## RAISING TEMPLES FOR THE GOLDEN AGE

FREEDOM CONCLAVE  
JUNE 29 - JULY 3, 2022

*There is joy in the construction of The Temple of life, for templed order and templed service create in the individual a sense of building when all around him there is a tearing down of values, morals, and faith. But in the Temple he finds his constructive role midst the roles of destructivity men have elected for themselves.*

~ SAINT GERMAIN ON ALCHEMY\*

**A** Glorious Work is afoot! For the Torch Bearers and Light Bearers gather together for the Mighty Work of the Ages — Temple Building! Raising Temples for the Dawning Golden Age of Saint Germain!

Let the Bells of Freedom ring! – pealing and echoing across all oceans and lands.

Let the Light of the Mighty I AM Presence reign supreme!

Let the Emerald Ray bring forth God Perfection!

For The Temple will be raised and the Victories accomplished and fulfilled!

This forthcoming Conclave, you are invited to join with your Brothers and Sisters in the Mystic Rose for a Jubilee Celebration of the Golden Age! The Ascended and Cosmic Beings bring the blueprints for Temple Building to the mankind of Earth, blueprints for building Temples of Wisdom and Learning and for raising up the four lower bodies as a Temple of the Most High Living God.

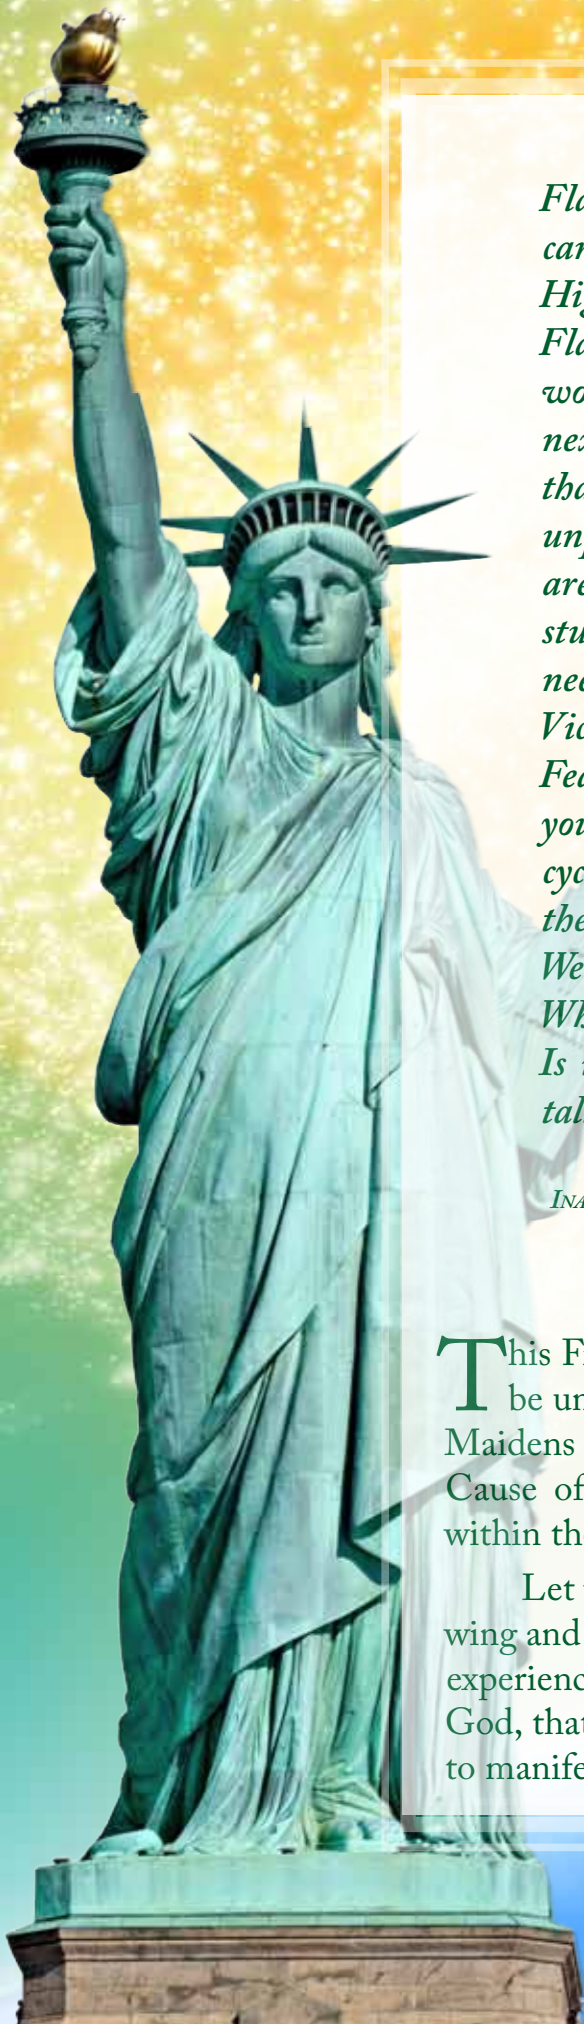

### **Mighty Victory is at Hand**

**A**mongst the rumors of war, famine, plague, and economic depression, amongst the tearing down of the Christ Light of the Innocent and Holy, amongst the degradation of life that much of mankind have chosen for themselves, comes the Voice of the Ascended Masters loud and clear.

*God will win the day! Your Victory is assured! Mighty Victory is by your side!*

