine Alchemies that allow you to pursue your Christhood, and ultimately, experience the Golden Age!

Without the full embracing of your Holy Christ Presence, there is not the momentum that you require. For all about you there are strident voices, spewing forth every type of misqualified energy, parading before your eyes every form of degradation and mortal depictions, even as you go through the cities and towns, flashing suggestive imagery that tears down and destroys the very Essence of the Christ Light that you are working mightily to maintain.

Thus, you must guard well what you allow into your own life! You need not absorb it into your world, even should your profession take you into places where it is not comfortable for you to be. You have the Charge of the Light of your Mighty I AM Presence you can call forth to surround you, to seal you in the Divine Perfection of the Light of God, so that you can move about conducting your business, performing the work that you have come to do, then swiftly repairing back to your sanctuary — the place that you have charged with the focuses, spiritual imagery that is Beautiful, Patterns of Perfection that carry your consciousness into the heights of the Great Central Sun! The fragrances in the room lift you into the remembrance

of that which you have experienced when an Angel, an Ascended Master, your own Mighty I AM Presence has released the perfume of the Charge of their Momentum for you to know that they are present, to experience the Comfort Flame that you desire to abide within.

Oh yes, there can be activity, and there should be activity! For activity, blessed ones, allows you to experience the Fullness of the flow of the Light of God. After all, your Presence is not static, never has been and never will be, and you likewise. Though you may take those periodic adventures into the Great Silence to rejuvenate your life forces in that Charge of Light and Momentum, when you return, you feel ready once again to take up your life's work, to continue on performing all of the small and great things that your Presence will present to you to figure out, to learn how to use the Light of God wisely.

Many times, it requires the firmest control of your own outer vehicles to invoke the Fullness of that Light to come forth. Your emotions cannot be agitated, distraught, in turmoil! That is why an entire Conclave and Acropolis was devoted to God Peace, addressed by the Twelve Mighty Elohim. This Release was so important, most especially for this cycle of the Earth, for you to be able to have the Consciousness of the Mind of your own Holy Christ Presence flooding into your brain, charging it, giving you that Engram of Peace, the High Ideal and Momentum that will solve the circumstance that you are dealing with.

Divine Solutions, blessed ones, come forth, not by wringing your hands in despair and allowing your emotional body to take over, and ultimately you throw up your hands and quit! Oh no, blessed ones, that is not how you draw forth the Light of God and perform the Divine Alchemies with the Emerald Ray. You apply the Law. And yes, there may be times when you must make adjustments during the cycle, if results are not forthcoming as quickly as you would like. So you go back to the Heart, making your attunement, reconsidering what you missed, and allowing for the Mind of God to show you the Vision of Cyclopea to impart to you the assistance of my Ray, to enable you to combine the right portions of the Power of God as the Blue Flame, the Emerald Ray, and the cutting action of the Diamond Shining Mind of God to impart to you in that Golden Elixir the understanding and attunement needed to form and fashion the result that brings the victorious achievement.

You have heard many of the stories told of the Retreats of the Ascended Masters and how the Alchemies were performed to assist in teaching those who were there. Let this be the schoolroom of Saint Germain for you during the coming Conclave. Allow your momentum and vibration to be prepared to receive the Ascended Masters who will come so that you are open to all of the possibilities for your lifestream! Wisdom perhaps that you have overlooked, though you may have studied the Teachings for some time, participated in the Light of God, there is still something missing and you know not what!

This would be the time for you to set aside all of the outer activities of life and focus upon the Conclave and Acropolis so that you learn what has been missing, what needs to be refined, what needs to have a charge of a greater momentum and a particular God Quality or the refinement of the Virtue of the Christ that you are yet lacking in your attainment! So as you move forward, you are not dragging one foot behind while trying to thrust forward with the other. Oh no, you are intended to fully and completely accelerate each day in the Light of God!

