Omega

Tucson, Arizona

Stay the Course to the Victory!

You have come with open Heart to the Mother Flame. You have made your chalice available for the Charge of the Light that I, Omega, bring this day. Recognizing the Love that you have for the Presence of God allows my Beloved Alpha and I to "Stay the Course to the Victory!" of the Sons and Daughters of God, both those incarnated now and those who will come back into incarnation to finish their journey and perfect their momentum to the Ascension in the Light!

You look about and you see all manner of degradation against the Presence of God in your midst, and you wonder how Alpha and Omega could continue to hold such a Presence in the Earth when there is such a denial of God in the midst of his little ones, his youth, his young adults, and even those older ones who have become callous and set in their ways. But I, Omega, am here to tell you that We will never turn away from the Flame of God abiding upon the Altar of each and every Heart, wherever that Heart Flame may reside. For that Flame, blessed ones, is the Presence of God on Earth even as it is the very Presence of God in the Ascended Octaves as the Heart Flame of the many Ascended Presences — the many Ascended and Cosmic Beings!

The Heart Flame is a far more powerful pressure of Light opening into the Way of Life that the Sons and Daughters of God will eventually adopt as their way of life than you can begin to know! Oh yes, there are those

who from time to time rail against God, deny God, commit all manner of heinous crimes against God. But, blessed ones, the Law of Forgiveness and the Mercy of God are always flowing forth! Those who fully commit to knowing the Truth of their Identity will eventually have it imparted to them. For the Law of the Being of your Presence — and that Presence of every Son and Daughter of God — is that the Door to your Presence continues to be held open as its Consciousness streams forth into the Divine Flame abiding upon the Altar of the Heart.

Perhaps you have forgotten what your life was like before you knew that you had a Mighty I AM Presence, before you were introduced to the Angels attending to your Flame, before you stood in the Presence of Lord Maitreya, the Nameless One, the Holy Kumaras. It was a different world back then, perhaps bearing some familiarity to now, thanks to the Flame upon the Altar of your Heart which allows you to recognize the Charge of Light as you receive it from this Altar.

The same is true of many sincere lifestreams across the world. They too want so much to live a life that is good. And to them, that is a life that is abundant, healthy, whole! But 'Good' to you is understood as the Presence of God abiding where you are, the Light streaming forth through the creativity of your life engendering all that God, your own Mighty I AM Presence, and yes, the God of Very Gods, The One, has held within the Consciousness of the Mind of God to impart upon Life and bringing that Life into the Fullness of Divine Activity and the path which the Sons and Daughters of God move through on their return journey back Home in the Ascension in the Light!

Know well, that I, Omega, am most aware of the comings and goings of those events upon the Earth that require my attention and my Momentum of the Mother Flame. Today is a cycle among many who celebrate the Mother — the Mother who has given birth to a child, the Mother Light that streams forth out of the Heart of God as the White Fire, that Mother Light that I embody, that you draw forth into the Kundalini Fire of your own vehicles of expression, so that that Flame can give birth to the creativity, the *genius* of the Consciousness of the Mind of God, the Momentum of God Love, and the fulfillment of the Will of God!

Throughout your days, you have paused to consider whether or not you are fulfilling that vow made to your own God Presence before coming into this incarnation. It is a most sincere contemplation, affording you the opportunity to establish the figure-eight flow within your Heart Flame connecting you with your own Mighty I AM Presence. To feel the Charge of Light come forth, released into your mind, into your emotional body, into your physical body, excites and electrifies your vehicles of consciousness, so that you know the Presence of God has come upon you and has responded to your Heart's Desire!

That exercise, blessed ones, is one that you should be engaging in daily. For that is what allows you to draw upon the Divine Source of your own Mighty I AM Presence, of Alpha and Omega, of The One, so that The Good may abide where you are and take hold through Life, charging the very atmosphere round about you, elevating the consciousness of those whom you know not outwardly. And yet, they have felt the Charge of Light that you anchor, not only in your calls, but in your devotions and meditations and in your sustained attention upon the Flame of God!