Your Presence knows no defeat, no failure, no discord. Your Mighty I AM Presence knows God and God Only. And this is the great discipline of the Path that the Torch Bearers must enter into, to acknowledge only Perfection and to rise into the God Dominion of their Christhood to perform the Alchemies that are at hand to bring the great Victories of the Ages into the physical.

*You require Mighty Victory's Fearlessness Flame! Beloved ones, Fearlessness Flame cannot be neglected. You cannot move into the Higher Octaves of Light without Fearlessness Flame. Not knowing what to expect, you would find yourself fearful of the next cycle, the next rung of the ladder. What if you climb to that rung of the ladder and, suddenly, you are unprepared to handle those initiations? These are the kinds of doubts that keep you fearful, stultified and in the dark, beloved ones. You need Fearlessness to be Victorious. As Mighty Victory has told you, as you progress on the Path, Fearlessness will become your Victory before you have even begun the work. We know when cycles signal that a Lifestream will accomplish their final Victory. We see the Determination. We see the Fire. What Fire are you made of? Where is the Light on your chakras? Is it clear? Is it bright? Are you standing steadfast and tall?*

### **Alchemies of the Emerald Ray**

**T**his Freedom Conclave, you are blessed beyond measure to be under the guidance and tutelage of the Mothers and Maidens of the Emerald Ray. You may take heart that the Cause of the Earth and, indeed, you personally are held within their Vision, Compassion, and Love.

Let the Beloved Goddess of Liberty take you under her wing and cradle you in her Fountain of Light that you might experience and know firsthand the Divine Providence of God, that Goodness of God's Presence that is ever seeking to manifest in your life.

Be awe-inspired by the Majestic, All-Powerful Pallas Athena in her Mighty Stance, astride the vast continents, holding the Patterns of the Divine Culture and Ascended Master Way of Life for the many Sons and Daughters of God.