And if that is not happening, then you need to rethink your habits, your surroundings, your associations, your mindset. What do you allow your mind to rest upon? And as you begin to refine and see that there are areas that you may improve upon, you go to your altar and you call upon your Mighty I AM Presence, your Ascended Masters sponsor, or any one of the Ascended Masters that serves on a particular Ray that you might still be struggling to master, to assist you in overcoming those limitations so that you have the full measure of assistance that is required to overcome and be God Victorious!

For Victory, blessed ones, is the Incarnate Christ, is what will establish the Golden Age — the incarnate Christ active in each one of you! And it matters not how recently you have come to understanding the Teachings of the Ascended Masters, how seemingly remote you are from this Altar, listening only over the airways. There is no time and space for the Ascended Masters or your own Mighty I AM Presence!

Yes, it is valuable if you are able to be in close proximity to the Masters when they are releasing their Teaching and Instruction. But if you cannot, clear away the debris in your home sanctuary near your altar, set aside the space and establish the atmosphere of the Silence so that you can attend

to the Vibration, the Momentum, the Teaching and Instruction to better absorb our Light into your vehicles of consciousness because you *desire* to receive it! This is most important to you for you have made a commitment to your Mighty I AM Presence to ascend at the close of this lifetime! And you do not want to miss one opportunity to accelerate to that Victory!

You can be assured that Mighty Victory will be coming to this upcoming Freedom Conclave! You can be assured that the Goddess of Liberty will be here! And you can be assured that Pallas Athena will be here to clear away the debris so that you might be able to have the full benefit of all that you are to receive!

Obviously, Saint Germain, the greatest of all the Alchemists, will be in your midst. This, blessed ones, he promises you: if you give your attention wholeheartedly, completely, without prejudice, without reserve, he will help you to open your Heart Flame so that you can begin to receive the Alchemies for *your* lifestream that *you* require to fulfill all of the Divine Qualities of God *your* Presence has been waiting to release into your charge, at your Command, by the Flame upon the Altar of the Heart.

I, Leto, know well how Saint Germain works! He will cast forth these High Ideals for you to put your attention upon, all the while he is Charging the Violet Flame in, through, and around your vehicles of consciousness, so that you, while your attention is on the High Ideals, are receiving the Transmutation of the limitations within your consciousness, of certain karmic patterns that have held you back, so that you can begin to grasp those selfsame High Ideals that are the natural estate of your own Mighty I AM Presence and the Truth of Cosmic Law[®].

Blessed ones, throughout the cycle leading up to the Conclave, and even following the Conclave, you will discover new awarenesses that I, Leto, will assist your Mighty I AM Presence in pointing out to you! We will assign Angels to come and give you a nudge on the shoulder or to send a Ray through your consciousness — like a light bulb going off in the room, casting a new light, a new awareness, a new perspective that you had not thought of before. Pay attention! For unbeknownst to you, our Angels may be tending to your Flame and performing a very specific service for you! Let this opportunity of preparation and the cycle of unfolding that the

Masters are preparing be the acceleration that you require, one and all, to be God Victorious in the fulfillment of your Christhood!

I, Leto, commend you to the Emerald Matrix Decree in preparation! I commend you to the Violet Flame Decrees! And I commend you to the full Love for your own Mighty I AM Presence, given without holding back any part of yourself, so that you can grasp all that your Presence has desired for you! And as the *Golden Helicon Shield* goes before you to protect you, let that *Shield*, blessed ones, consume and reject any negativity of impersonal opposition to the Light of Christhood that you desire to embody.

Let that Light, blessed ones, be the fulfillment of your consciousness coming to the fore as the Christ Light! In the name of Krishna, allow that Light to shine with all of the intensity of the Light of Ten Thousand Suns so that the *Golden Helicon Shield* will protect you through all your days. *This is important to remember!* And there will be more said of this during the coming Conclave so that you have the full understanding of not only how to receive the Light of God, the full Teaching and understanding of God, but how to protect it, how to hold it, how to keep it for the fulfillment of the Victory that it was established for!

Blessed ones, I commend you to the Emerald Ray, to the Blue Flame of the Will of God, and to the Golden Elixir of Illumination's Flame, pouring forth and establishing your Momentum of Christhood!

I AM
Leto

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