When I, Omega, stand in your midst, does your physical body hold fast to the Charge of Light or is there a wandering of your consciousness? Is there a tendency to move? For you have not been accustomed to the closeness of my Momentum of Light. I speak of this because there has been a cycle where there have not been those many students of this Activity maintaining close proximity to the Ascended Masters delivering their Dictations in their midst. Yes, participating over the airways that stream forth into your homes and into your private sanctuaries is one set of equations of the Charge of Light that you receive. But when you are physically present in the same space, atmosphere, and Vibration, it is a higher order of acceleration entirely.

Oh, there is no time and space when you go high enough in consciousness! But have you been able to reach that supreme height of the Ascended Master Octave and Consciousness? Because of circumstances upon the Earth, out of the control of many of you, it has been deemed necessary to have those separations, at least in the physical. Nonetheless you have never been apart from my Heart Flame or that of the Ascended Masters.

Elevating your consciousness into the Holy Christ Presence allows the Fullness of our Charge to be transferred to you, wherever you may be. But when you can be in the close proximity of the Ascended Masters, you will want to breathe in that rarefied air, feel the Charge upon your skin, allow for your emotional body to be *lifted* into the Charge of Light that knows the depths of Peace that the Elohim brought to you!

That, blessed ones, is why We come to you to address you, Teach you, Comfort you, but most importantly to Charge you with the Light and Momentum that will keep you all your days until the next cycle of our coming. And in the interim, you must be able to keep the Flame burning brightly! Not only for your own lifestream, but for those who know not how to call upon the Flame of God, such as the little ones cast aside by the world's callousness and hatred of the Christ! You must hold them in your consciousness and your Heart, as I, Omega, do. Knowing that there will surely come the time and opportunity for them to try once more, hopefully entering into one final incarnation that will carry them to their Victory.

That ultimate Victory is assured but how long will that take? For each incarnation is most carefully planned and laid out in accordance with the Mighty I AM Presence, the Karmic Board, and the consideration of certain karmas that must be balanced. You, blessed ones, know how to call upon the Violet Flame, the Mercy Flame, the Love Flame, the Ruby Fire to bring about the Momentum of God's Love to deal with all circumstances or karmas that will come to bear.

The Light of God is the Source of Life for one and all! When that is realized by the Many Sons and Many Daughters of God across the world, there will be a greater awareness of the Consciousness of their own Mighty I AM Presence. For that Light cannot be denied! Anyone who turns their attention toward God will automatically be in touch with their own Holy Christ Presence, Causal Body Presence, and Mighty I AM Presence, according to the ability for them to hold the conscious connection. The Charge of the Flame upon the Altar of their Heart elevating their consciousness and vibration will determine the outcome as to how much Light they receive.

It is our greatest Hope, for not just the near future, but for the foreseeable future that is to come for those who are yet to incarnate upon the Earth, that the Teachings that you have received freely from this Altar will become known far and wide and elevate the consciousness of mankind with the Flame of Illumination, the Will of God, the Love of God, and the Mother Light, so that the Golden Age shall come forth in the Fullness of the Desire of the Almighty, The One!

I, Omega, call upon the Ruby Fire Angels of Chamuel and Charity to sweep through the land, clearing away the debris by their very Presence and the Momentum of Fire from God's Heart. Following their Service let the Purity of the Mother Light be focused by the White Fire Angels depositing such an overwhelming Charge of the Mother Light that it will be known far and wide and received into the Heart Flames of the many! That they may know the Touch, the Consciousness, the very Vibration of the Mind of Omega and be elevated into the Divine Reverence and Holiness of Life as it streams forth from the Mighty I AM Presence.

Let this our Momentum carry all into a New Day, where the karma of past transgressions is transmuted and is no more, allowing for a greater Freedom, upliftment in consciousness and vibration, that allows for more of the Presence of the Mighty I AM to have influence in the life of the Sons and Daughters of God, thereby fulfilling their Fiery Destiny in achieving the Victory of the many incarnations that have come before!

You, blessed hearts, are blessed beyond measure! Do not take for granted what you have received! Hold dear every erg of energy, every momentum, every Teaching and Instruction so that the Consciousness of your own Mighty I AM Presence may abide where you are always! Know that I and my Beloved, as Alpha and Omega, will stand with you forever unto the Fullness of your Victory!

Beloved Chamuel and Charity! Beloved Purity! Send forth your Angels at my Command — Now!

I AM Your Cosmic Mother

Omega

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