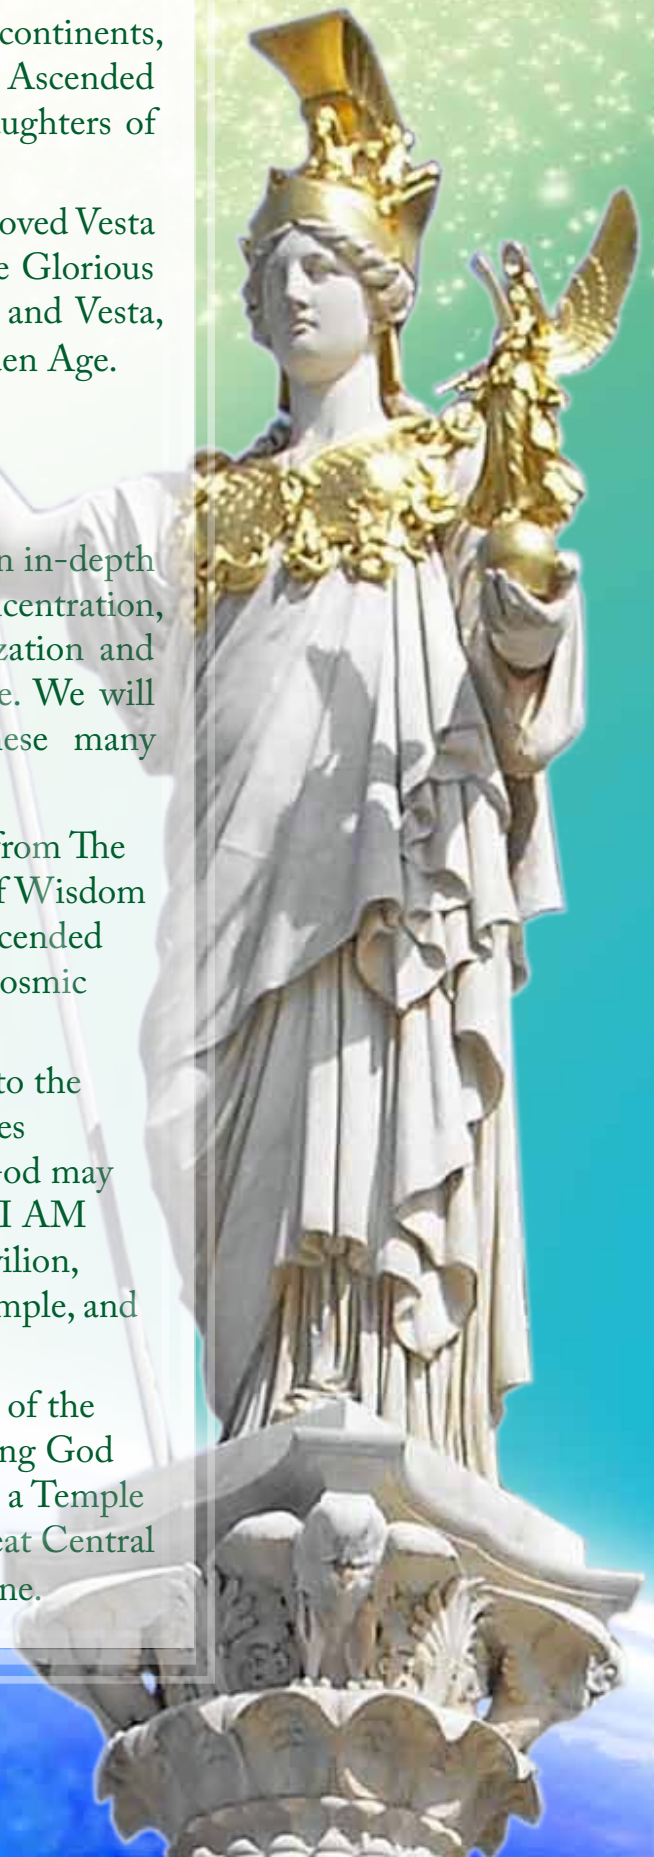

Enter into the great brooding Presence of Beloved Vesta that is ever present as she from her Realm of the Glorious noon-tide Sun, the Paradise Kingdom of Helios and Vesta, brings to you her Divine Inspiration for the Golden Age.

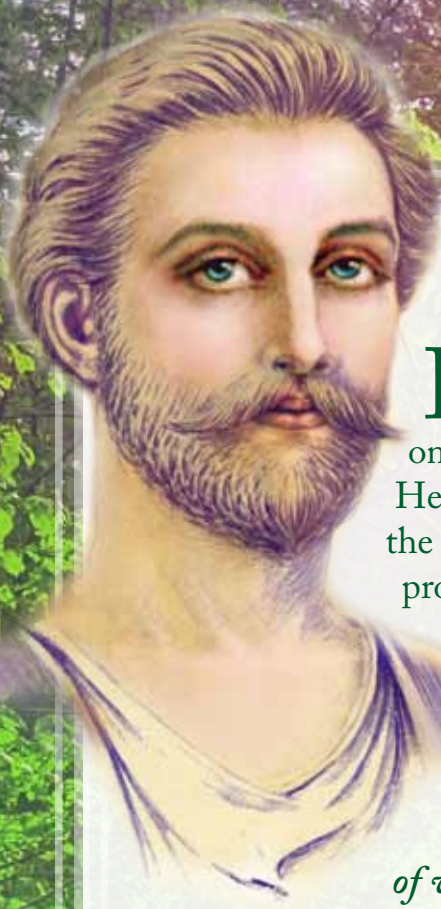

### Temple Building

**D**uring the Freedom Conclave we will enter an in-depth study of the Emerald Ray, its Power of Concentration, and how to leverage its Power through Visualization and Invocation to build the Temples of the Presence. We will celebrate the Presence of God hallowing these many Temples...

- ◇ Hear the Voice of the Ascended Masters from The Temple. Acropolis Sophia as the School of Wisdom is a most sacred Temple filled with the Ascended Master Consciousness and the Truth of Cosmic Law.®
- ◇ You are summoned by Beloved El Morya to the raising of The Temple, the physical Temples where the many Sons and Daughters of God may come, learn of their own Beloved Mighty I AM Presence — beginning with Acropolis Pavilion, then on to Aurora Pavilion, the White Temple, and Victory's Temple.
- ◇ Hone and fashion, purify the body temple of the four lower bodies, for the Most High Living God abides within the many Temples, building a Temple in each Realm, from the Realm of the Great Central Sun to this outer realm of the physical plane.

### **You have a most Important Role to Play**

**E**ach one has a most important role to play in this Great Work of the Ages, one that cannot be fulfilled by another, one that the Mighty I AM Presence has pressed upon the Heart Flame as a Divine Alchemy to bring to the fore. Cultivate the Divine Listening Grace to hear that Voice, to act upon the promptings of your own Holy Christ Presence at every turn. Fulfilling the Law in your personal life will bring about the Mastery and Attainment to assist the Brotherhood in greater and greater magnitude.

*Join Us in the Great Work of the Ages. The Great Work of the Ages is the testing of the mettle of which you are made. I, Saint Germain, am here to tell you that I AM in the Joy Flame tonight, the Joy of the Violet Flame! For I have seen the mettle of which you and those who are coming forth are made of, and for Me it is a grand day! For I know that the Strength and the Courage within this body of Torch Bearers spells your Victory and will manifest the Fullness of our Divine Intent for The Temple of The Presence as it moves into greater action.*

### **Alchemies of the Emerald Ray**

**A**lthough many across the land wring their hands in despair, giving into their fears and anxieties, living in trepidation, doom, and gloom, the Ascended Masters come with Hope. With forethought, they have seen upon the horizon the trajectory of the current state of world affairs and in their greater Wisdom bring the need of the hour: The Emerald Ray, God Vision, Divine Abundance, and the Divine Knowledge to manifest the Perfect Patterns of the Mind of God into this outer world.

By entering the Constant Conscious Cosmic Christ Command, the Consciousness of the God Dominion of your own Mighty I AM Presence, the Divine Solution is at hand. Your own Heart Flame, the Threefold Flame that is the Scepter of Divine Authority and Dominion, is the All-Powerful means of Victory!

As the many Torch Bearers come into their own as the Christ, anchoring the Light and fulfilling the Alchemies of the Emerald Ray, they will bring about Golden Ages of One in their individual lives that will ripple out into a Golden Age for the many.

*The Golden Age will come as quickly as you allow, for as the Golden Age is sparked within your Hearts, as you begin to put on the garments of the Golden Age, to design the buildings and architecture of the Golden Age, and to talk, live and experience the Golden Age in your daily life, you will understand that it is much closer than you would think. Then you will begin to see the Light from the Etheric Cities move into action.*

*Yes, beloved ones, it is the plan for the Heart Center of this Activity to be located directly beneath the Etheric City in Arizona. For I tell you, beloved ones, the reinforcement of the Light from the Temples of this Etheric City will be the magnet to anchor the necessary Purity into the physical as the Altars are tended by those Priests and Priestesses of the Sacred Fire. Those Altars will have a corresponding Flame in the Etheric City, and you will see the fullness of the representation of that City lowered in the physical octave!...*

*Beloved hearts, you cannot imagine the beauty of this City—the Domes, the Temples, the Altars, the open airways—all of the magnificent marbles and stonework that emanate Light from their very Essence—the Gold, beloved hearts, and the Golden Light, bright as the Sun-Behind-the-Sun, and the Emerald Ray as manifest on one of the Altars in one of the Temples. This Emerald Ray, beloved ones, will bring forth the Purity of Truth in Christ Wholeness, in healing, in Precipitation and in the Abundant Life, for all who are able to manifest the fullness of that Emerald Fire.*

## PART II

### THE POWER OF DIVINE PROVIDENCE

ACROPOLIS SOPHIA

JULY 4 - 10, 2022

#### **Renew Your Spirits in the Everlasting Spring of Golden Helicon**

**M**ost Beloved Torch Bearers of The Temple:  
Turbulent times and the struggles of the world need not be your lot in life. Peace, Prosperity, and Happiness abound — flowing as a broad, mighty River through all Creation. Upon the Golden River of the Helicon — in the fused Momentum of the Brotherhood of Light — comes Hope and Triumph, Harmony and Goodwill. This Divine Providential Love of God is there for you to enter into and invite into every nuance of your life. There you find the firm foundation, the Rock, that you can build your life upon. Bathing in its Fountain of Light, you enter into your own Blessed God Presence and the Bosom of The Great I AM to find every Divine Quality, every Goodness for you, your family, your country, and the world.

This forthcoming Acropolis Sophia, your Ascended Master sponsors wrap you in their Love, in their God Consciousness, and in the Divine Providence of The GREAT I AM to teach you how to be the instrument of that Divine Providence. They say to you: Come and drink of the Living Waters of God's Presence and renew your Heart's Spirits at the Fount of your own Beloved Mighty I AM Presence. Come and commune with the *Entire Spirit of the Brotherhood of Light* and reach to the Cause of all Perfection, the God Consciousness of The Great I AM.

~ ~ ~

## **Take Heart: You are Under the Miraculous Care of Providence**

**I**f you feel as though the odds are stacked against you, that the Cause of the Brotherhood and your own Ascension are out of reach, take heart and inspiration from your own Beloved George Washington. Stand tall and Courageous in the overshadowing Light of your own Christhood and let that rolling momentum of Light pour forth so powerfully that with its resplendent Glory no opposition can prevail. Let this Spirit of God descend as an Invincible and Invulnerable Cloak of Protection round about you. And forge fearlessly ahead. For you are under the Care of Divine Providence!

This forthcoming Acropolis, your Ascended Master Sponsors seek to buoy you up with the Light and arm you with the Truth of the Eternal Realities of God. It is their Joy and Good Will to give you the knowledge of the Truth of Cosmic Law and the certitude that God Good will always win the day. For with the tools of God Truth, you can successfully mount your campaign to the Ascension in the Light reaching the summit of Victory by the Hand of your own God Presence.

## Divine Providence in my Life

*Though a great storm rages in its fury, though the bleak winter casts its harsh, lifeless shadows, though my eyes cannot see through the sheets of ice and hail, I know the Hand of God, Divine Providence, ever guides my footsteps. Unto the Protection of Almighty God, unto his Holy Keeping, do I place my trust. He makes way the Tree of Life and Great Rivers of Peace flow from his Blessed Countenance. In the guiding Light of Divine Providence, the Goodness of God's Presence is forever made manifest in my life. I am at Peace!*

## Be the Instrument of Divine Providence

*Divine Providence: The way that God engages in the affairs of this outer world.*

**A**s we enter into this week's study, we will celebrate the Consciousness of The Great I AM, the Rock of Eternal Being that is the Foundation of All. You will discover it as the Fountainhead Source — the Causeless Cause Triumphant — the source of all Perfection and Good.

The magnificent symbol of the Eye of Divine Providence holds many keys to understanding the Consciousness of The Great I AM and its primal modes of expression as Good Will, as the Foreknowledge of Divine Providence, and as the Selfless giving of Itself to every part of life.

Throughout this cycle, we will extol the Virtues of the many adepts and disciples who have walked the Path before you, who have been the agents and servants of the Divine Providence of God. Let their example be your guide as you set sail upon the seas of life. Learn to...

- ◇ Be the director of Divine Providence — as an upraised grail you can be the open door to its infinite Blessings.
- ◇ Invoke the Light of your own God Presence and the Ascended and Cosmic Beings so this Mighty Avalanche of God Light and Life can flow through your world and the world at large creating a greater and greater opening and conduit for the Light.
- ◇ Learn how very practical God Love is as the foundation and Rock of your life so that in your pure Faith and in the operation of the Laws of Life you can move mountains of adversity.

The Hallmark of what the Ascended Masters desire to share with you this cycle is how very personal and real this Love of God, the Divine Providence of The Great I AM, can be for you. The Great I AM has a plan for you, personally. And as you enter into this realization, a greater purpose and fulfillment will be yours — like the opening and unfurling of billowing sails upon a clipper ship, sailing forth upon the bright blue sunlit sea.

*Oh my, how many incarnations have so many of the Sons and Daughters of God endured, trying to better their lives, all the while missing the supreme ingredient that would ultimately lead them to Victory? That ingredient, blessed ones, is God. God in all his Directing Will that must come forth. God in Illumination that brings Wisdom as to how one conducts the affairs of one's life throughout their incarnation. God in all virtuous Qualities that are exhibited in the day-to-day life, of how one relates to another, how one holds the Flame of Divine Love for God, and ultimately in the surroundings of all that is given to them to protect and to hold under the canopy of God Love.*

*God Love, practiced and perfected, becomes a reservoir flooding forth into all areas of one's life, ensuring that every action takes place in accordance with the Divine Outpouring of the Heart of the Mighty I AM Presence. And when you have the collective outpouring of the Many Sons and Many Daughters of God in the Fullness of their Mighty I AM Presence, you can begin to see how such Power can and will move mountains of adversity upon the Earth! It can shift the consciousness of the masses! For the Power of God is oh, so magnificent and cannot be denied.*
